PREFACE.

The selection of a line of career is undoubtedly one of the most important questions one is ever called upon to consider. It is a great misfortune and ill luck when instead of making a careful and deliberate choice based upon a painstaking study of the aspirations and qualities within one's self and the opportunities around him, of a line of career, to be stumbled into a line whereby many make a sad ruin of the best within them and are destined to rot in shallow waters. Real success and happiness demand a perfect adjustment between the requirements of the line and the personal aptitudes and qualifications of the youngman.

The fitting in of a suitable career was never more important than it is to-day. Indian political and economic situations are undergoing constant and rapid changes. Government departments no more offer a fair chance to the youths of the country educated in pure Arts or Science. The need to-day is of an education that may offer some other source of living to a youth in case he does not get into a Government or private job. Solution to that lies in receiving expert training in technical and professional Sciences.

It is to serve the parents and the students to make a right and well considered choice of a suitable career of study in commercial and professional lines in India that the work in hand is attempted and it is expected that this publication would offer a wider range of selection of a line to a puzzled parent or a student, who sadly lack comprehensive literature on the subject.

The work has been attempted to serve another end also. It is generally noticed that brilliant students, capable for taking up any course are debarred on account of their financial stringency. In this volume special care has been taken to afford information about the various Indian and foreign post graduate diplomas in various professional lines such as N.D.A., N.D.D., I.D.D., A.M.I.E., A.M.I.B., L.R.C.P., F.R.C.S., D.P.H., D.O.Sc., G.D.A., L.C.C. etc., and also about Cambridge Local Examination, Oxford Local Examination, Physical Education, Library Science, Music, etc.

We hope this work along with other productions of the Forward Bureau on Foreign Studies, Government Services, Small-scale Industries etc., completes the full range of information desired by an Indian youth for making a selection of his career.

IMPORTANT AGRICULTURAL DIPLOMAS.

National Diploma in Agriculture.

In order to be eligible to sit for the National Agricultural Examination Board's Examination in Agriculture ("N. D. A.") a candidate must—

- (a) present a certificate from a recognised agricultural college that his attainments in the subjects of General Botany, Geology, General Chemistry, Physics and Mechanics, as attested by class and other examinations, are, in the opinion of the authorities of the College, such as to justify his admission to the Board's Examination ; or
- (b) produce evidence that he has passed the 1st B. Sc. or the Intermediate Examination in Science of a British University ; or
- (c) present a Senior Certificate obtained at the Local Examinations of the Universities of Oxford or Cambridge, and produce evidence that he has continued his study of science for at least a year, and has obtained a certificate in Subject 3 (a) Elementary Chemistry and Physics, (b) Botany of Group H of the Oxford Higher Local Examination, or in Subjects 1 (Elementary Chemistry and Physics), and 4 (Botany) of Group E of the Cambridge Higher Local Examination ; or
- (d) present an Intermediate Leaving Certificate

of the Scottish Education Department, and produce evidence that he has continued his studies for at least another year and has obtained the Higher Leaving Certificate in Science (including Chemistry and Botany).

In the case of students who satisfy the Board that they have not had the facilities for obtaining the foregoing certificates, the Board will be prepared to consider evidence of equivalent attainment. Applications under this rule must be lodged three months before the date of the Annual Examination.

Candidates will have the option of taking the whole of the following nine papers at one time, or of sitting for a group of any three, four or five in one year, and the remaining subjects (at one examination) within the next two years :—1. Practical Agriculture (First Paper). 2. Practical Agriculture (Second Paper). 3. Farm Machinery and Implements 4. Land Surveying and Farm Buildings. 5. Agricultural Chemistry. 6. Agricultural Botany 7 Agricultural Book keeping. 8. Agricultural Zoology 9. Veterinary Science*and Hygiene.

Before sitting for the Practical Agriculture and Farm Machinery papers, all candidates must produce evidence of possessing a practical knowledge of Agriculture obtained by residence on a farm for a period or periods (not more than two) covering a complete year of farming operations.

Fees . £6 6s

National Diploma in Dairying.

The Diploma granted by the National Dairy Examination Board in the Science and Practice of Dairying

("N. D. D.") is open to candidates who produce.—

- (1) A certificate testifying that he or she has received at least six session months' instruction (not necessarily continuous) in practical dairy work at an approved dairy training institution.
- (2) A certificate testifying that he or she has attended a Diploma Course in the subjects of the Examination covering *academic years* at an approved Dairy Training Institution and has satisfied the authorities of the Institution of his or her fitness for admission to the Examination. This period shall include six session months' instruction (consisting of not more than two periods) in practical dairy work.
- (3) Evidence that he or she has spent at least six months on an approved Dairy farm and taken part in the work. This period must not run concurrently with the six months' practical training referred to in subsection 2.

(An "approved Dairy Farm" is one on which not fewer than 15 cows are kept in daily milking.)

A candidate who has already taken a degree in Agriculture of a British University or a Diploma in Agriculture recognised by the National Dairy Examination Board, will be allowed to enter for the National Diploma in Dairy-ing Examination after one year's training at a recognised institution, providing that such course includes at least six months' training in practical dairy work, and that he or she has worked for at least six months on an approved Dairy Farm.

In the Examination a candidate will be required to satisfy the Examiners by means of written papers, practical work, and *viva voce*, that he or she has.—

- (1) A general knowledge of the Management of a Dairy Farm, including the rearing and feeding of Dairy Stock, the candidate being required to satisfy the Examiners that he or she has had a thorough training and practical experience in all the details of Dairy work as pursued on a farm.
- (2) A thorough acquaintance, both practical and scientific, with everything connected with the management of a Dairy, and the manufacture of Butter and Cheese.
- (3) A general knowledge of Dairy Factory Management, Dairy Hygiene, Dairy Engineering and Dairy Book-keeping.
- (4) Practical skill in Dairying, to be tested by the making of Butter and Cheese.

NOTE.—A candidate must be prepared to make any one of the following varieties of Hard Pressed Cheese, the Examiner in Cheesemaking having the option of saying during the Examination what variety a candidate shall make:—

At THE ENGLISH CENTRE —Cheddar, Cheshire or Derby.

At THE SCOTTISH CENTRE:—Cheddar, Dunlop or Cehshire.

Fees. £3 3s.

Further information can be obtained either through the

University Bureau or Local Advisory Committee in India and the Secretary, Office of the High Commissioner for India (Education Department), London, or direct from the Secretary, Royal Agricultural Society of England, 16, Bedford Square, London, W. C. 1.

NOTE:—The Examination for the National Diplomas in Agriculture and Dairying are not held anywhere in India. The Examination for the National Diploma in Agriculture is held in England, and the Examination for the National Diploma in Dairying is held at two Centres, one in England and one in Scotland.

The Examination Board do not recognise Education or training in India as qualifying candidates to sit for the examination.

The Board does not impart any education or training either by correspondence or otherwise. They are merely an Examining Body and not an instructing body.

National Diploma in Horticulture.

The Royal Horticultural Society (Vincent Square, London S. W. 1) holds the Examinations for this Diploma (N.D. Hort) in May and June in London and elsewhere. The preliminary examination is open to candidates who have received a sufficient general education, who are at least 21 years of age and have served at least 4 years in a public or a private garden or nursery, or taken a four years' course in an approved Horticultural institution or spent four years partly in the former and partly in the latter way. The final examination may be taken by candidates who have passed the preliminary examination and have been regularly employed in the practice of Horticul-

ture for not less than six years

Indian Diploma in Dairying.

(See vide page 13.)

Allahabad (Naini E. I. R.) — Allahabad Agricultural Institute.

The Agricultural Institute was founded in 1910 by the American Presbyterian Mission. By giving men both practical and theoretical training in modern methods of scientific agriculture and dairying as well as a thorough general knowledge of the sciences underlying these, it hopes to help India fight its problem of poverty.

The Intermediate Examination in Agriculture is given by the Board of High School and Intermediate Education of the U P. According to the Board's Regulations, "Every candidate for admission to the Intermediate Examination in Agriculture shall be required to have passed the Board's High School Examination, or an examination equivalent thereto, and to have, since the passing of this examination, prosecuted a regular course of study for not less than two academical years at an institution recognized by the Board." The Allahabad Agricultural Institute is recognized for this examination.

Numerous excellent opportunities lie before the student successfully completing this course. For the man with some land or capital, probably the best chance to earn a good living, and at the same time serve his country, is in actual farming. Government and native state service are attractive to many. In the United Provinces, men holding the Intermediate Diploma are eligible to the provincial agricultural service, but no grade has as yet been fixed for them. Men having passed a two-year course in the vernacular start in this service at Rs. 65 per mensem, and it is expected that

Intermediate students will be given a higher rating. There are also openings as teachers of agriculture, and as managers of large estates.

For those students who wish further study in agriculture there is the opportunity of continuing at the Cawnpore Agricultural College. The Intermediate Certificate in Agriculture is required for admission into the third year at that college. Only a limited number of students can be admitted, and preference is given to those from the United Provinces. After two years, such students are eligible for the examination leading to the Licentiate in Agriculture Diploma, which is considered equivalent to the bachelor's degree. Agriculture is not yet offered as a degree course by any university in the United Provinces, but is being considered by the Allahabad, Benares and Agra Universities.

Prospective students of the Agricultural Diploma course should apply by June 1.

Preference will be given to men of sound physical health and good character, and who have the zeal to perform the tasks assigned to them, and only such men will be retained. Preference is also given to those who have studied agriculture or science in high school.

Annual fees amount to Rs. 15; monthly fees Rs. 9 to 11 and annual deposits Rs. 18.

The total cost for fees and deposits, for a year of ten months, amounts to Rs. 123 to Rs. 148.

Registration is required in person, on July 9 by 4 p. m.

The cost of board varies from Rs. 10 to Rs. 30, in

the different messes. About Rs. 5 monthly should be allowed for laundry and incidentals. About Rs. 20 should be allowed for books and school supplies for the year. These figures are about the minimum. An examination fee of Rs. 25 is charged by the Board of High School and Intermediate Education for the final examination at the end of the second year.

Indian Dairy Diploma

The Government of India grants an Indian Dairy Diploma, along the lines of the British National Diploma in Dairying to persons who have completed a course of not less than two years' instruction at an institution recognized by the Government of India as capable of teaching up to the standard required for such a diploma. The Allahbad Agricultural Institute has been recognized to teach the prescribed course leading to this diploma.

At the close of the course an examination is held for those students who have satisfactorily completed the course of instruction and the Indian Dairy Diploma is awarded by the Imperial Institute of Animal Husbandry and Dairying to the successful candidates.

This is a two years' course with two months' vacation each year, May and June. The course commences in October each year. Students must be of good character, good health, and over seventeen years of age. The minimum educational qualifications necessary for admission are Matriculation or the School Final examinations, but in special cases the Principal has power to waive this condition.

Application should be made by September 15th on the prescribed form.

A yearly fee of Rs. 25 covers athletic, medical, library and laboratory fees. A tuition fee, including room rent, of Rs. 15 is charged each student for each month. No stipends are paid to students and all travelling expenses must be borne by the students themselves. Students are required to take trips to dairy farms as far distant as Karnal, Punjab, sometimes lasting two months, and to pay all expenses involved.

Farm Mechanics Apprentice Course.

This course was established by the Institute in order to provide training in the manufacture, repair and use of ordinary farm implements and machinery to boys with some mechanical ability who are unable to continue their general education. It is designed to prepare boys to earn a decent living and become useful members of rural communities. They should be able to make and keep in repair improved models of the common implements and do some general carpentry and iron work in the village. Along with this business there is the possibility of acting as agents for larger farm implements and machines, which they would be able to adjust and repair, thus removing one great objection to these on the part of the villagers.

There are no educational qualifications for admission, but preference is given to those who are able to read and write. They should be intelligent and of good moral character, and of sufficient health and strength to enable them to carry on the work involved. Preference is given to Christian boys, particularly those sent by missionaries.

Instruction is given by the apprentice method, the students doing whatever work is available in the shops and around the farm. The course lasts for three years, in which

time the students gain practical experience in wood and iron work, oil engines, and simple electrical work. In addition to this some instruction is given in classes, generally in the evening, and consists in elementary education for those who need it, and explanation of the theory involved in the practical work.

No fees are charged, and the students, in return for their work, are provided hostel accommodation and simple but ample food. After the first six months they may be given such additional pay as their work justifies.

Students are admitted in this course in July.

Bangalore:—Imperial Institute of Animal Husbandry & Dairying.

The Government of India have instituted, in connection with the working of the Imperial Institute of Animal Husbandry and Dairying at Bangalore, an Indian diploma in dairying on the lines of the British National Diploma in Dairying, to be granted to persons who have successfully completed a course of not less than two years' instruction at the institute recognised by the Imperial Institute as capable of teaching up to a standard for such diploma.

It is hoped that sooner or later Agricultural Colleges in India will possess the necessary staff and equipment and will be willing to train pupils for this diploma, but for the present the necessary course of instruction is given at the Imperial Institute of Animal Husbandry and Dairying, Bangalore, where selected pupils are taken. The course lasts for two years with two months' vacation each year, holiday period will be the months of April and May.

The course consists of practical and scientific training in the principles of cattle breeding, cattle feeding and management, Dairy farm management, Indian and Foreign breeds of Dairy cattle, stock judging, diseases of Dairy cattle, Dairy Farm buildings, milk production, handling and sale, butter and ghee manufacture, Dairy chemistry, Dairy bacteriology and Dairy farm book-keeping. Ample scope is available for practical and laboratory work at Bangalore.

Practical instruction are under the direction of the Imperial Dairy Expert and the scientific training are carried out under the control of Physiological Chemist to the Government of India.

Students must be of good character and over 17 years of age. The minimum educational qualification necessary for admission is Matriculation or the School Final Examination, but in special cases the Imperial Dairy Expert has power to waive the condition.

Applications for admission should be addressed to the Imperial Dairy Expert, Bangalore, to reach before the middle of July.

A tuition fee of Rs 15 is charged for each student for each month or part of a month, he is actually in residence at the Institute. Accommodation will be provided free of charge which pupils must avail themselves of. No stipends will be paid to students and all travelling expenses must be borne by students themselves.

At close of the course an examination is held for those students who have satisfactorily completed the courses of instruction and the Indian Diploma in dairying is

awarded by the Imperial Institute of Animal Husbandry and Dairying to the successful candidates.

The practical training of all students will take place at the *Imperial Institute Farms* at Bangalore, Karnal and at the Anand Creamery.

Bulandshahr:—Bulandshahr School of Agriculture.

The course is intended primarily for young men who wish to take up agriculture at the end of their school life. The course offers a training in practical agriculture designed to be of benefit to those having direct interest in the land.

Students who pass the two years' course of the school are eligible for admission to the Subordinate Agricultural Service on a commencing salary of Rs. 65 per mensem. They are eligible for promotion to the higher grades on passing the prescribed departmental examination. No guarantee of appointment is given to any student.

It is hoped that openings for passed students will occur in the court of wards, co-operative banks, Canal department, and on private estates. A demand is arising in the province for trained men with a knowledge of improved agricultural methods.

No educational qualification is demanded beyond ability to read and write vernacular fluently, but preference will be given to students who have passed the Vernacular Final and the Middle standard of an English high school or any higher examination and who can produce evidence that they intend to take up practical agriculture at the conclusion of the course.

The instruction will be mainly in the Vernacular but English will be taught.

The fee for instruction is Rs 3 per mensem payable in advance and entrance fee of Rs. 10

There are available 50 stipends of Rs 12 per mensem for both the first and second year students. Stipendiary students are also free scholars.

Students will be required to reside in the school boarding houses. There is no boarding house fee. They are provided with chairs, beds, tables, lamps, and utensils. A mess of convenient size is organized and students are advised to join it; the charge for the mess comes to about Rs. 10 per mensem plus Rs. 5 per mensem miscellaneous. There is suitable arrangement for hand bakers who have caste scruples to join the common mess.

Applications for admission to the school should be forwarded to the Principal, Bulandshahr School of Agriculture, from whom forms of application can be obtained. The session commences every year from the 1st January, so the application for admission should reach at least a month before the time of admission. Early application is advisable.

Students who do not belong to the United Provinces will have to pay Rs. 300 a year in addition to the school fees.

The institution has become the training centre in Agriculture for the town school teachers of the province from the 1st October, 1924, vide G O no 181/XV—639, dated the 27th June, 1923. The teachers deputed for training are nominated by district boards and selected by

the Director of Public Instruction; the training lasts for one year. Teachers under training are given an allowance of Rs. 12 per mensem per head over and above their grade pay. On the successful completion of the course, teachers who start agricultural classes in their schools will get their grade pay plus Rs. 10 per mensem as a permanent allowance for agricultural teaching. They will be eligible for all regular promotions in the service.

The Governing Body has instituted certificates for two short courses also of six months' and one year's duration each, the fieldman class, and the engine drivers and farm mechanics class.

Engine Driver and Farm Mechanics Class.

The course will last for one year. Applicants should be of 17 years of age, of good physique to work for eight hours daily in the workshop. No educational qualification will be required, but they must be literate. No fees will be charged, but they will have to make their own messing arrangements. Lodging will be free. At present only a limited number of students will be taken for training. There is a great opening of employment for such qualified men.

Fieldman Class.

The course will last from 1st of January to 1st of July each year. Applicants should be above 17 years of age, of good character, and of good physique. No educational qualifications will be required, but they must be literate. No fees will be charged, but they will have to make their own messing arrangements. Lodging will be free. The course will be entirely practical, and the

candidate will be called upon to do practical work daily for eight to ten hours. At the end of the course there will be a *vera voce* examination along with the practical tests. Marks will be given for the daily practical work also; candidates getting less than 60 per cent. marks in the daily practical work will not be eligible to appear at the Final examination

Cawnpur :— Government Agricultural College.

In 1927 the English course of 4 years' duration was divided into two parts, the first of two years, terminating in the Intermediate examination in Agriculture of the Board of High School and Intermediate Education. The second part of this course continued to lead to the diploma of Licentiate in Agriculture till July, 1930 when it was affiliated to the Agra University for the B Sc. (Ag) degree

Candidates seeking admission to the College for the Intermediate course must possess the High School Certificate or certificate of equivalent standing. Candidates who have passed the Intermediate examination of the Board of High School and Intermediate Education, United Provinces, or an examination equivalent thereto with Chemistry and Biology as optional subjects are eligible for direct admission to 2nd year of the Intermediate Course. For admission to the third year degree class candidates must have passed the Intermediate examination in Agriculture of the Board of High School and Intermediate Education or any other examination in Agriculture recognized by the Agra University as equivalent thereto

A maximum age-limit is only enforced in case of students desiring Government service. In such cases the

limit is 19 years except when the candidate is admitted direct to the third year class, in which case the limit is 21 years at the time of admission.

The production of a health certificate duly issued by an officer in charge of a civil station or a medical practitioner recognized by the Government will be enforced rigidly.

The following fees are payable by each candidate on admission—

	Rs.
College—Entrance fee 15
College—Monthly tuition fee 5
Students' Union—Entrance fee	10
Students' Union—Monthly fee	3
Caution money	10
Mess security ..	15

Fees will be charged for ten months during the year.

While no fee is charged for entry in the College annual examinations, a fee of Rs. 25 per student is charged by the Board of High School and Intermediate Education for their examination for the Intermediate diploma in Agriculture, and Rs. 40 per student by the Agra University for the B.Sc. (Ag.) Examination. Third year students have to pay Rs. 2 each for enrolment in the University.

A certain number of stipends, tenable for the whole course, are available which will be awarded by the Government Body in consideration of students' circumstances.

Merit scholarships, one of Rs. 16 and five of Rs. 8 per mensem tenable for one academic year only are awarded to the first and next five students respectively in each class on the results of the annual examination.

The first year class carries five merit scholarships of Rs. 8 each only, awarded on the result of first terminal examination.

The grant of a stipend carries with it remission of college fees only, including the admission fee. In the case of students granted remission of fee only without stipend the concession carries with it remission of the admission fee. Should a candidate be admitted to the college without stipend or remission of fees and at some subsequent date, his fees are remitted or he is granted a stipend; this concession will have no retrospective effect, that is, there will be no refund of fees.

Applications for admission will be received direct by the Principal or through the officer in charge of the Agricultural circle in which the applicant resides. Applications should be made on the prescribed form which can be obtained by applying to the Warden, Agricultural College, Cawnpore. Admission to the B.Sc (Agri) Degree and leaving certificate courses.

(a) The total number of students who can be admitted each year to the two courses is about 80. Of these 5 seats are reserved for Indian States and 9 for other provinces. The North West Frontier Province in the first place and Sindh in the second have prior claims on the places reserved for other provinces. If vacancies occur under any head, they may be filled by the Principal from among the applicants under other heads.

(b) The minimum qualification for admission is the

Matriculation examination of the Punjab University, the school final examination, the diploma of the Aitchison College, or any other examination considered equivalent to Matriculation such as the Senior Cambridge Examination Candidates for admission must be under 21 years of age on the 1st of May preceding the first term; but the Principal may for special reasons admit each year not more than 5 per cent of students who are above this age limit. Preference is given to applicants of Agricultural parentage. The Principal is, however, empowered to admit to the certificate course a candidate who is not a matriculate if his knowledge is considered to be sufficient to enable him to assimilate the College training.

(c) Students wishing to join either the degree or leaving certificate course should send their applications on the prescribed form through the Deputy Commissioner of their district to the Principal not later than May 20th in each year. Forms of application can be obtained from the Principal. Applications for admission from Indian States should come through the Darbars or through Political Agents, and applications from other provinces through the Chief Revenue Officer of the province concerned.

(d) When the number of candidates for admission exceeds the number of vacancies, the Principal will make a selection of candidates suitable for admission. He may at his discretion hold a qualifying examination among such candidates. It will be held in the following subjects —

- (1) English (essay or dictation or both)
- (2) Arithmetic or Geometry.
- (3) Elementary Physics or Chemistry.

(4) A *viva voce* examination.

It will occupy one day as a rule, and will be written or oral at the discretion of the Principal.

(e) The College opens on 20th July and students joining after that date will be fined at least one rupee for each day of absence. No student will be admitted to a new class who does not join within 7 days of the opening of the College. The Principal may, however, grant exemption in special cases.

(f) Second year passed and failed students and IV year failed students of the Punjab Agricultural College intending to rejoin the College are required to join within a fortnight after the publication of their results by the Punjab University.

Session begins on 20th July

This scholarship is payable quarterly in advance in the same way as the tuition fees.

(e) *University scholarships*.—University scholarships are tenable at the Punjab Agricultural College

(f) *MacLAGAN JAT scholarship*.—The MacLAGAN JAT scholarship, of Rs. 20 per mensem, founded by the Managing Committee of the Jat Heroes' Memorial High School, Rohtak, will be awarded by that Committee to a Jat ex-student of that school studying in the Punjab Agricultural College, Lyallpur.

(g) *District Board scholarships*.—A number of District Boards of the Punjab award scholarships to deserving students of the Agricultural College, coming from their districts

(h) *Private scholarships*.—When other scholarships are given by private persons for competition, the Principal will examine the candidates and award them. When a student is nominated to a scholarship without competition, it is desirable that he should be up to the general standard of other scholars, or, at all events, that he should possess more than average ability and knowledge. In a case of this kind, the Principal will be prepared, if necessary, to

examine a nominee at the annual scholarship examination and to report on his suitability

(i) *Research scholarship for the study of agriculture in India*—A research scholarship of the value of Rs. 200 per annum, tenable for two years, will be awarded annually for post-graduate study to a student of the Punjab Agricultural College holding the B. Sc Degree in agriculture, provided a sufficiently promising candidate is forthcoming. This scholarship will carry with it free tuition in one of the Indian Agricultural Colleges or research institutes and travelling allowance as shown below —

- (i) For the original journey to and from the place of training at tour rates.
- (ii) Daily allowance for the first ten days.
- (iii) For journeys performed in connection with the training and certified as to being necessary by the head of the Research Institute at tour rates.

(j) *Research scholarship for the study of agriculture in foreign countries*—The Punjab Government, with the sanction of the Secretary of State for India, has decided to allot one State research scholarship annually to enable natives of the Punjab to pursue a course of research studies in a special branch of agriculture in Europe, America, Africa, Australia or Japan.

The value of the scholarship has been fixed at £250 a year tenable for two years, in addition to second class passage from India to the destination and back to India, and travelling expenses at second class rates or at third class rates if second class accommodation is not available: all other charges including tuition fees being met by the student from his scholarship.

The scholarship is tenable in Europe, America, Africa, Australia, or Japan, and is payable from the date of the scholar's arrival in the country selected for study.

The scholarship is tenable by a person, who is a native of the Punjab excluding the State. A competent knowledge of English or of the language of the country selected for study will be expected. No age limit has been fixed, but Government may limit the age in particular cases.

Candidates will be required to submit certificates of good moral character and physical fitness.

The scholarship shall be held by a student who had passed the B. Sc examination in agriculture and had carried out the research work for which the research scholarship of Rs 900 per annum above-mentioned is provided or by a student who had done an equivalent amount of post-graduate research work in agriculture, or has taken the M.Sc Degree in agriculture. No candidate possessing any of the above qualifications will have a prospective title to the foreign research scholarship.

The scholar, while in England or elsewhere will be under the control of the Secretary of State. Progress reports will be required from time to time, and when these are unsatisfactory the scholar may be required to return to the Punjab at his own expense.

On the completion of his scholarship the scholar shall be under obligation to serve the Punjab Government for a period of 5 years at the rate of pay in force for the Provincial Agricultural Service for the time being, provided that within a year of the completion of the course of studies for which the scholarship was awarded he is called upon to

do so. In the case of failure to comply he shall refund the amount of the scholarship received by him.

The retention of all scholarships is conditional on continued diligence and good conduct.

There is a large number of Medals and prizes available

Prospects of Successful Students

(a) The leaving certificate at the end of the two years' course qualifies a man for appointment to the B. Division of agricultural assistants in Agricultural Department.

The Irrigation Department has guaranteed a minimum of two appointments a year as *zaildars* to men who have the leaving certificate of the Lyallpur Agricultural College. For detailed rules reference may be made to Irrigation Branch Notification No. 2217 E. I., of 6th May 1916.

Men who have successfully passed through this two years' course will be qualified to farm land by modern methods and, after some further practical experience, to work as managers of large estates held by big landlords and court of wards from whom a good demand has of late sprung up.

(b) The Degree of B. Sc. in Agriculture qualifies the holder for employment in the Provincial Agricultural Service and the A Division of agricultural assistants, also in other executive branches of Government service at the revenue and irrigation branches.

(c) A demand for men with a training in modern agricultural methods has of late come from the Military Dairy Department, Education Department, and other openings are gradually presenting themselves.

Six Months' Vernacular Courses.

There are courses given entirely in vernacular of practical agriculture suitable for Agriculturist's sons Mukhtars, Munshis etc, who have passed the Upper Primary School.

The summer course runs from 1st April to 30th September and the winter course from 1st October to 31st March of the following year. A further training, especially in the interculture of cotton and maize will be given if required.

About 25 students may take these courses each time. Boys between 16 and 20 years of age, whose fathers are actual cultivators, will be preferred. All applications for admission should be made on a form to be obtained from the Principal of the Agricultural College and should reach him by March 1st and September 1st.

There are at present no fees. Tuition and lodgings are given free, but students have to bear their own food and other expenses, which ordinarily do not exceed Rs 10 per month.

To assist poor and deserving students to pay their own expenses six Government stipends each of the value of Rs 7 per mensem may be awarded during each course by the Principal.

One scholarship of Rs 5 per mensem, tenable for six months, has been given by Khan Bahadur Sh Raiz Hussain of Multan to be held by a resident of the Multan district attending the course.

A number of scholarships of the value of about Rs 10 each tenable for six months are awarded by District Boards

and private individuals for students taking this course.

Note.—Similar courses are given simultaneously at the Gurdaspur and Hansi farms, they are particularly suited to students wishing to study barani cultivation. Enquiries regarding them should be addressed to the Deputy Directors of Agriculture, Gurdaspur and Hansi, respectively.

Teacher's Training Course.

This course provides the Education Department with senior vernacular certificated teachers trained in agriculture to teach agriculture in vernacular middle schools, the object being to accelerate agriculture[®] progress among the rural classes by introducing a knowledge of agricultural science to students in rural schools at an early stage of life.

This course starts on July 20th and ends on May 21st of the following calendar year.

Selection for admission is made by Inspectors of Schools of the Punjab for their respective divisions under the order of Director of Public Instruction.

The course is free, any expenses incurred being borne by the Education Department.

Prospects of successful students—After finishing the course the trained teachers go back to their respective divisions for employment, and are entitled to a special allowance of Rs 10 to Rs 15 per mensem in addition to their own salary.

Rural Economy Course

This is a one-month course for Government officials nominated by various departments. It is usually attended

by Assistant Commissioners, Extra Assistant Commissioners, Zilladrs and other Canal Officers, Co-operative Department Inspectors, etc. The object of the course is to show officers something of scientific agriculture, and of what the Agricultural Department is doing, so that they may be able to direct farmers where they should apply for help when in a particular difficulty, also that they may be able to assist the staff of the Agricultural Department with their provincial work should they require their help.

Lohar Class

An instructional course is held annually in oil engine driving and running repairs of modern implements. The course is generally of six weeks duration but can be extended if necessary to two months. As far as arrangements for lodging and boarding are made but the expenses for food, etc., are borne by the students. The expenses are not expected to exceed Rs. 10 per mensem. No fee is charged.

The total expenses per month inclusive of College fees for degree and leaving certificate students living in the College, are about Rs. 40 to Rs. 45 for first and second year, and about Rs. 45 to Rs. 60 for third and fourth year.

For vernacular class students the total expenses do not ordinarily exceed Rs. 9 or Rs. 10 per month.

Students can earn some money in the College by working on the farm in their spare time, for which a rate of two to three annas per hour is paid. Detailed information may be had from the Principal.

The subject of Agriculture, as given under F. Sc., at the *Khalsa College, Amritsar*, is mainly designed for those

students who cannot specialize in Agriculture by going to Lyallpur for higher study, but are at the same time desirous of getting a general knowledge of the subject and intend to join the B. A or B Sc. class latter on.

The F. E. A., on the other hand, is meant for those students who wish to specialize in Agriculture and go to Lyallpur for higher study. The class was started in 1923 and was affiliated to the Panjab University the same year. The subjects taught are same as at the Lyallpur Agricultural College. The course extends to two years and only matrics are admitted to this course.

Tuition fee is Rs. 7 p m. Admission takes place on the 14th day after the publication of Matriculation Examination results. Hostel arrangement exists. Many scholarships are available.

Nagpur : - College of Agriculture.

The courses of training given at this College are.—

- (1) The University or Degree Course.
- (2) The Certificate or Short Course

These two courses are entirely separate. The first, as a result of affiliation with Nagpur University from July 1925, requires the preliminary educational qualifications demanded by the University for admittance (Matriculation or an equivalent) and gives to successful students at the completion of four years a University degree. The second is not associated with the University, 'but is a two years' Agricultural course designed essentially for the sons of agriculturists in the Central provinces and Berar, who do

not aspire to a University degree but desire a sound and practical course of modern agriculture.

In addition to the above, the College is in a position to give short Dairy Courses to those who require a sound practical training in modern dairying and stock management.

The Certificate Course

This is a pure Agricultural Course with the minimum of Science and such, as is given, is of a simple and popular order. In addition to Agriculture, Horticulture and Animal Husbandry, students are given instruction in Mathematics as applied to farm requirements, Simple Building Constructions, Survey and Levelling, Machinery, Carpentry and Blacksmithy, and English. Throughout the practical side of study is kept well to the fore.

The course extends over two years (about 20 months of study), and a student who has completed the same and done his work while at the College will depart with a sound practical knowledge and training in modern Agriculture. This course is intended in primis for agriculturists of the Central Provinces and Berar only. The number admitted will be limited, and preference will be given to the sons of malguzars with home-farms, sons of bigger cultivators and those recommended by Deputy Directors of Agriculture. No one whose father is not an agriculturist or not closely associated with land need apply for this course. If any such wish for special reasons to be admitted to this course they must be men who have acquired the qualification for admission to the College in the Degree course.

The entrance standard of students taking the two-

year course and fulfilling the conditions above will be approximately that of a third division pass in the High School Certificate examination, but they must show that they have sufficient knowledge of English and simple mathematics, principally arithmetic, by passing the College entrance examination.

Applications for consideration for admittance into this course must be received by the Principal by the 20th June at the latest.

The entrance examination will be held on the last Wednesday of June and will also include a physical test on the farm. Students who, having received permission to sit for this examination, fail to appear in time will forfeit any claim for consideration.

Application forms are issued with the Prospectus or must take the form outlined under the Degree Course. Every application must be accompanied by an application registration fee of Re. 1.

Applicants must be between 17 and 22 years of age.

The Degree Course

This is a full course of agriculture together with its associated science extending over four years. The syllabus covered for the Intermediate examination at the end of two years and that for the final at the end of four years is laid down in detail in the University courses of study. Fitness for promotion from the first year to the second and from the third year to the fourth is decided by the College on the character of a student's work and ability. Promotion to the third year depends (*a*) on the Principal's decision that the student, as indicated by his practical ability and his

inter-term examinations, is fit to appear for examination by the University, (b) on his passing this examination in accordance with the requirements of the University, (c) absence from any or the examinations under (a) above will constitute failure in the particular examination.

The College is open to accept candidates for admission to this course in particular from the Central Provinces and Berar, Rajputana, Hyderabad and the adjoining States of Central India and the Feudatory States of the Central Provinces. Candidates from the Central Provinces and Berar will receive prior consideration.

(i) The minimum educational qualifications ordinarily accepted for consideration is that of a Second Division Pass in the High School Certificate Examination of the Central Provinces

(ii) Special preference will be given to applicants with direct agricultural connections

(iii) Candidates from territories other than the Central Provinces and Berar will be admitted to the Degree course, if qualified therefor and if vacancies permit

(iv) External candidates from provinces provided with an Agricultural College cannot be considered

Applicants must be between the ages of 16 and 22 years. Older applicants will only be admitted for very special reasons. The Principal will select candidates provisionally after receipt of the above written applications, but candidates will not be accepted finally till after they have interviewed the Principal and have been passed by him as physically fit and having ability for practical farm work. Students who fail to appear for interview and exami-

nation on the day on which directed to do so on their provisional acceptance form, lose any claim for consideration

Any student, who after final acceptance by the Principal shall fail to pay in the fees required by the College shall render himself disqualified for enrolment

The College courses extend from the 1st June to about the end of October and from about the middle of November to the 31st March

First year students will not begin classes before the 1st July

6520

Applications for admission to the Degree course must be in the hands of the Principal by not later than the 15th of June in the case of would be students from outside the Central Provinces and Berar. Applications will be considered and put on record before the notification of matriculation or other qualifying examination results. Applicants may be selected from among these and granted provisional acceptance dependant on their passing the examination of which the results are awaited, at a standard to be notified. It is thus not necessary for a candidate to wait till he has heard whether he has passed before submitting an application for consideration.

Any applicant who is an enrolled student of a recognized University must provide a migration certificate from that University before he can be accepted as a student of Nagpur University.

Instruction in Dairying

Instruction in dairying is given principally for men who already have some interest in dairy farming and re-

quire additional instruction of a practical character in modern methods, or for the sons of land-owners and others who, having qualified for the agricultural certificate, require a short course in the care and management of live-stock in general, and dairy animals in particular and elementary dairy technique. The main course will extend from November to April, thus covering a session of the year when milk stocks are plentiful and when work can be done under cold and hot weather conditions. There is also a short course in the months of April, May and June.

The course is practical, but is supported by a number of lectures and laboratory experiments. The dairy is exceptionally well equipped for its work.

Application to join the courses must be made to the Principal.

The first year classes begin on the 1st July.

A fee of Rs. 90 per annum will be charged for each bona fide student from the Central Provinces and Berar.

There will be 35 free studentships. These will be awarded at the direction of the Principal, to bona fide students of the Central Provinces and Berar and who are the sons of practising agriculturists. A fee of Rs. 180 per annum will be charged to students from other areas taking the Degree or Certificate course at the College. In cases in which students are sent for training by other local Governments or States, these will be expected to contribute Rs. 360 per annum per student under training towards the upkeep and maintenance of the Central Provinces and Berar Agricultural College.

Students taking the dairy course who are not

residents of the Central Provinces and Berar will pay a fee of Rs. 40 for the long course, Rs. 20 for the short or hot weather course

Sixteen scholarships of the monthly value of Rs 12 (for students resident in the hostel) are granted by the Department of Agriculture to accepted candidates from the Central Provinces and Berar in Part I (Degree and Certificate); eight scholarships of the value of Rs 15 per mensem will be given by the Agricultural Department in Part II (Degree course). All stipends are provided on the understanding that the holders on completion of their courses intend to accept employment in the agricultural service, if required by the department. These will be given to students of the Central Provinces and Berar and the position and work of the student in Part I will be used as a guide in awarding the same. The Society of Agriculture and Industries, Central Provinces, has also given two scholarships of Rs 120 per annum to be held at the College and awarded at the discretion of the Principal on the lines of those given by the Department of Agriculture. There is the Makrai scholarship (Frazer scholarship) of Rs 13 per mensem open to students from that State or from the Hoshangabad district. Sons of bona fide agriculturists will be considered to have the first claim. Eight scholarships in part II will be given only to these and no others. Five of the 16 scholarships in Part I are reserved for the Certificate course.

A student who secures the certificate of the College will be eligible for consideration for appointment to the Lower Subordinate Service on probation on a salary of Rs. 50 per mensem provided such appointments are being made.

Students who secure the Degree are eligible for appointment in the same service on Rs. 70 per mensem. Direct recruitment for the Upper Subordinate Service from the College will be made by selection, only of the best of the successful candidates of the year, provided that vacancies exist, after the claims of men already in the service, who have proved efficient and given satisfaction, have been considered.

A graduate, after joining the service, will be eligible for selection for the Upper Subordinate and the Provincial Service, provided he shows himself to be efficient.

The following is the existing Agricultural Service cadre —

Lower Subordinate,

A probationary period of two years on Rs. 50 per mensem, thereafter Rs. 55—5—150 with efficiency bars at Rs. 75 and Rs. 100. Graduates appointed will serve their probationary period at Rs. 70.

Upper Subordinate

A probationary period on Rs. 80 per mensem, if directly appointed, and thereafter Rs. 85—5—150—10—250 with efficiency bars at Rs. 125 and Rs. 150.

Provincial Service

This is open to graduates, selected from the services mentioned above and the scale of pay is, Rs. 200—750 with efficiency bar at Rs. 550.

Students who have passed through the first two years of the course and receive the certificate of the same will be also eligible for appointment to posts on Court of

Wards estates and agricultural work in co-operative credit societies and unions.

Students who have passed the Degree course, if not required in the Agricultural Service, which has the first claim on such men among the scholarship holders as intend taking Government service, are eligible for posts of similar grading in other services for which their training renders them suitable. A good man may at times be nominated to a post-graduate course at Poona.

Poona — College of Agriculture.

The aims of this Institution are —

- (1) To give a liberal education to men who will be employed on the land in any capacity
- (2) To carry out research in agriculture, and in all sciences connected therewith in so far as they have a bearing on agriculture.
- (3) To be a centre of agricultural information for the public and of agricultural propaganda.

Qualifications for admission are. —

A certificate with marks from the Principal of an Arts college affiliated to the Bombay University that the student has carried out satisfactorily the work prescribed for the first year of the University course.

or

The passing of an examination of some University which examination and University are recognised by the Bombay University as admitting to the course. Details concerning this can be had from the Registrar, University of Bombay. Generally speaking, the passing of the Intermediate Arts

or Science examination of another Indian University will admit to the College for the Degree course.

There are two terms per session and the course consists of three sessions. The terms are annually :—

First Term, 10th June to 30th September.

Second Term, 1st November to 20th February.

All students who come from outside the Bombay Presidency and have not passed Matriculation Examination of the University of Bombay must pay a fee of Rs 20 to the Registrar of the University of Bombay for an eligibility certificate for admission to the Degree Course of the College.

All fees must be paid before 30th June for the first term and 20th November for the second term.

Application for admission should be made before 20th May every year in order that adequate arrangements may be made for incoming students.

A sum of Rs 5 should be sent with the application as caution money which will be credited towards the student's fee if he joins the college, but will not be returned to him.

if he fails to do so. Caution money is refunded if there is no vacancy.

The number of students to be admitted annually is limited to 75.

Students from other provinces are admitted if there are vacancies after demands of the Bombay Presidency have been met.

The Hostel proper can accommodate 124 men and there is barrack accommodation for 39. Messing is managed by the students forming clubs. The monthly expenditure comes to from Rs. 25 to Rs. 30.

Students whose preliminary qualifications do not exactly meet the demands of the Bombay University, but who have a standard of education equal to the First Year Arts examination of the Bombay University are admitted for the College Diploma course. This is the same as the Degree Course with the exception that the examinations are conducted by the College and not by the University. The successful candidates receive the College Diploma instead of the University Degree. The fees are the same as for the Degree course. Generally Bombay men are not admitted to this course.

A limited number of students are taken for a training of one year in practical agriculture and its underlying sciences. This course is admirably suited for young land-holders who do not desire a long course. The fees for the year are the same as for the Degree course. Instruction is given in English.

Except in cases specially exempted by the Principal, all applicants for the short course of the Poona Agricultural

College will be required to undergo a test in English composition and dictation, and admission to the course is dependent on their passing this test. This test will be held usually on the opening date of the College.

Men taking any course in this College should be under no illusions as to their prospects. The posts available under Government in the Agricultural Service are strictly limited. Men who take this course should do so with the means and intention of taking up private farming, serving under private owners, companies or boards which have the administration of lands, taking up the teaching of agriculture or any of the sciences connected with it, or similar activities. As a means of all round culture the course is to be recommended, offering a thorough scientific training, a healthy out-door life, training the use of the hands and the management of implements, machinery and animals. The College is noted for its sporting spirit, athletics and games being well patronised and several of its students and staff being members of the University Training Corps, Indian Territorial Force.

With a view to encourage the study of scientific Agriculture preferably among land-holding and agricultural classes, Government have sanctioned fifteen scholarships. The scholarships will be awarded on the following conditions -

Fifteen scholarships of the value of Rs 15 each, tenable for three years, will be awarded annually. The holders of these scholarships are entitled to receive free instruction at the Agricultural College but not free quarters.

Scholars will be selected by the Director of Agriculture in consultation with the Principal of the Agricultural

College from candidates belonging to the Presidency proper, excluding Sind and Indian States, and recommended by the Collectors of their districts to whom the applications for scholarship should be addressed.

The candidates must be prepared to take the whole course and work for the B Ag examination of the Bombay University.

Candidates must produce certificates with marks signed by the Principal of an affiliated Arts College, to the effect that they have satisfactorily carried out at such college the work appointed by the University for the First year after Matriculation or must have passed an examination recognized by the University of Bombay as equivalent thereto.

In selecting candidates for these scholarships, preference will be given to the sons of agriculturists whose means are too inadequate to spend for the college education and in the order of their educational merit in the First year in Arts examination. Good physique is desired.

Slackness in attendance at practical instruction and classes or failure at any of the examinations or any serious breach of discipline will render the scholars liable to forfeiture of their scholarships and free studentships.

Pusa :—Imperial Institute of Agricultural Research.

The position which the Pusa Imperial Research Institute is intended to occupy in relation to the Provincial Agricultural Colleges is that of a higher teaching institution. Its main object is to enable students, by means of post-graduate courses of the higher possible standard to qualify for the best appointments in the special branches.

of agricultural science not only in India, but in the neighbouring colonies. Facilities similar to those available to European students is afforded to Indians who wish to qualify themselves for superior posts to enter the Indian Agricultural Department. These specialised courses commence from 1st November. At present twelve students are admitted *viz.* 3 in Agricultural Chemistry, 2 in Mycology, 2 in Entomology, 3 in Agricultural Bacteriology and 2 in Botany.

Distinguished graduates of Indian Universities or Agricultural Colleges, students who have undergone training in Agriculture and its allied branches in either British Universities or in one of the recognised Agricultural Colleges and selected officers of Provincial Agricultural Service provided they are fully qualified to take advantage of the courses and are recommended by the Government of the Province in which they may be serving are eligible for admission to the specialised courses. Preference will be given to those who have passed with distinction through the course of Provincial Agricultural College and are recommended by their local Governments and to Graduates in Science from an Indian University who have subsequent to taking their degree spent at least one year at an Agriculture College and who are recommended by the Director of Agriculture of the Province as likely to profit by the course to be given there.

The maximum age limit is 25 years and the minimum 21, but the Director has the right to waive the limit in special cases.

Intending students should apply on the form prescribed to the Director, Imperial Institute of Agricultural Re-

search, Pusa, on or before the 1st of October. The selected candidates will have to appear at their own expense before a Selection Committee at Pusa for final selection.

A tuition fee of Rs. 25 per month will be charged from each student. Furnished rooms in the hostel will be provided for accommodation, but the students will have to make their own arrangements for meals. Separate kitchen will be provided, if necessary, for different castes and religions. Expenses of living at Pusa will not exceed Rs. 40 per head monthly. In addition to the fee, a sum of Rs. 15 to Rs. 3 will be required for the purchase of books.

The training in each branch will last for two years. Attention will be given more to the association of post graduate students with research work in progress than to the institution of any hard and fast course of instruction.

The students after successfully undergoing the complete course of training will be eligible for appointment to the superior posts in the Agricultural Service but Government does not guarantee any post to successful candidates.

No stipends are given to students undergoing the course.

Poultry Raising

The Government Poultry Expert, Gurdaspur takes up some educated students every year during February for a training for 2—3 weeks in practical Poultry Raising. No guarantee of employment is offered to students, but a certificate is given to each student who satisfactorily carries out

the work set during the course. No fees are charged, students have to make their arrangements for board and lodging and training is given both in English and Urdu. The student leaves the class with a knowledge of the bare out lines of the work sufficient to prevent him from making any big mistakes when starting poultry keeping on his account.

U. P. Poultry Association Farm, Lucknow

(See *vide page 31*)

The Union Training College, Ahmadnagar teaches simple Agriculture and Poultry Raising to students. V. F. are admitted to Upper Classes; for lower class, Vernacular V Standard is required. The two terms are June to December and January to April. Expenses come to Rs. 11 p.m. There is a hostel accommodating about 75 students.

Other institutions where a training in poultry raising is provided are:—

Secondary Agricultural School, Dacca; Vishwabharti Institute of Rural Reconstruction, Sriniketan, P O Sarul Bolpur, Bengal.

Nursery and Fruit Culture.

Practical training in Nursery operations can be had in any Government garden throughout India, such as:—

Lawrence Gardens, Lahore, (students accepted for 2 years course for *Mali* and *Chaudri* classes. Middle Standard and Middle pass are the qualifications for admission to the two courses respectively. All are given stipend of Rs. 8 p.m.)

Punjab Agricultural College, Lyallpur.

For the benefit of the public in general and fruit growers in particular the Agricultural Department holds short courses at the Punjab Agricultural College, Lyallpur, viz.—

Fruit Culture Course—A two week's course is given in the month of February every year. This course deals with such phases of fruit gardening as selection of trees from the nursery, suitability of soils for various fruit trees, laying out gardens, manuring, irrigation, cultivation intercropping, pruning, packing of fruits, control of insect pests and diseases etc. Considerable practice is also given in the nursery in the production of nursery plants by budding, grafting, cutting and layering etc. About 25 students are admitted. Preference is given to those who are actually engaged in fruit growing or intend to lay out a garden.

The medium of instruction may be Vernacular or English according to the education of the applicants.

Fruit and Vegetable Preservation. A two weeks' course is given in the month of July every year. This course deals with preservation (both canning and bottling) of summer fruits such as peaches, plums, apricots, grapes, mangoes and summer vegetables that may be available at that time, manufacture of various products such as jams, jellies, marmalades, vinegar, preserve, juices, and syrups of chutneys, grapes, lemons, etc., crystallizing fruits, drying of fruits and vegetables both in the sunshine and by the use of an artificial drier. Students are required to do the work with their own hands. The medium of instruction is ordinarily English. The minimum qualification for admission

of candidates is the Matriculation Examination. About 15 students can be admitted each year.

Course of 10 days in fruit Preservation in February

During the July course students are not able to get training in the preservation of winter vegetables and the manufacture of citrus products, so this is offered in the month of February each year. This course deals with preservation and drying of winter vegetable like peas, green gram cauliflower; making of pickles, tomato sauce, marmalade from malta, khatta, santra, preserving lemon juices, candying of fruit etc. This course is intended for those who have been at the July course but if accommodation is available admission is open to new students also.

No tuition fee is charged for these courses. Students have to make their own lodging arrangements. The exact dates when these courses begin are advertised in important news papers.

Applications for admission should be addressed to the Principal, Punjab Agricultural College, Lyallpur.

Agri-Horticulture Society, Calcutta is the leading Nursery in Bengal.

Bombay has the Poona Gardens and the firm of the P P Pocha.

Government Botanical Gardens, Saharanpore and Government Horticulture Gardens, Lucknow, accept candidates for training in Nursery.

Institute of Plant Industry, Indore, C. I. is also a good Nursery.

Chartered Accountants of Scotland.

There are three Societies of Chartered Accountants in Scotland, *viz.*—

The Society of Accountants in Edinburgh,

The Institute of Accountants and Actuaries in Glasgow; and.

The Society of Accountants in Aberdeen

All these Societies are incorporated by Royal Charter, and the Members are entitled to style themselves "Chartered Accountants" and to use the letters "C.A." after their names.

Admission can only be obtained after serving an apprenticeship with a Scottish Chartered Accountant, and passing the Examinations which are conducted by the General Examining Board of the Chartered Accountants of Scotland on behalf of the Societies. The ordinary term of apprenticeship to be served is five years, and the apprentice must be at least 17 years, of age before beginning his service. Graduates of a University in the United Kingdom are only required to serve an apprenticeship of three years. An apprentice must serve his apprenticeship with a Member of the Society to which he intends to apply for admission. Every Indenture submitted for Registration must, before Registration, receive the approval of the Council of the Society concerned.

While the Examinations required to qualify for Membership of each of the Societies are the same, the financial terms upon which Membership can be obtained differ to some extent. Particulars of these terms can be obtained from the Secretaries of the Societies.

The Examinations conducted by the General Examining Board of the Chartered Accountants of Scotland are usually held in the months of May and December.

PRELIMINARY QUALIFICATION

The qualification must be obtained either before the commencement of the apprenticeship or within six months thereafter, and consists in passes in English, in a language other than English, in Mathematics and in one other subject at the Preliminary Examination for Graduation in Arts now conducted by the Scottish Universities Entrance Board; the passes must be on the Higher Standard except in the cases of Latin or Greek in which the Lower Standard will be accepted. The Examinations are held at the various Scottish Universities in the months of March and September.

In addition, when the Entrance Board accepts lower passed at any Examination as exempting from Lower Latin or Lower Greek, lower passes in Modern Languages at the Examinations will be accepted, as will also lower passes for the fourth subject.

Passes in certain other Examinations are accepted in lieu of the above qualification. Full particulars of these can be had in the Syllabus issued by the General Examining Board, but the following may be mentioned —

- (1) A Degree of any University in the United Kingdom
- (2) The following passes in the School Certificate Examination of the University of Cambridge
 - (a) A pass with credit in English along with either a pass in History of England (or History of

the British Empire) or a pass in Geography

(b) A pass with credit in More Advanced Mathematics, Paper I.

(c) A pass with credit in Latin, or Greek, or French, or German.

(d) A pass with credit in any other subject or in a second language other than English

The Indian Institute of Bankers.

(Bombay)

THE principal objects for which the Institute is established are.—

To support and protect the character, status, and interest of persons engaged in or connected with the business of banking generally and particularly of persons engaged in or connected with the business of banking in India.

To consider all questions affecting the interests of bankers and of persons engaged in or connected with the business of banking, and to initiate and watch over, and, if necessary, to petition Parliament or the Government of India or any Local Government or promote deputations in relation to general measures affecting the business of banking or persons connected therewith, and to procure changes of law or practice.

To encourage the study of the theory of banking and for that purpose to institute a scheme of examinations and to give certificates, scholarships and prizes.

To promote information on banking and kindred subjects by lectures, discussions, books and correspondence with public bodies and individuals

To collect and circulate statistics, and other information, relating to the business of banking in India

To acquire by purchase, donation or otherwise and to maintain, extend and improve a library consisting of works on banking, commerce, finance, political economy, and kindred subjects

To provide means of social intercourse between persons engaged in or connected with the business of banking in India

To co-operate with any other association whose objects are similar to those of the Institute, and to procure from and communicate to any such association such information as be likely to forward the objects of the Institute.

To enter into any arrangements with governments or local bodies for the purpose of obtaining any rights, privileges and concessions which the Institute may think it desirable to obtain

To establish and support or aid in the establishment and support of associations, institutions, funds, trusts and conveniences calculated to benefit persons connected with the business of banking in India.

To print and publish newspapers, periodicals, books, brochures or leaflets that the Institute may think advisable.

To undertake and execute gratuitously any trusts or any agency business which may seem directly or indirectly conducive to any of the objects of the Institute.

To do all such other things as may be deemed incidental or conducive to the attainment of the above objects or any of them.

Every member of the Institute undertakes to contribute to the assets of the Institute, in the event of the same being wound up during the time that he is a member, or within one year afterwards, for payment of the debts and liabilities of the Institute contracted before the time at which he ceases to be a member, and of the costs, charges, and expenses of winding up the same, and for the adjustment of the rights of the contributories amongst themselves, such amount as may be required not exceeding one rupee.

Associate Examination.—This examination, which is held in the Spring of each year, is open only to Members of the Institute. Any Member who completes the examination will be entitled to the Associate Certificate and so long as his name remains on the Register of Certificated Associates to add to his name or signature the letters "Cert. A. I. I. B."

The following prizes will be awarded annually subject to the discretion of the Council in connection with the Associate Examination.—

THE SIR NORMAN MURRAY PRIZE founded by Sir Norman Murry, late Managing Governor of the Imperial Bank of India (being the interest on 5 per cent. 1945-55 Government Loan for Rs. 3,000)

Instructions to Candidates for the Government Diploma in Accountancy

Regulation No 2 —

Bombay, Madras, Calcutta, Allahabad and Rangoon, have at present been selected as centres for the examination, (The question of Karachi centre is under the consideration of Government)

Regulation No 4 —

(A) *Examinations equivalent to Matriculation —* Examination recognized by an Indian University as equivalent to the Matriculation or Entrance examination of that University will be recognized as such by the Accountancy Diploma Board under this regulation. If the candidate has studied for one or more terms in a College affiliated to an Indian University, a certificate to the effect signed by the Principal of the College will be accepted as proof of the candidate's eligibility for the Diploma course. The previous orders of the Board must be secured by the candidate in other cases

(B) Examinations recognized by the Accountancy Diploma Board as equivalent to Matriculation under Regulation No 4 —

- (1) An examination that qualifies a candidate for becoming an articled clerk to a Chartered or Incorporated Accountant under their Regulations
- (2) An examination that has been recognized by a Statutory Indian University or the Mysore University as qualifying the candidate for admis-

sion to University courses of study, inclusive of the following.—

- (a) The European High School Examination
- (b) The Oxford and Cambridge Senior Local examinations, if the selected subjects include English, Second Language, History and Geography, Mathematics and a Science subject
- (c) The Simla School Leaving Certificate examination in all the compulsory subjects and in optional group (a) if a candidate has gone through a course of elementary science
- (d) The Bombay Joint Board School Leaving Examination, accepted by the University as equivalent to Matriculation.
- (e) The Matriculation Examination of the Osmania University
- (f) Examination recognized by the Accountancy Diploma Board as equivalent to the School Final examination under Regulation No. 4 —

- (a) The School Leaving or other examination on the passing of which candidate becomes eligible for a permanent appointment in British Government service.
- (b) The Senior London Chamber of Commerce Certificate examination in single subjects if the selected subjects include English, Commercial Arithmetic, Commercial Geography, Book-keeping and Accountancy, and two of the following

subjects *viz.*, Shorthand, Typewriting, Secretarial Practice, Modern Office Appliances and Systems, Banking and Currency.

- (c) The Completed Secondary School Leaving Certificate of Madras, Mysore, Cochin or Travancore, provided the candidate has secured thirty-five per cent of the full marks in (1) English, (2) Arithmetic or Elementary Mathematics and (3) three other subjects
- (d) The Government Commercial and Clerical Certificate Examination of the Government of Bombay

(D) *Attendance certificate* — The attendance ought to be in an Institution *specially* recognized by the Accountancy Diploma Board for purposes of this Diploma. The candidate is required to have attended three fourth of the number of days on which lectures were delivered in each of the two academic years. Should his attendance in either of the two years have fallen short of threefourths, that particular year will not be counted as a portion of the two year's attendance prescribed by this Regulation. If he has attended the prescribed number of lectures in each of the two academic years, but has not been certified as fit to present himself for the examination, he will not be required to attend lectures for a third year, but will merely be required to satisfy the Principal about his fitness to appear for the examination, and to submit his application through the Principal. He may undergo practical training in accounts during such third year and such training will be counted as a portion of the three years' training prescribed by Regulation 12 (b).

The list of institutions which are at present recognized by the Accountancy Diploma Board to prepare candidates for the examination, is as under :—

- (1) The Sydenham College of Commerce and Economics, Hornby Road, Bombay, (2) Davar's College of Commerce, 89, Esplanade Road, Bombay, (3) Bathiboi's Accountancy Training Institute, Churchgate Street, Bombay ; (4) The Coronation Commercial College, Karachi (Recognized provisionally till the end of the year 1932-33); (5) The Government Institute of Commerce, Madras, (6) The Government Commercial Institute, Calcutta, (7) The Punjab Commercial Institute, Delhi, (8) The Government of Burma Accountancy Institute, Rangoon, (9) The Joseph's College, Rangoon (Recognized provisionally); and (10) The Government Institute of Commerce and Accountancy, Bangalore.

(E) The fee of Rs 50 must reach the Secretary to the Accountancy Diploma Board, Hornby Road, Fort, Bombay, on or before 31st January. *Fees paid in will on no account be refunded or reserved for any subsequent examination.*

Regulation No 5—

This regulation was in force only up to the year 1922 as is clear from the regulation itself. No Candidate can at present be allowed to appear for the examination under this regulation.

Regulation No 6 and 13—

When the holder of a *temporary auditor's certificate*

applies for the examination under Regulation 6 or for Diploma under Regulation 13, the period for which the auditor's certificate was granted must not have expired. An application from such a candidate submitted after the expiry for which the certificate was granted will not be accepted by the Board.

Regulation No. 12.—

Practical training—Every candidate entering on the course of practical training prescribed by this Regulation must submit to the Accountancy Diploma Board an application for the recognition of such practical training in the prescribed form copies of which can be had at the office, of the Board, Hornby Road, Bombay, such application, must be submitted within sixty days, of the commencement of the practical training.

The practical training must be under a Chartered or an Incorporated Accountant or a certified auditor, working as a Public Accountant. It is immaterial whether the candidate has paid a premium for such training or is in receipt of a salary. It is essential that he should be a full-time apprentice and should not be engaged in any other work during the usual office hours.

Chartered and Incorporated Accountants may take and train apprentices without the previous permission of the Government. The holder of the permanent (whether restricted or unrestricted) auditor's certificate granted by a local Government may take and train apprentices provided he is specially empowered in that behalf by the Local Government of the Province where he is practising. The mere fact that he holds a permanent auditor's certificate will not empower him to

take apprentices.

The apprenticeship may be served partly under one and partly under another practising accountant, provided it is in each case reported to and recognised by the Accountancy Diploma Board.

Regulation No 12(b):—

The practical training in accounts prescribed by this regulation may be (1) partly before and partly after, or (2) wholly before or (3) wholly after the candidate passes the Diploma examination of this Board. The course prescribed for an under-graduate covers five years *etc.*, two year as a student of a recognized institution, plus three years' apprenticeship. The practical training in accounts if any received by an under-graduate during his two years' attendance at a recognized Institution will, therefore, not be reckoned as a portion of the three years' apprenticeship prescribed by this regulation.

Regulation No 12(c):—

At least two out of three years' apprenticeship prescribed for graduates must be served after they become graduates.

Number of Apprentices—No practising Accountant will be authorised to take and train *more than two apprentices at a time*. But a Chartered or an Incorporated Accountant, in public practice, may, in special cases, be permitted by the Accountancy Diploma Board to take and train *not more than four apprentices at a time*.

Auditor's Certificate—No permanent unrestricted Auditor's certificate will be granted by any Local Government or Administration to a person who does not hold

the Government Diploma in Accountancy of the Sydenham College of Commerce and Economics, Bombay. Holders of the Diploma have to apply for a permanent Unrestricted Auditor's certificate to the Local Government of the Province where they intend to set up practice.

(ii) the Commercial Diploma Examination of the Allahabad University, or of the Board of High School and Intermediate Education or the Intermediate Examination for the Degree of Bachelor of Commerce of the University of Bombay.

(iii) the examination for the Degree of Bachelor of Arts or of Science of any University in India established by law.

(iv) the examination for the Degree of Arts of any University in India established by law.

The course extends over a period of three years. The examination for the Degree shall be taken in two parts, Part I at the end of the Second Year, and Part II at the end of the Third Year.

The following will be exempted from taking the First Year of the Bachelor of Commerce —

(i) Students who have passed the Commercial Diploma Examination of the Allahabad University

- or of the Board of High School and Intermediate Education, United Provinces;
- (ii) Students who can produce a certificate of having passed the Intermediate Examination for the degree of Bachelor of Commerce of the Bombay University,
 - (iii) Students who have passed the Bachelor of Arts with Economics,
 - (iv) Students who have passed the Previous Master of Arts in Economics of the Allahabad University, and
 - (v) Students who have passed the Master of Arts of any University.

Session Commences in July.

The fee for the Registration of an application for admission shall be Re 1. Admission fee is Rs. 4 and class fee for the Course of Bachelor of Commerce is Rs. 9. The fee for tutorial instruction shall be Rs. 3 p m

Fees payable by residents in Hostels:—an entrance fee of Rs 4; monthly rent payable for ten months from Rs 5 to Rs 6/8/-.

Some prizes and medals are also awarded.

Every student of the University shall reside in a College or Hostel or under such conditions as may be prescribed by the statutes and the ordinances

Agra:—St. John's College.

It is affiliated to Agra University and recognized by the Board of High School and Intermediate Education.

Students are prepared for Parts I and II of the

B. Com. examination of Agra University. To part I Class will be admitted only those who have passed.—

- (1) the Commercial Diploma examination of Allahabad University, or of the Board of High School and Intermediate Education, U. P., or
- (2) the Intermediate B. Com examination of Bombay University

Admission to Part II will be limited to those who have passed the B. Com. Part I Examination

The College also prepares candidates for the Examinations of the Intermediate Board in Intermediate Commerce.

The Intermediate Board has changed the name of the Commercial Diploma Examination to Intermediate in Commerce, and the syllabus of the examination has also been considerably improved.

There are a certain number of scholarships available for poor and deserving students, both Christian and non-Christian, applications for which should be made on the form supplied by the College office. In allotting these, preference will be given to students who come from St. John's School or other Mission Schools connected with the Church of England

The College provides accommodation for over 200 students, distributed in five hostels, all of which are situated in the College compound itself

Woman students will be admitted at the discretion of the Principal, provided that adequate arrangements are made for their housing.

The cost of food varies in the different messes from about Rs 10/- to Rs. 14/- per month. Room and Electric charge ranges from Rs 4/- to 8 p. m.

Tuition fees — Int. Com Rs 8/- p m

Baroda:—Kala-Bhavan Technical Institute.

The Certificate course in Commercial subjects extends over a period of two years.

The working session is generally from the last week of June to the first week of May

Only those who have studied upto Matriculation can be admitted to this Course

The tuition fee for bona fide students of the Baroda State will be Rs 15 per term. Students who do not belong to the State will be charged Rs. 25 per term. There is an admission fee of Rs. 2.

The merit scholarships of the Institute are very few in number and of low value (2 to 5 Rupees per month only) Therefore it will be seen that the numerous applications received from prospective students for entirely out of place, and that there is no provision for giving any help of that sort

The minimum cost of board and lodging in Baroda for a student may be considered to be Rs 20 per month. For fees, books and other additional expenses about Rs 10 to 15 per month would be required on an average. It is very inadvisable for a prospective student to join the Institute without having provided himself with sufficient

resources to undergo the full course of study, as he would get involved in financial difficulties thereby, and would not be able to take full advantage of the instruction provided.

Berhampur:—Krish Nath College, Commerce Department.

It imparts first rate training in Commercial and Economic subjects, Accountancy, Banking and Currency. I. A or I. Sc. are only admitted to the course which is of two years duration, commencing with June, each year. Tuition fee is Rs 8 p m

The institution is recognised by the Government and receives a grant of Rs. 400 p m. from it.

Bombay :—Sydenham College of Commerce and Economics

The College is affiliated to the University of Bombay, and alone of all the institutions in India provides a systematic course of study leading to the degree of a Bachelor of Commerce.

It will also offer facilities, under trained investigators, for post graduate research in connection with the many problems of India economic development, past, present and future.

The University Examinations for the degree of B. Com. are—

(a) *The Intermediate Examination* for which a stu-

dent can appear after one year's course at a College

(b) *The Bachelor of Commerce Examination* (B Com), for which a student can appear two years after passing the Intermediate Commerce

The Intermediate Examination in Commerce is held annually on the fourth Monday in March and subsequent days

The examination for the degree of Bachelor of Commerce is held twice a year, *viz.* on the fourth Monday in March and on the second Monday in October and subsequent days

Candidates for admission to the College must, if they desire to take a University degree, have passed their Matriculation Examination, and must, besides, possess one or other of the following qualification —

(a) If they belong to the University of Bombay, they must produce either a certificate from the Principal of an Arts College, affiliated to the Bombay University, showing in a form prescribed by the University that they have satisfactorily carried out the work appointed for the first two terms in Arts,

or a certificate that they have passed the "Previous" Examination formerly held by this University

(b) If they belong to any other Indian University, they must produce a certificate that they have completely passed the Intermediate Arts or Science Examination of that University in each subject prescribed

(c) The passing of the Intermediate Examination in Arts or Science subjects completely of the Boards of High

School and Intermediate Education of the United Provinces, Rajputana, Central India and Gwalior will also qualify a candidate for admission to the College.

Government have been pleased to reserve 10 per cent. of the places every years for candidates from the backward classes of the Hindus, and 10 per cent. for the Mahomedans in the Bombay Presidency.

Students of Universities other than Bombay are warned that only a very few seats are generally available for them, owing to a great rush of applicants from this Presidency who are given preference to others.

Admission to the degree courses is accorded *only* at the commencement of the first term in June.

Candidates for admission should apply by letter stating their full University qualifications. The applications should be sent so as to reach the office by 10th June. Diploma classes are given between 6 p.m. and 7 p.m. Morning hours for lecturers, are from 10-30 a.m. to 2 p.m.

All applicants except graduates, must pass an entrance test the object of which is (1) to ascertain whether they possess and adequate knowledge of English, (2) to furnish an index of their intelligence and general knowledge. They are not examined in any special subject, but are asked to write a short essay on some topic of common interest.

This test is held a few days before June 20th.

The results in each case are compared with the personal impression the candidates produce, with their previous record, and with other relevant consideration.

Applicants are reminded that it is of great advantage to any one who desires to go in for a business career to have relatives or friends connected with commerce or industry and the assurance of some assistance in getting a start in life.

Those who contemplate joining an Indian firm in *Bombay* ought also to have knowledge of *Gujarati*.

Graduates in Arts of every Statutory Indian University and the University of Mysore who have passed a degree examination with Economics as one of their subjects, and graduates in Commerce of other Statutory Indian Universities and the University of Mysore, will be admitted to the B. Com. degree examination of this University after an attendance of four terms (two years) at a Commerce College recognised by the *Bombay University*, provided that graduates in Arts thus to be admitted pass in Accounting at the Intermediate Examination in Commerce of this University either before or simultaneously with the B. Com. degree Examination.

Candidates who have completely passed the Intermediate Commerce (Intermediate Arts with Commerce Group) Examination of the *Delhi University* and the Diploma Examination in Commerce of the *Punjab University* (which are declared to be equivalent to the Intermediate Examination in Commerce of the *Bombay University*) will be admitted to the Junior (second year) B. Com. class, in June and November terms and will be eligible for admission to the B. Com. degree examination after an attendance of four terms (two years) at this College.

In all other cases candidates who wish to take the

B Com. degree course, are required to go through the full three years' training at the College.

A fee of Rs. 75 per term is charged to students who take the full University degree course, and must be paid in advance at the commencement of each term.

M.Com. Degree.

The Bombay University with the approval of Government has instituted a new degree designated "Master of Commerce."

All candidates for post-graduate degrees will have to be registered at the office of the University Registrar on payment of a fee of Rs. 5 within one month of the date of commencement of the term in which they begin their studies. Forms of application for registration may be obtained free of charge from the Registrar's Office.

The Examination for the Degree of Master of Commerce (M.Com.) will be held annually in Bombay commencing on the second Monday in March.

No candidate shall be admitted to the examination for the Degree of Master of Commerce unless he has passed, not less than two academical years previously, the examination for the Degree of Bachelor of Commerce of this University.

Each candidate must forward an application to the Registrar six months before the commencement of the Examination.

Each candidate must pay to the Registrar a fee of Rs. 100, for which a receipt will be granted.

The examination for the Degree will comprise two parts.

Part I—A thesis on a problem relating to Indian Commerce, Finance, or Transport.

Part II—A written examination in four selected subjects

The Board of studies may, on the recommendation of the Examiners, exempt a candidate from the whole or a part of the written examination if the thesis submitted by him is of sufficiently high merit

No candidate shall be admitted to Part II until his thesis has been accepted and approved as qualifying under Part I of the examination. This thesis shall be received six months before the date fixed for the examination in Part II. The candidate may take Part II in the same or in a succeeding year. If the thesis is accepted, he may, unless exempted altogether, appear again and again in Part II until he is declared to have passed, on paying a new fee in every examination after the first.

Failure to pass the examination will not disqualify the candidate from presenting himself at a subsequent examination on a new application being forwarded and a fresh fee of Rs. 100 being paid.

For details of the courses, reference should be made to the outline syllabus laid down in the calendar of the University of Bombay with the object of broadly determining the scope of the examination for the B Com and M Com degrees.

In order to encourage graduates of this College to undertake research work in economic and commercial

subjects three scholarships each of the value of Rs. 50 per mensem tenable for one year and payable quarterly in arrears have been sanctioned by Government for this College.

University Scholarships

The Mangaldas Hajiwallabaiji Commerce Scholarships

The R. D. Tata Memorial Scholarships.

Four scholarships each of the value of Rs 10 per mensem, tenable for one year, to be awarded to deserving Parsi students of the College

There are also some scholarships offered to students who join the College by the Governments of Mysore, the Central Provinces, Baroda, Gwalior, Dhrangadra, and other as well as by the Lingayat Education Fund, Dharwar.

Government Diploma in Accountancy

The Diploma in Accountancy of the Sydenham College of Commerce and Economics will in future be a basis for the granting of an unrestricted Auditors' Certificate, which will give the holder the same legal status in India as is possessed by a Chartered or an Incorporated Accountant.

It will be awarded on the recommendation of the Accountancy Diploma Board to Bachelors of Commerce of the University of Bombay who have taken Advanced Accounting and Auditing as their special subjects as well

as to those who have passed the special examination of the Accountancy Diploma Board.

Both classes of applicants for the Diploma must in addition satisfy the Accountancy Diploma Board that they have received adequate practical training for a period of three years under a recognized practising Accountant.

The classes for the Government Diploma in Accountancy course are held at this College generally between 6 p.m. and 7 p.m. in the following subjects:—

Mercantile Law, Accounting and Auditing

Fees Rs 50 per term

Students are admitted to this class only in June and the classes begin about the 20th June every year. The courses of lectures last two years, and apart from this period, students are required if they desire to obtain the diploma to put in three years of practical work as apprentices or assistants to (1) a Chartered Accountant or (2) an Incorporated Accountant or (3) the holder of the permanent Auditor's certificate authorized by the Local Government to train apprentices.

Other Evening Courses.

Short courses—normally one lecture a week—are given at 6 p.m. for the benefit of those engaged in business during the day and desirous of studying in their spare time some particular subject in which they happen to be interested.

Among the subjects dealt with from time to time are "Banking" "Banking Law" "Transport," "Industrial Progress" "Stock Exchange Securities" "Cotton Market," etc.,

No academic qualification is required for admission. These courses of lectures are delivered free of charge.

Shorthand Classes

In view of the great practical importance of an efficient mastery of shorthand for commercial correspondence, office work, note-taking, etc., special classes under a highly qualified teacher have been inaugurated since June 1919.

The course consists of the Elementary, Corresponding and Reporting Styles of Pitman's Shorthand. Students may be expected to obtain a thorough theoretical and practical knowledge of the system in about four months.

The lectures are at present given between 10-15 and 11 a.m. and 3-45 and 7 p.m. so as to meet the requirements both of the College students and of those engaged in business during the day.

Admission to the classes are made during the first week of June and November. Fees range from Rs. 9 to Rs. 20 per term.

The boarding charges vary from Rs. 25 to Rs. 30 per month.

The rent payable by residents on the first floor is Rs. 24 per seat and for those on the second and third floors it is Rs. 27 per seat for a term of six months. Charges for electric lighting and medical supervision have to be paid extra. They amount to nearly Rs. 11 per term. The number of seats is limited. Preference is given to B.Com. students.

Bombay (Fort).—Batliboi's Accountancy Training Institute.

The G D A Classes are held from 6 to 7 P.M. (S.T.) The Hours of Attendance for all other Courses are from 8 to 10 AM (S.T.) The above hours do not interfere with students present vocation or employment, and the whole day is thus left at their entire disposal. Fees for tuition per post are Rs 25 more than those for Oral courses as given against each course.

Book-keeping & Accountancy.

This Course will take from 10 to 12 months and the attendance required will be four hours a week. Non-matriculates are advised to take up this Course to enable them to secure employment as cashiers, accounts clerks or book-keepers in mercantile offices. The candidates can sit for the following Examinations (in Single Certificates).—The London Chamber of Commerce, the Indian Merchant's Chamber, (Bombay), the National Union of Teachers.

Fee—Oral Tuition Rs. 100; Postal Tuition Rs. 115.

Complete Business Course

This Course is simple, practical and exhaustive and is exceedingly valuable and eminently suitable for sons of rich parents who do not wish to secure any Examination Diploma but are anxious to equip themselves with a thorough knowledge of commercial subjects as would enable them to conduct their own business successfully. Any one subject or a group of subjects can be chosen from the following:—

(a) *For the National Union of Teachers, London.* Examinations are held in April every year, in Bombay

C)" in specialised Banking Group, taking "English Composition" and "Commercial Geography" as their optional subjects can also appear as if they were qualified

Specialised Secretarial Course

For Secretaries of Joint Stock Companies and their assistants there is a considerable need for a carefully graduated training in those Specialised Secretarial subjects which a Secretary of a Company should acquire. The Principal who is the first Indian and the only man in the Presidency of Bombay who has passed the highest examination in the line viz., the Fellows Examination of the Chartered Institute of Secretaries of London, will keep the direction as to the teaching of this Course under his personal observation, with a view to see that the proficiency of teaching is maintained up to the highest watermark in

thus as in the other Courses The Examination by the:—
The Incorporated Secretaries Association, England
“*Incorporated Secretary.*” “*A. I. S. A. F. I. S. A.*”

The Central Association of Accountants
(“*Associated Accountant*”)
L. A. A., & F. A. A.

The students must have studied for two years in a recognised College and must have passed the Matriculation or equivalent Examination before being admitted in this course. Work under an Accountant, in addition, for three years will qualify them for the membership but examination certificates will be issued as soon as the student is successful in examination to enable him to secure a position.

The Examinations are divided into Intermediate and Final.

The Government Diploma in Accountancy.
“*G. D. A.*”

The examination is held in April every year. The candidates for admission to these examinations are required to have passed either Matriculation Examination of an Indian University or equivalent. Candidates are also required to have studied for two academic years at an Institution recognised by the Accountancy Diploma Board. The Session for the course commences on or about 20th June every year.

Graduates are not required to keep terms so that they can be prepared by postal or personal tuition in the course

of one year. They are thus in a position to be enrolled at any time of the year.

Fee—Rs. 50 per term of six months. A composition Fee of Rs. 180, however entitles a student to study till he passes, *i.e.*, in case he fails to pass at the first attempt he is entitled to be coached without paying any further fee for next two attempts (2 years) so far as coaching and college lectures are concerned. The composition fee is payable in full in advance. In case the student wishes to pay in instalments he shall have the option, on agreeing to pay Rs. 200 to get the same rights of being trained for a full course with the option of two attempts on failure, without further payment of fee. Here Rs 75 are payable in advance and the balance by monthly payment of Rs 25. Term fee does not apply to those who wish to study through post. The students must join on a complete contract as above.

The Corporation of Accountants, Glasgow.

(Corporate Accountant) A.C.R.A & F.C.R.A.

The Examination is divided into two parts, Intermediate and Final. The final Examination, at the option of the candidate, be taken in two Sections, first section comprising of the first four subjects and the second of the last four, but the whole examination must be completed within a period of eighteen months.

The Chartered Insurance Institute (London)
("A.C.I.I.") & ("F.C.I.I.")

The Chartered Insurance Institute was formed over twenty seven years ago and was granted a Royal Charter in 1912. The Principal examinations are divided into

that of Associates and Fellows. For Associate Examination the student has to select either Marine Insurance Branch, or the Fire Branch, or the Life, or Accident Branch. The College started coaching for the Marine Insurance Branch first It has now taken up Life and Fire Branches also

Students who are Matriculates of an Indian University are admissible. Those who are not so qualified have to submit to a special Preliminary Examination of the Institute, which is an easy Examination made up of (1) English Composition, (2) History, (3) Geography, (4) Mathematics and Book-keeping. An Extra fee of Rs. 50 will be charged for those subjects and thus the Associated Course will be a three years' course in case of non-matrics.

*Chartered Insurance Institute (London),
Fellowship Diploma "F. C. I. I."*

The Fellowship examination is made up of two sections. The first Section consists Fellowship Diploma "F. C. I. I." of Theory and Practice of all Insurance Branches, Fire, Life, Accident and Marine, and a general paper on Insurance Business such as Agency Organization etc.. The Second Section includes an essay on some Insurance subject, Elementary Principles of Commerce, Banking and Finance and Commercial and Company Law. The course takes two years after passing Associateship grade. It is to the advantage of students to join on the footing of Fellowship, from the beginning because (1) There is a great saving in fees, (2) The tuition can be imparted simultaneously in certain subjects so that success is ensured, and (3) Fellowship is the Diploma which qualifies in all four branches and therefore the student

is not only sure of good position in any one of the four departments but at the same time in case of companies running all the four branches, the chance of reaching the highest places is greater.

The fee for the complete Associateship Examination Course (A. C. I. I.) as above, is Rs 350 and for Fellowship (F. C. I. I.) Rs. 300 extra is taken separately Combination Fee for Fellowship including Associateship is Rs. 500. The examinations are held in February every year in Bombay. It need hardly be added that there is a vast unexploited field for insurance branch and that bulk of the work is at present in the hands of foreign companies for want of properly trained candidates for this branch of work. Students desiring to study insurance may advantageously combine the Specialised Secretarial Course or Accountancy Course with same.

Cawnpore:—D. A. V. College.

The College is affiliated to the Agra University and prepares students in Commercial Diploma course and B. Com. degree course of the said University.

Other particulars are same as in case of S. D. College Cawnpore, as given above.

Calcutta:—Government Commercial Institute.

The only type of commercial education offered in the province was pioneered by the Government Commercial Institute, Calcutta. The persistent attempts of this Institutel to awaken the public to the needs and possibilities of such education have borne fruit in creating an extensive demand for such education,—a demand which has, to a limited extent, been met by the establishment of various schools having for their object the teaching of certain commercial subjects.

There exists at the moment a large number of private and Government-aided institutions which make provision for the teaching of such subjects, only as Shorthand, Typewriting and Book-keeping. It has, however, been recognised, and rightly too, that training in such subjects is helpful only to a certain section of clerks in Government and mercantile offices.

The local University and its sister institution at Dacca,

convinced of the need for such a measure, have recently instituted degrees in Commerce, and the former has actually opened both undergraduate and post-graduate classes in commerce—a development on academic lines.

The aims and ideals of this Institute are essentially different, and within the common sphere of commercial education, they lie entirely in a different plane. Fundamentally, they remain what they were when the Institute first came into existence, as far back as in 1905, through the initiative of the Government and with the strong support and guidance of the mercantile communities of the City, both European and Indian.

The Institute affords a training of a practical character, vocational enough to be deemed technical, and capable of direct application to the requirements of the business world. It is neither of the nature of an ordinary college in which the academic element exceeds the vocational, nor a secondary school of commerce, but a higher school of commerce, in which the vocational element predominates, and, in this respect, the Institute stands alone. It is controlled by a Board of Management, comprised of representative members of the mercantile community and others concerned with matters commercial, and is located within the circle of all commercial activities of the City, while it follows its own curriculum and grants its own Diploma, signed by the Principal and countersigned by the Secretary, Bengal Chamber of Commerce, and the Director of Public Instructions, Bengal.

Day Classes are meant to prepare young aspirants in business, who have just left school, and can ill afford to spend more than two years in educating themselves with

a view directly to take up work in business houses. While the fallacy of sending out boys for commercial careers—where the only accommodation offered to a beginner is at the lowest rung of the ladder—at ages above 17 or 18, is patent, it is regrettable that it should in actual practice be disregarded. It cannot be too strongly urged upon guardians that a boy's career must be determined as soon as he passes his Matriculation, specially if a successful business career be in view.

Evening Classes offer special facilities to those already in employment who having received the necessary preliminary training in the Day Classes, desire to improve their efficiency and earning capacity. They are also meant for the young man, who, possessed of a certain amount of general education, has chosen a commercial career and requires advanced and technical instruction in subjects of particular interest to him, to enable him to take the highest professional commercial examinations in Banking and Accountancy.

A young man who has entered a Bank has the great future of responsible positions being offered to him, if, while doing his day's work, he takes the evening courses in Banking and allied subjects and passes the Examination of the London Institute of Bankers; another who has found his way into an auditor's office as an articled clerk, is offered the advantages of the Accountancy and Auditing classes, on completing which he may pass out and conduct his own business as a Certified Auditor, side by side with Chartered and Incorporated Accountants. By the time, therefore, his compeer has taken his degree in Arts, Science Law or Commerce, and goes out in search of

work, the young man who chose a commercial course of study in the Institute has already gained a definite standing in his own line.

It may incidentally be mentioned that this is the only institution in Bengal affiliated to the Bombay Accountancy Diploma Board, and it is notable that systematic classes to prepare students for examinations of the Institute of Bankers have a very few replicas in any part of India. *

The Bengal Chamber of Commerce and the Bengal National Chamber of Commerce lend their active support and patronage to this Institute by sending representatives to the Board of Management. Prizes are annually awarded by both the Chambers to distinguished students of this Institute, and lists of successful students are annually circulated among the members of the two Chambers for their information, use and record.

Day Classes.

The object of these classes is to prepare the necessary grounds for a young man who desires to enter any class of business with a liberal and trained outlook, an alert and open mind and with a predominantly practical bias, while a sound general business training is imparted to him. Taking the Board's Diploma after a two years' course, an ambitious young man of 17 or 18 will not recoil from beginning at the bottom of the scale and should be in a position to supplement the knowledge he is already in possession of as he rises higher and higher up. Further opportunities for instruction are offered to such boys in the Evening Classes which they may join while doing some work during the day time.

As a rule, matriculates only are eligible for admission to these classes. The rule might be relaxed at the discretion of the Principal in the case of a candidate who can satisfy him that he has opportunities awaiting him to enter business after completing the course here. As, however, there is no intention to shut out ambitious young men from these classes, the Principal is always prepared to consider any special case on its own merits.

The complete course extends over a period of two years, at the end of which students are allowed to sit for examinations which are given by the Government Commercial Institute Board and are entrusted to external men of the highest standing in their own lines.

The annual session usually commences about the end of June; and applications for admission are entertained after the publication of the results of the Matriculation Examination of the local University.

Classes are held from 10.30 A.M. to 3.25 P.M. on week days with half-an-hour's recess at mid-day, and to 1.15 P.M. on Saturdays.

There are five obligatory and two optional subjects for the Day Course—

(1) *Obligatory*—

- (a) Modern English, including Commercial Correspondence, Methods and Machinery of Business, Indexing and Precis-writing.
- (b) Arithmetic of Commerce and Methods of Mental Arithmetic.
- (c) An Indian Vernacular.
- (d) Commercial Geography.

- (e) Book-keeping
- (2) *Optional* —
 - (a) Shorthand,
 - (b) Typewriting

Tuition fee—Rs 5 per mensem payable from June to May of each year

Three scholarships are annually offered, immediately after admission to the First year class, of the value of Rs 12 per mensem each, tenable for one year, and awarded to the three students of the class who obtain the highest marks in English at the Matriculation Examination.

Three scholarships of Rs. 25 per mensem each are awarded to the three best students at the Annual Examination held at the end of the first year's course, and are also tenable for one year

Evening Classes

The object of these classes is to afford facilities for advanced and technical instruction in commercial subjects; and they are specially arranged to suit the convenience and meet the needs of those who, after the necessary preliminary training in the Day classes, have entered the vocations of their choice and are keen on working for their own advancement. With a view, however, to keep the classes accessible to a much larger group of men, the restrictions imposed regarding the eligibility of candidates for appearing at those examinations are removed at the time of admitting students to these classes. Anybody engaged in business in any way, whether as an apprentice, a clerk or as junior partner, may secure admission to these classes and while receiving advanced technical instruction

in the subject he is most interested in, he will simultaneously be increasing his efficiency and earning capacity.

Students are prepared for the following examinations other than the Institute's Special Examinations —

- (a) Government Diploma in Accountancy (G.D.A.)—
Two years' course
- (b) London Institute of Bankers—Parts I and II—
Two years' course.
- (c) English including Indexing, Precis-writing and Drafting, etc., and Book-keeping, in connection with Railway and Government Competitive and Departmental examinations—One year's course.

The annual session usually commences about the end of June and applications for admission are entertained after the publication of the results of the Matriculation Examination of the local University. Advanced students in Shorthand and Typewriting are also admitted in the December Session.

The time for holding these classes is fixed in accordance with the requirements and convenience of the majority of students comprising a class, the available hours being between 5 p.m. and 7.30 p.m.

A student of the Evening Class may take up one or more of the following subjects —

- | | |
|---|---|
| <ul style="list-style-type: none"> (1) Modern English. (2) Economics and Economic Geography. (3) Banking and Currency, including Foreign Exchange. (4) Annuities and Insurance. | } |

 - (11) Typewriting.
- } G. D. A.

Tuition fee—Rs. 3 per mensem for each subject; Rs. 4 per mensem for any two subjects, and Rs. 6 per mensem for any three subjects

Tuition fee is charged for twelve months commencing from June, except for the December Session in Shorthand and Typewriting which is for six months only. Fees are always payable monthly in advance. For the G. D. A. Classes, fees are realised in two half-yearly instalments of Rs. 36 each, payable in advance. The names of the defaulters are struck off the roll in the following month. There is no free-studentship nor any concession in fee.

Successful candidates obtain Diplomas signed by the Principal and countersigned by the Secretary, Bengal Chamber of Commerce, and the Director of Public Instruction, Bengal.

It may be of interest to the prospective students to know that the Calcutta University has recently decided to recognise this Institutes' Final Examination as an examination equivalent to the Intermediate Examination, for purposes of admission to B. Com and B. A. classes. This valuable privilege is, however, open only to such of the Final passed students as had previous to their

admission to this Institute passed the Matriculation Examination.

Another equally valuable privilege enjoyed by students passing the Institute's Final Examination is that they are treated as having an equal claim to employment under Government with candidates who have passed the Intermediate Examination. This privilege was conceded to them by Bengal Government.

G. D. A. Examination—The Institute is the only centre for the examination in Bengal. The Examination begins on the first Monday in April and extends over six days. Applications for admission to the Examination with a fee of Rs. 50 must reach this office by the third week of January. Private candidates are to correspond direct with the Secretary, Accountancy Diploma Board, Bombay.

London Institute of Bankers' Examination—This Examination is held in April under the control of one of the Banks in Calcutta authorised by the London Institute of Bankers to control the actual examination. Candidates are expected to get all information concerning this examination direct from the Secretary, Institute of Bankers, 5, Bishopsgate, London, E. C.

Dacca :—Dacca University, Department of Commerce.

The B. Com. Degree may be obtained after a course of study extending over two years ; provided that a person who has taken M. A. in Economics in any approved University may present himself for the degree after pursuing the course for one academic year.

Candidates who fail in one subject only but obtain in the aggregate sufficient marks for a Pass (40 p.c of the total marks) are permitted to enter for that subject only at the next examination; but if they fail a second time they are required to enter again for the whole examination.

Students who have passed the Intermediate Examination of an approved Indian University or the Intermediate Examination of the Dacca Board (save in Group C) and have passed in the first or second division will be admitted to the B. Com course.

Students who have passed the Intermediate Examination of the Dacca Board, Group E, (commercial subjects) in the third division will only be admitted to the B. Com course with special permission of the Head of the Department; and no student who has passed the Intermediate Examination of the Dacca Board with any group other than Group E, in the third division will be admitted to the B. Com course.

Admissions take place by the middle of July each year.

The actual cost of living in a Hall in Dacca University may be regarded as, say, 10 or 12 rupees for food in addition to class-fee and seat-rent. The seat-rent varies from Rs. 2 to Rs. 4, this charge includes the cost of light, water, medical attendance, medicine and servants. An undergraduate student can live in a Hall and pay for his class fees with a total sum of Rs. 20 to Rs. 22 monthly. There is thus no foundation for the statement that Dacca is an expensive University for the students.

Dacca :—Commercial Academy.

It is affiliated to the Government Commercial Institute Calcutta.

Admissions to the First Year (F. A. Com) & Third Year (B. A. Com) commence immediately after the announcement of the High School Examination results of the Board of secondary Education, Delhi, and the University of the Punjab, and the Intermediate Examination Results of Delhi and the Punjab respectively. All normal admissions close at the Summer Term—beginning of July. Applications should be made (on printed forms, obtainable from the college office) as soon after the declaration of results as possible and should be accompanied by a character certificate and a certificate of date of birth from the Headmaster of the School or the Principal of the college last attended.

Delhi:—Government Commercial & Advanced Clerical Classes

The classes are for the present attached to the Government High School and housed in the old Normal School Building in the School compound under the general control and supervision of the Head Master.

The full course extends over a period of two years with an examination conducted by the Education Department at the end of each year in the month of May. Each successful candidate will be granted a certificate signed by the Superintendent of Education stating the division and the subjects in which he has passed in the Final Examination.

Students, who have passed the Matriculation or High School or S. L. C. Examination of any recognised Board or University, the School Final Examination, or the Senior Cambridge Local, the High School Examination for Europeans or the Final Examination held in the Chief Colleges are eligible for admission. The students wishing to join the First Year Class will be admitted within fourteen days after the publication of the Delhi High School Examination results. A preliminary test in English and medical certificate of physical fitness are essential for admission.

The annual session usually commences on the fourteenth day after the publication of the Delhi High School Examination results; the exact date will be advertised in the local papers.

TUITION FEE—Rs. 4 per mensem for 12 months in each of the First and Second Year Classes.

Students not residing with their guardians may join the Government High School Boarding House. Hostel fee will be Re. 1 per mensem.

A scheme for inaugurating Evening Classes is under consideration. These classes will be started to suit the convenience and meet the needs of those who are actually

engaged either in commercial offices or working in some Government offices. The training will enhance the efficiency of the students and will prepare them for their departmental examination or any other external examination like the London Institute of Bankers, Accountancy Diploma Board, Bombay and London Chamber of Commerce.

The Education Department has opened up communication with the Auditor General, Delhi for recognition of its Commercial and Advanced Clerical Examination as a test of eligibility for appointment to the Divisional Account's Service. An announcement in the near future is expected.

Delhi:—Punjab Commercial Institute.

This Institute has been established with a view to provide the study of commercial subjects which fit young-men to get employments and to prepare students for the professional examination of the Government Diploma in Accountancy. The aim of the Institute is to produce qualified accountants and professional auditors, of whom there is an ever-growing demand in India.

The Institute was recognised provisionally for a period of two years in 1928 by the Government Accountancy Diploma Board. After a couple of inspections held by the Secretary of the Government Accountancy Diploma Board, it has now been recognised permanently for preparation of candidates for G.D.A. examination. This is the highest testimony of competency of the Principal and other teaching staff of the Institute. This is the only college in Northern India recognized by the said board.

Classes for G. D. A. course are held from 6 p.m. to 7 p.m. on working days.

Service Course

This course is suited for candidates who desire to seek service in Government departments, banks and companies, as Accountants, Head-clerks, store-keepers, etc.

The candidates for this course are prepared for the examinations of The London Chamber of Commerce (Senior), The Association of Book-Keeping Teachers London (Advanced) in the subject of advanced accountancy. At the conclusion of the course a diploma of the Institute is also awarded to each successful candidate.

This course is for 8 months. The fee charged is Rs. 5 per month. The admission is twice a year. The first session commences from 15th February and closes on 14th October. The second session opens on 15th September and closes on 14th May. A candidate paying full course fee, i.e., Rs. 40 in advance is given a written guarantee to be coached free of any further charge till success. Any person who can read and write English can join this course.

The candidates for the above course are also prepared by postal tuition. The candidates for the postal tuition for the above course shall pay the full fee of Rs. 40 in advance and can join any time during the year.

The hours of attendance are arranged according to the season either early in the morning or in the evening. The class is held for not more than one hour a day; thus the whole day is left to the candidate for his other engagements.

G D A Course.

In India no person can act as Auditor of companies unless he holds an Auditor's certificate from the Government or is a chartered or incorporated accountant of England. The Auditor's certificate is granted only to such persons as are holders of the Government diploma in accountancy. This diploma is awarded to such candidates as have passed the G. D. A. examination held by the Government Accountancy Diploma Board and have received practical training for three years under an Auditor.

The subjects prescribed for the above examination include (a) Accountancy and Auditing, and (b) Mercantile Law. The admission to this course is restricted to such candidates as have passed the matriculation examination of any university in India or an examination equivalent to matriculation. The following examinations are considered by the Government Accountancy Diploma Board as equal to the matriculation.

1. European High School examination
2. School Leaving Certificate examination.
3. Oxford and Cambridge Senior Local examination
4. The full certificate of The London Chamber of Commerce examination

The candidates for this course must enrol themselves on or before 20th of June. There shall be two terms in a year. The first term begins on 20th June and ends on 10th October. The second term begins on 10th November and ends on 10th March. The entire course covers four terms only. The candidates shall have to maintain attend-

ance at the Institute for not less than 75 per cent of the working days during the first two and last two terms respectively. The graduates are allowed to join the Institute any time during the year, and are also coached by postal tuition. This concession is not allowed to the undergraduates. The fee is Rs. 50 for each term payable in advance. A candidate paying the full course fee *i.e.*, Rs 200 in advance will be given a written guarantee to be coached free of any further charge till success.

Commercial English.

Although a knowledge of English is an essential qualification for the successful Stenographer and Typist, few of the students are really qualified in this subject. To remove this deficiency, English is now a required subject for every student until he can pass a satisfactory examination. This course includes instruction in Precis Writing, Commercial and Official Correspondence, and Essay Writing.

Urdu Shorthand.

This is a course in Vernacular Shorthand with a text-book in the Urdu Character and is based on the Pitman's System of Shorthand. Many Government employers have been deputed from all parts of India for training in this course. In the past, it has been limited largely to the Police, but with an increasing demand for vernaculars, a knowledge of Urdu Shorthand is very important. The multiplicity of vernacular news papers and the introduction of vernacular speeches in the Legislative Councils have created a great demand for Urdu Shorthand Reporters.

Prescribed Text — "Manual of Urdu Shorthand" prepared by Lucknow Christian School of Commerce, has recently been revised with additional logograms and exercises. This is a complete text-book in itself, giving full instructions for Urdu Shorthand, and can be had from the Principal for Rs. 5 per copy, V. P. P. charges extra.

Time — 15 to 18 months to secure a speed of 125 words per minute.

Hindi Shorthand.

With the growing tendency of eminent personages, leaders and servants of India to deliver lectures in Hindi from the various pulpits *viz.* social, moral, religious and political, there shall be a great demand for Hindi Shorthand Reporters in the near future. To meet this demand the institute is thoroughly equipped to start classes in Hindi Shorthand.

Urdu Typewriting.

If there is sufficient demand, this subject will be taught. Now Urdu Typewriting has been perfected, allowing for greater accuracy and speed. The school is ready to meet this demand.

FORESTRY.

Charternar (Kashmir) :—State Forest Training Class,

A vernacular training Class will, as a rule, be held each year for the instruction of subordinates below the rank of Rangers, who have undergone no course of professional instruction and are likely to derive material benefit therefrom.

The school, of which the head-quarters will be at Charternar, will be under the direct supervision of the Conservator of Forests, Working Plan Circle. The Class will be in charge of an Instructor, who will ordinarily be an Assistant Conservator of Forests, but a selected Forest Ranger with D.D.R. certificate can be appointed if need be. The Instructor will be attached to the Direction Division of the Working Plan Circle, and will draw a local allowance during the season of the class of 20 per cent of his salary if a Forest Ranger.

The class will be formed in Baisakh of each year, the opening date being fixed by the Conservator of Forests, Working Plan Circle, and its duration will ordinarily be 8 months.

Tours will be made with the object of visiting important and typical forest works, where the students will be shown works in actual progress and receive their instruction from those works. Tour programmes will be prepared by the Instructor and submitted to the Conservator of Forests, Working Plan Circle, for approval. Tours will be arranged so that the minimum amount of time is lost on marches on which no work can be done.

If in any year the number of men holding school certificates is so large that it appears unnecessary to hold

the class, the Chief Conservator of Forests will report the fact to the Durbar for orders whether the class shall be formed or not.

The total number of students who can be admitted each year will be limited to such number as the Chief Conservator of forests may decide from time to time as suitable. Each Conservator, will be informed by the 1st Maghar each year the number of places which will be allotted to students from his Circle in the following year.

The selection of subordinates for instruction will be made before the 1st Poh each year by the Conservator concerned upon nominations submitted by Divisional Forest Officers. Selection will be guided by the following consideration —

- (a) Candidates should be Foresters or Guards under 28 years of age who have given not less than 3 years approved service in the State in a permanent appointment.
- (b) They must be able to read and write Urdu with ease, and have sufficient general education to be able to follow the course.
- (c) They must be active, strong, and in good health, and likely to make useful Forest Officers.

The Chief Conservator of Forests may, should he consider it desirable, relax any of the conditions imposed under this rule.

In the event of vacancies, candidates from the Jagir Forest Departments may be admitted. Applications for such studentships should reach the Chief Conservator of Forests by the 1st Poh.

For the sake of convenience the school year is divided into three terms as follows, with a break of 3 days between the end of one term and the beginning of the next —

- (i) Spring term—Baisakh and Jeth
- (ii) Summer term—Hai to Assui (inclusive)
- (iii) Autumn term—Kati and Maghar

The course will include two examinations —

- (i) The summer examinations to be held by the Instructor in the month of Sawan
- (ii) The final examination to be held at the end of the course by a Board of Examiners nominated by the Chief Conservator of Forests

Accommodation, stationery and transport will be supplied free to State students. The amount of transport allowed to each student for his private property is one cooly or $\frac{1}{2}$ of a pony load.

All other expenses will be borne by the students themselves who will also make their own arrangements for cooking etc.,

In the case of Non State students the administration deputing them will pay the proportionate share of the maintenance and administration charges, including accommodation and stationery, in advance to the Conservator of Forests, Working Plan Circle. Transport charges will either be paid by the students themselves at the time or be deducted from their pay monthly.

State students while on deputation to the School, will be seconded. They will retain a lien on their appointments though not necessarily on the posts they were occupying when deputed.

Every State student, will, during his deputation, draw the pay of his grade or Rs eighteen per month, whichever may be the higher.

State students are entitled to the Travelling Allowance admissible under the State Travelling Allowance Code for the journey from the original head quarters to join the class and for the return journey from the class to the division deputing them. But travelling expenses while on tour with the class will not be paid for them by the State.

Students are not required to purchase or own any text books while at the school. Should they desire to purchase such books they will make their own arrangements.

All students following the course will live in the quarters allotted to them by the Instructor.

Dehra Dun :—Forest College.

Rules for the Imperial Forest Service Course

The course of study at the Forest College is designed primarily to fit selected students for appointment to the Imperial Forest Service, and to afford a higher class education in Forestry to students deputed from Indian States and elsewhere.

The standard of the course will be that of the degree course at a British University leading up to the grant of the College Diploma in Forestry.

The maximum number of students to be admitted to this course will be decided by the Inspector General of Forests from time to time subject to the approval of the Government of India.

April of the year in which they seek admission. The Inspector General of Forests is empowered to relax this rule in special cases

- (ii) that they hold a degree in Science of a recognised University
- (iii) two certificates of recent date signed by individuals of standing which must state that the candidate is of good moral character
- (iv) a medical certificate of fitness signed by a Civil Surgeon

The president is empowered to refuse an application for a studentship without assigning any reason

The course of studies will extend over 2 years

For Examination purposes the subjects will be divided into two groups—

I Auxiliary Sciences

II Forestry, with Surveying and Engineering ; and there should consequently be two main examinations. *

- (a) the Preliminary Examination, and
- (b) the Final Examination

The Examinations will be partly written and partly oral, and there will also be practical examinations in all the preliminary subjects and in Forest Botany and Forest Zoology among the Final subjects

Preliminary Examination The Preliminary Exam-

nation will comprise the following subjects —

- (1) Physics.
- (2) Chemistry
- (3) Botany, Part I
- (4) Geology and Physiography
- (5) Zoology, Part I
- (6) Elementary Silviculture, Part I
- (7) Survey and Drawing
- (8) Forest Engineering, Part I

Candidates will not be permitted to take the preliminary examination until they have been through the first year's course. Each candidate must take all the subjects and must pass in at least six of them. If he fails in more than two he will be required to leave the College. Candidates who fail in one only or two subjects will be required to appear six months later for the subjects in which they have failed.

Final Examination — The Final Examination will be held once a year at the conclusion of course. No candidate will be admitted to the Final Examination unless (1) he has already passed the Preliminary Examination, (2) he produces a certificate, countersigned by the Professor of Forestry, that he has satisfactorily completed an approved course of practical work in Forestry, Surveying and Forest Engineering and that he has passed a practical test in the use of Surveying instruments. Candidates will be required to offer all the subjects.

Ability to meet expenses — Prior to the admission of a private student the parents or guardians concerned must

satisfy the President that they are willing and able to defray the whole expenses of the student

Fees — The training fees are fixed at Rs 2,400 per annum. The sum is payable in advance in four instalments, due on October 1st and April 1st of each of the two years. This will cover cost of tuition also, of lodging, light and water and other services at headquarters for the two years.

The Durbars of Indian States deputing students to Dehra Dun shall prior to the admission of their nominees into the College, deposit with the President the sum of Rs 3,600 for each student, to meet expenses (exclusive of travelling) for two years. This sum is an addition to the College fees prescribed above.

Caution money — All students except those already in Government service shall on their arrival at Dehra Dun deposit in the Post Office pledged to the President the sum of Rs. 100 as caution money and security for good behaviour and conduct and for due observance of the rules.

Employment of private students — The President will maintain a register of the names of private students who succeed in obtaining certificates and who desire to obtain Forest appointments, and will circulate annually a list of such passed students to Durbars of Indian States (through Political Officers concerned) and to Conservators and other persons likely to be in need of the service of trained Forest officials. He will, if possible note in the list the minimum pay each student is prepared to accept and in what parts of India he is prepared to serve. In forwarding applications for service the President will make such recommendations as links fit.

No private student has any claim to an appointment in Government service.

Marriage of students—No student of European or Anglo-Indian extraction, not already in the permanent employment of Government or of an Indian State shall be admitted to the Imperial Forest Service course if he is married, nor shall any such student, whether in the permanent employment of Government or of an Indian State or no, marry before he has finally quitted the Institute. A breach of this rule will render the student liable to dismissal.

Cost of equipment.—Books and camp outfit must all be paid for in cash. All necessary articles must be obtained from the Institute contractors or as the President may direct. Students are expected to bring sufficient money with them to Dehra Dun in addition to the caution money.

The President may authorize an advance not exceeding Rs 100 to any student towards the cost of his equipment. The advance will be recovered in not more than six instalments and the caution money deposited, will be security for it. This advance will however be made in exceptional cases only.

Camp equipment.—As camp equipment each student requires:—

- (1) A small tent not larger than 10 feet by 8 feet.
- (2) A camp bed.
- (3) A small camp table.
- (4) A camp chair.

Books and instruments.—The books and instruments required by each student will be fixed by the Vice-president.

from time to time. Save with the previous permission of the Vice-President these articles must be purchased from the Research Institute on cash payment.

Ranger Course

The *Ranger Course* is designed primarily with the object of training men to fill the posts of Rangers and Deputy Rangers in the Subordinate Forest Service, and in Indian States, Colonies, Foreign countries and private employments.

Admission Rules

Allotment of studentships—The total number of students of each category who can be admitted into the College each year will be limited to such number as the President may decide. The number of studentships to be allotted each year to the respective provinces will, with due regard to the total prescribed, be decided by the President, after consultation with the various administrations as to their requirements, and will be communicated to them not later than the 15th November.

In allotting nominations to Local Governments, Colonies, or Indian States the President will allow a margin for possible casualties between the dates of nomination and of actually entering the College. When a Local Government, Colony or Indian State cannot for any reason utilize the full number of studentships allotted, it should immediately inform the President so that the vacancies may be filled up with other candidates in time to permit of the prescribed preliminary training being undergone.

Categories of students and candidates.—There are

four categories of students:—

- (1) *Private students*.
- (2) *Government probationary students, stipendiary or non-stipendiary*;
- (3) *Students deputed by Indian States, British Colonies, etc.*;
- (4) *Students already in Government service*.

Government probationary students comprise those who have been selected by the Government for an appointment in its Forest Service

Private students comprise all those students who are without appointments in any Forest Service, who have not entered into an agreement to serve any Government or Administration, and whose object it is, by becoming possessors of the Forest College certificates, to obtain employment either in the Forest Service of the Government of India, or in that of an Indian State, or of some other owner of forest property.

According to the class of studentship applied for, candidates are classified under the four categories defined above.

RULES FOR CANDIDATES IN CATEGORIES (1), (2) AND (3)

Age.—Candidates must not be less than 18, or more than 25 years of age on the 1st October of the year in which they desire admission to the College.

Submission of applications.—In the case of candidates Conservators of Forests, Bengal — of categories (1) and Northern Circle, Darjeeling. (2) applications must Southern circle, Calcutta. be sent to a Conserva

None of the above mentioned officers need belong to the Forest Circle or province in which the candidate seeks em ployment.

In the case of candidates of category (3) applications must be sent to and in the manner prescribed by the Governor of the Colony . in the case of students deputed by an Indian State all applications for studentships must be endorsed by some responsible official such as an Agent to the Governor General, a Resident, a Political Agent, a Superintendent or a Deputy Commissioner, to ensure that the studentships asked for are based on the actual requirements of that State only.

Certificates.—All applications must be accompanied by the following certificates :—

- (a) A certificate that the candidate is a " Native of India " within the meaning assigned to those words by section 6 of 33 Vict., Chap 3.
- (b) A certificate of age
- (c) A health certificate in the form prescribed by Article 49 of the Civil Service Regulations, 5th

edition signed by a Civil Surgeon, or such other qualified medical officer as may be approved by the President, and testifying to the candidate's sound constitution, good vision and hearing, and general physical fitness for a rough out-door life in the Forest Department, and to the fact that he bears on his body marks of successful vaccination or of small pox.

- (i) A certificate of respectability and good moral character from two or more persons whose social or official position can be accepted as a guarantee of reliability.

The certificates (i) and (d) must bear date not further back than the 1st September of the year previous to that in which the candidate desires admission to the College.

If any person giving certificates as above under (i) and (d) is in a position to mention anything more to the credit of the candidate than the certificates actually called for, he may do so.

- (e) A certificate of having passed one of the following examinations, *viz.*—
- (1) The B. A., F. A., B. Sc., or Licentiate of Agriculture.
- (2) The Matriculation, where no school final examination or school-leaving certificate exists.
- (3) The school final examination provided the candidate can show that he has qualified in English and Mathematics up to the Matriculation standard or, for European candidates a certificate of having passed the High School examination with a

similar proviso

- (4) The school leaving certificate as prescribed in the United Provinces, Central Provinces, and Bombay

Note —The Punjab Government has raised the minimum educational qualification for Forest Ranger candidates from Matriculation to Intermediate, i.e., F. A. or F Sc.

The President is authorised to admit candidates, as exceptional measure, who for some valid reason (such as being subject of an Indian State or Foreign country) has had no opportunity of securing any of the certificates mentioned above, provided that the candidates pass the qualifying examination, details of which are given below.

The Inspector General of Forests may, should he consider it desirable, relax any of the conditions imposed under rules of age and qualifying Examination.

Upon the receipt by the Conservator of any application in respect to which the proceeding conditions shall have been observed, that officer may reject the application without assigning any reason for so doing; but if he accepts it and the applicant is a candidate for Government service he should be seen by a Conservator of a Forest Circle when this can be conveniently arranged, or by some officer of the Imperial Forest Service, who should record his personal opinion in regard to the suitability of the candidate.

Those candidates who have been approved will, with the permission of the Local Government in the case of Government probationary students, and under the Conservator's recommendation in the case of private students and that of the Durbars in the case of candidates from

Indian States, be eligible for nomination to the College, provided that they pass the qualifying examination and their certificates should be sent to the President not later than the 1st November in each year.

Every candidate will be required to pass a qualifying examination in the following subjects —

- (1) Dictation of a page of ordinary English prose
- (2) An essay to be written in English on one of the several simple subjects
- (3) Mathematics (Arithmetic, Geometry and Algebra).
The standard of this paper will be that of Matriculation.

Twenty percent. of the marks allotted for subjects 1 and 2 will be given for handwriting

Every candidate must obtain sixty per cent. of the number of marks allotted to each of the above subjects.

This examination will be held simultaneously at Dehra Dun, and at Calcutta, Gauhati, Lucknow, Srinagar (Kashmir) and Lahore.

The papers will be corrected at the Forest College, Dehra Dun.

Candidates will be required to defray their own travelling expenses in connection with the examination.

No fee will be charged.

The examination will be held in the 2nd week of December of each year.

Preliminary training.—All candidates not already in

the service of Government who have been accepted by the President for admission to the College will be required to undergo, before joining the College, a course of practical training in the forests lasting at least 3 months. This need not be in the Province or State of domicile. Such candidates will not be allowed to join the College unless they can produce a certificate signed by the Divisional Officer under whom they have served, and countersigned by the Conservator of the Circle, or in the case of Indian States by the Durbar, that they have undergone the course of practical training in a satisfactory manner and are likely to become useful Forest Officers. The President may exempt a candidate from the whole or a portion of the practical course above prescribed, after satisfying himself that the omission to complete the minimum prescribed term was due to no fault of the candidate and that a Conservator of Forests has certified that he has given promise of making an efficient Forest Officer.

Stipends or scholarships—It is left to Local Governments to award stipends or scholarships in such manner as they please, provided that the total for the 24 months' course does not exceed 1,200 rupees, *i.e.* does not exceed an average rate of Rs 50 per mensem.

In the event of scholarships being awarded, the general method of assigning them will be :—

- (a) a stipend not exceeding Rs. 50 per mensem for the duration of the course or a portion thereof;
- (b) in lieu of the above, a lump sum to be paid on a candidate successfully obtaining such certificate as may have been agreed upon ;

(c) partly the one, partly the other of (a) and (b)

Allotment—Government probationary students, while under training in the forests of the provinces from which their names have been sent up, will receive travelling allowance at the rate of Rs. 25 per mensem to enable them to defray their travelling expenses during the course of practical training referred to above. This allowance will be met from the budget grants of the local Forest Departments, and will be paid only under the countersignature of the Conservator of the Circle concerned.

RULES FOR CANDIDATES IN CATEGORY (4)

Candidates in Government service who may be deputed to the Forest College will be ordinarily.—

- (a) Forest Rangers who have not previously obtained the Higher Standard certificate of the College and who desire to qualify themselves for further promotion in their or own or to a higher class.

Such officers may be deputed by Local Governments, provided that they pass the qualifying examination. They must not be above 30 years of age on entering the College and need not go through the practical training. While at the College they will draw the pay of their grade and the travelling allowance to which they may be entitled under the Civil Service Regulations.

- (b) Other members of Subordinate Forest Service (Deputy Rangers, Forest and other subordinate officials) similarly desirous of qualifying for promotion, who may be deputed by Local

Governments, provided that—

- (i) they have been in the subordinate forest service for not less than 2 years;
- (ii) they are under 25 years of age on entering the College;

Note.—The Inspector General of Forests is empowered to relax these two provisos

- (iii) there is accommodation at the College;
- (iv) they pass the qualifying examination.

Such officers will, while at the College, draw the pay and travelling allowance of their grade in the service, or a stipend not exceeding Rs 50 per mensem in place thereof as the Local Government may decide. They will not be required to undergo the practical training.

- (c) Indian non-commissioned officers of His Majesty's Army

GENERAL RULES.

Ability to meet training expenses.—Prior to the admission of a private or Government probationary student in receipt of a stipend of less amount than indicated above his parents or guardians must satisfy the President that they are willing and able to defray the training expenses of the students.

Fees.—The training fees are fixed at Rs 1,500 per annum. This sum is payable in advance in two instalments due on October 1st and April 1st of each year by the deputing authority in the case of students in categories (2) to (4) and by the parents or guardians in the case of students in category (1). This will cover cost of tuition, also of

lodging, light and water and other services at headquarters for the two years.

The Durbars of Indian States deputing students to the Dehra Dun shall prior to the admission of their nominees into the College, deposit with the President the sum of Rs. 1,200 for each Indian student and Rs. 1,500 for each European student to meet expenses for 2 years.

This is in addition to the fees prescribed above.

Caution money.—All students of whatever category, except those in Government service, will on their arrival at Dehra Dun, deposit in the Post Office, pledged to the President the sum of Rs. 100 as security.

Employment of private students both in and outside India.—The President will maintain a register of the names of private students who succeed in obtaining certificates and who desire to obtain Forest appointments, and will circulate annually a list of such passed students to Durbars of Indian States (through the Political Officers concerned) and to Conservators and other persons both in and outside India likely to be in need of the services of trained Forest officials. In forwarding applications for service the President will enclose a statement of College certificates obtained and will furnish such other useful information as he may be in a position to supply.

No private student has any claim whatever to an appointment in Government service.

Marriage of students.—No student of European or Anglo-Indian extraction, not already in the permanent employment of Government or of an Indian State, shall be admitted into the Forest College if he is married; nor

shall any such student, whether in the permanent employment of Government or of an Indian State or not, marry, before he has finally quitted the College. A breach of this rule will render the student liable to dismissal.

Failure to obtain a certificate—Should any student be unable to appear at the Final Examinations, or, having appeared fail to obtain a certificate, he will not be permitted to appear at any subsequent Final Examination, unless he be permitted by the President to follow a second time, the second year's course.

The Inspector General of Forests may relax this rule should he deem it necessary to do so.

Cost of equipment—Uniform, books and camp outfit must all be paid for in cash. All necessary articles must be obtained from the College contractors or as the President may direct. It is estimated that an initial expenditure of Rs. 150 in the case of Indian and Rs. 220 in the case of Europeans and other students will be required, and students are expected to bring this sum with them to Dehra in addition to the caution money.

The President may authorise an advance not exceeding Rs. 100 to any student towards the cost of his equipment. The advance will be recovered in not more than six monthly instalments and the caution money deposited will be security for it. This advance will, however, be made in exceptional cases only.

Travelling allowance of Government probationary students—Such students will not ordinarily be entitled to travelling allowance being expected to defray their expenses when on tour; but it is left to Local Governments

to sanction the payment of actual expenses for journeys by rail, steamer, boat, motor, or other transport.

Stipends.—It must be clearly understood that there is no guarantee that a stipend will cover the whole cost of living, etc., at the College. It is rather in the nature of a scholarship to assist the student during his training.

Coimbatore :—Madras Forest College.

Any candidate for admission to the Forest College as a private student must possess the general educational qualification prescribed in paragraph 1 of the Public Service Notification. (The minimum qualification being the Matriculation or the School Final) In the case of those possessing School Final Certificates, they should have obtained at least 40% of the marks in English, Mathematics and Science.

The candidate must not be less than 18 or more than 25 years of age on the 1st April of the year in which he desires admission to the College.

The application must be presented in person to the District Forest Officer of the District in which the applicant resides, or in the case of a Native State, to the Conservator of that State, in time for the application to reach the principal of the Madras Forest College *not later* than the 1st September in each year. No application will be received *before* the 1st July in each year.

Application should be in a form prescribed, as given in the prospectus.

Every application for admission to the College should

be accompanied by the following certificates :—

- (a) A certificate that the candidate is "Native of India" .
- (b) A *certificate of age*
- (c) A health certificate
- (d) A certificate of respectability and good moral character
- (e) The requisite educational certificate

The certificates (c) and (d) must bear date not earlier than the 1st April of the year in which the candidate applies for admission to the College. All certificates (including the Educational certificate) must be submitted in original.

Prior to the admission of the candidate, his parents or guardians must satisfy the Principal that they are willing and able to defray the expenses of the student at the College. These expenses are estimated at Rs. 2,000 approximately.

It has been recently decided that two private students from the Madras Presidency may be admitted into the college annually for training on payment of Rs. 500 only as tuition fees for whole course. This concession is not to be taken to mean that there is any possibility of employment in Government service. These students will be selected by the Principal. All other private students will have to pay tuition fees at Rs. 1,500 per annum amounting to Rs. 3,000 for the two years' course. All private students must in addition bear the ordinary expenses specified above.

Government have ordered that candidates from the Punjab, North-West Frontier Provinces, the United Provinces, Bengal and Assam, should be trained at Dehra Dun, while the Coimbatore College shall be open to candidates coming from Bombay, the Central Provinces, Bihar and Orissa, Orissa Feudatory States, the Central India States and Native States of Southern India including Hyderabad

Private candidates who have been accepted by the Principal for admission to the College will be required to undergo a course of practical training in the forests of a Madras Circle, or other selected forest charge, for at least 6 months. Such candidates will not be allowed to join the College unless they can produce a certificate signed by the District Forest Officer under whom they have served, and countersigned by the Conservator of the Circle, that they have undergone the course of practical training in a satisfactory manner and are likely to become useful Forest Officers.

The Madras Forest College course lasts for two years, beginning on the 1st August each year.

On joining the College the student must deposit Rs. 250 to cover expenses on account of supply of uniforms, books and instruments, etc

No Government appointment will be guaranteed to the applicant even if he completes the two years' course satisfactorily.

Students who receive stipends at the College and are guaranteed Government appointments if they do well are, generally speaking, only those who are already in Government service as Foresters.

**Rangoon :—School of Forestry.
(Rangoon University).**

The course of study is designed primarily for the education of probationers for the Burma Forest Service Class II who must pass the examinations for the degree of Bachelor of Science in Forestry. For candidates not belonging to Burma there is a two-years course at the end of which a Diploma is granted.

The course leading to the Bachelor of Science in Forestry extends normally over three years, commencing about the 15th of June of the first and ending about the close of the month of March in the final year.

On the recommendation of the Board of Studies however the Senate may permit candidates for the degree to appear for the examination after a course of two years duration.

The two years course leading to the Diploma in forestry is only open to persons from other countries. With the exception of English and Mathematics, omitted from the Diploma Course, the subjects are the same as those leading to the Degree of Bachelor of Science.

Under the University Act the College is open to all persons without restriction as to race, creed or class. Students who intend to apply for admission to the Forestry Course are recommended to take Mathematics, Physics and Chemistry in their Intermediate Examination. They should also take an early opportunity of interviewing the Professor of Forestry.

Candidates proceeding to the degree of Bachelor of Science in Forestry must have passed the Intermediate

Examination of Rangoon or some other recognised University.

For the Diploma course in Forestry candidates from within the Indian Empire must have passed an examination qualifying for admission to the University. Students from countries outside the Indian Empire who are not qualified for admission to the University must satisfy the Standing Committee of the Senate that their educational attainments will enable them to follow the course.

Fees :—

(i) *Tuition Fees*.—Forestry students domiciled in Burma are charged fees as follows —

Preliminary Forestry	Rs. 144 per year payable in monthly instalments of Rs. 12.
Forestry (2nd and 3rd year)	Rs. 216 per year payable in monthly instalments of Rs. 18.

(ii) *Hostel Fees*.—On admission, Rs. 10 and Caution Money Rs. 5. Messing, etc., Rs. 25 per mensem except for vacation months of April, May and October when Rs. 10 are charged.

(iii) *University Fees*.—On joining the College, students pay a registration fee to the University of Rs. 10 and in addition they pay fees for examinations, etc., as prescribed from time to time by the University.

(iv) *Subscriptions*.—At the beginning of the each year all students must pay the following—(a) Athletics Rs. 8, (b) Library Rs. 3, (c) Magazine Re. 1.

(iv) *Touring Charges*—In addition to the above private students will pay a proportional share of the actual expenses incurred by the College in connection with touring and excursions. For this purpose parents or guardians may be called upon to deposit with the Principal as security for payment of these expenses, a sum not exceeding Rs. 250.

(v) *Sepecial Fees*—For students domiciled outside Burma a special fees of Rs. 2,400 payable in two annual advance instalments of Rs. 1,200 will be charged. This fee will include all charges for tuition, for food and residence in a College Hostel, and for travelling on tour, but will not include fees referred to in (ii) and (iv) above.

Prior to admission, the parents or guardians of any stipendiary student may be required to satisfy the Professor of Forestry that they are in a position to defray any expense incurred which may not be wholly covered by the stipend. In the case of private students, parents or guardians must be in a position to defray the whole expenses.

1st term begins on 15th June.

Conditions of Appointment to Burma Forest Service (Class II.)

The Government of Burma (Ministry of Forests) is prepared to receive applications for twelve candidates for the B. Sc (Forestry) course in Rangoon University. Applications must be made in a form, copies of which can be had on application to the Registrar, Office of the Secretary to Government, Forest Department, Secretariat, Rangoon, and forwarded to the Registrar so as to reach him not later than 15th May.

Candidates whose applications are approved will be required to appear before a Selection Board which will meet at a date which will be communicated—probably about 25th May.

The selection of candidates will be restricted to the following classes of persons:—

- a) Candidates of Burmese descent who are British subjects.
- (b) Candidates, if of other races and British Subjects, domiciled in and born or bred in Burma

In both cases a good knowledge of Burmese is essential.

Each applicant should attach to his application the following certificates:—

- (1) A certificate of age. Candidates must be not less than eighteen or more than twenty-two years of age on the 15th April.
- (2) A health certificate, dated not earlier than the 1st April in the form prescribed, signed by a Civil Surgeon, testifying to the candidate's sound constitution, good vision and hearing, general physical fitness of a rough outdoor life in the Forest Department and the fact that he bears on his body marks of successful vaccination or of small-pox.
- (3) A certificate, dated not earlier than the 1st March showing that the candidate is of good social standing and good moral character, countersigned by a Conservator of Forests, Deputy Commissioner, or other gazetted Government officer of high standing.

- (4) A Certificate countersigned by a Conservator of Forests, Deputy Commissioner, or a gazetted Government officer of high standing that the candidate possesses a thorough knowledge of colloquial English which will permit of his following a highly technical course and is generally of good education. This certificate should be supported by a statement showing the examinations passed by the applicant. No application will be entertained unless the applicant has passed an examination not lower than the I. A or I. Sc Preference will be given to graduates and Science under-graduates will be preferred to Arts graduates and Arts under-graduates respectively. Provided that the requisite education certificates are produced, no preference will be given to the pupils of any particular school or college.
- (5) In the case of an European or Anglo-Indian applicant a certificate signed by a clergyman or other responsible person and dated not earlier than the 1st April that the applicant is unmarried.
- (a) Candidates preliminarily selected will be required to undergo a physical test in the form of a 25 mile walk
- (b) Candidates preliminarily selected will be required to undergo an examination in English Composition, precis writing, Arithmetic and General knowledge and final selection will be made from among the candidates who have qualified in this examination.

(c) Before commencing the course at the University each selected candidate must execute a security bond for the sum of Rs. 2,700 and an agreement binding himself to serve Government in the Burma Forest Department, if required, for a period of five years after completing his course or in default to refund the expenses incurred by Government on his training.

Selected candidates will commence their studies in University College in June and will attend a course of lectures in English, Mathematics, Forest Law and Geology leading to the First Forestry Examination in November. No stipends will be payable during this term but the students will be exempted from the payment of tuition fees.

From the middle of November to the end of following May students will undergo practical training in the forests directly under the orders of the Forest Department during which time they will receive a stipend of Rs. 75 per mensem.

The second part of the course will extend for one year and ten months from June of the Second year to March of the following year. During this period the hostel and tuition fees together with the cost of approved books will be borne by Government, and the students will travel at the expense of Government when on tour. It must, however, be noted that students will not be admitted to this part of the course, nor will they be eligible for the privilege of free board, tuition and books unless they have acquitted themselves during their first year both in College and in the forest to the satisfaction of the Professor of Forestry and University authorities.

Periodical examinations to test the candidate's progress will be held, probably at the end of each term, and any student failing to qualify at these examinations will be removed from the Forestry Course.

On completion of the prescribed training a student will be appointed to the Burma Forest Service, Class II, as an Extra Assistant Conservator of Forests, on probation, provided —

- (i) he has obtained a degree in Forestry;
- (ii) he has acquitted himself satisfactorily during the course of training,
- (iii) he is certified by a Medical Board or Medical Practitioner appointed by or under the orders of the Local Government to be still physically fit for an appointment to the service.

Every student who, except for reasons beyond his control, fails to complete his course of training satisfactorily or becomes physically unfit for appointment or fails to join the service therein for a period of five years will be liable to refund to Government the full amount expended by it for his training.

(i) Extra Assistant Conservators of Forests will draw pay according to a time scale commencing at Rs. 300 per mensem and rising by annual increments of Rs. 25 to Rs. 600 at which stage there will be an efficiency bar. Those who are considered fit to pass this bar will continue to draw the annual increments of Rs. 25 till Rs. 800 is reached. Extra Assistant Conservators placed in charge of Forest Divisions will draw in addition a special pay of Rs. 100 per mensem. There are also three selection

posts, two on Rs. 900 each per mensem and one on Rs. 1,000 per mensem. Only officers who have completed 20 years' service as Extra Assistant Conservators of Forests and who have a good record will be ordinarily eligible for promotion to those posts but it will be open to the Local Government to make promotions at an earlier stage for special reasons.

(ii) On appointment an Extra Assistant Conservator of Forests will be on probation for two years, during which he is required to qualify in the following subjects:—

- (a) Higher Standard Burmese (for non-Burman Extra Assistant Conservators of Forests only).
- (b) Procedure.
- (c) Accounts.
- (d) Land Revenue.
- (e) Forest Law.

Until he has so qualified and is confirmed, an Extra Assistant Conservator may not draw pay at a higher rate than Rs. 325 per mensem. On confirmation he will resume drawing pay under the time scale at the rate to which his length of service entitles him.

(iii) Extra Assistant Conservators of Forests who display exceptional merit will solely on grounds of merit, irrespective of seniority, be regarded as eligible for promotion to the Burma Forest Service, Class I, which will take the place of the existing Indian Forest Service in Burma to the extent of $2\frac{1}{2}$ per cent. of the posts of the combined strength of the Indian Forest Service and the Burma Forest Service Class I.

General.

Any further information desired by intending candidates may be obtained on application by letter or in person to the Registrar, Office of the Secretary to the Government, Forest Department, Rangoon. Copies of the Regulations of the Faculty of Forestry in the University of Rangoon may be obtained from the Registrar, University of Rangoon.

Any attempt on the part of the candidate to enlist support for his application from Government office or other persons of influence will disqualify him for appointment.

During their course at Rangoon University, students must be members of the Sappers and Miners Company, University Training Corps and must pass the efficiency tests in that Corps. They must also pass the examination in First Aid by the St. John's Ambulance Association.

In the event of an insufficient number of suitable candidates being forth-coming the Selection Board reserves the right to reject all candidates.

MEDICINE.

FOREIGN MEDICAL DIPLOMAS.

F. R. C. S. (England.)

There are two examinations for the Fellowship—the First (or Primary) and the Second (or Final).

(A) The First examination can be taken by—

(1) A Member of the College at any time after receiving the Diploma of Membership (*i.e.*, a student who has obtained the Diploma of M.R.C.S., L.R.C.P.)

(2) A candidate who, not being a Member of the College, has passed Parts I, II and III (Chemistry, Physics and Elementary Biology) of the First Examination and Part I (Anatomy and Physiology) of the School Examination of the Examining Board in England by the Royal College of Physicians of London and the Royal College of Surgeons of England, on production of certificates.

(a) of having been engaged in the acquirement of professional knowledge during not less than three Winter Sessions after Registration as a Medical Student by the General Medical Council or after passing a Preliminary Examination in General Education recognised by the Conjoint Examination Board;

(b) of having dissected at a recognised Medical School or Schools for a period of not less than sixty weeks. (Dissections during the ordinary vacations will be accepted up to a maximum of six weeks in any one year, provided that the Certificate shows that they have been performed

under the superintendence of an authorised Teacher in a Medical School)

or (3) A candidate who is a Member of recognised University, on the production of Certificates of Registration as a Medical Student or of having passed a Preliminary Examination, and of having passed the examination for the Degree of M.B. at a recognised University comprising the subjects mentioned above ; of having been engaged in the acquirement of professional knowledge during not less than three Winter Sessions, and of having dissected at recognised Schools for a period of not less than sixty weeks.

In addition, the following further certificates must be produced : Of having attended Lectures on Anatomy during one Winter Session at a recognised Medical School ; of having attended at a recognised Medical School—(a) a course of experimental Physiology, (b) a course of Chemical Physiology (c) a course of Histology.

Note.—By (a) it is meant that the learners themselves shall, individually, be engaged on the necessary experiments, manipulations, etc., but it is not thereby intended that the learners shall perform vivisections.

The subjects for the First Examination are Anatomy and Physiology, and it is held in the months of June and December. The fee is eight guineas.

[For candidates who pass the required Preliminary Examination in General Education after January 1, 1923, the following Regulation should be substituted for (A) above.]

(A) The First examination can be taken by .—

(1) A member of the College at any time after receiving the Diploma of Membership (*i.e.*, a student who has obtained the Diploma of M. R. C. S., L. R. C. P.)

(2) A candidate who, not being a Member of the College, has passed Part I (Anatomy and Physiology) of the First Examination of the Examining Board in England by the Royal College of Physicians of London and the Royal College of Surgeons of England, on production of a certificate of having dissected at a recognised Medical School or Schools for a period of not less than sixty weeks ;

(3) A candidate who is a member of a recognised University, on the production of Certificates—

(a) of having passed the examination in Anatomy and Physiology for the Degree in Medicine of a recognised University ,

(b) of having dissected at a recognised School for a period of not less than sixty weeks. Dissections during the ordinary vacations will be accepted up to a maximum of six weeks in any one year, provided that the Certificate shows that they have been performed under the superintendence of an authorised Teacher in a Medical School,

(c) of having attended Lectures on Anatomy and Physiology during one Winter Session or two terms (3 months) at a recognised Medical School;

(d) of having attended at a recognised Medical school
(a) a course of Experimental Physiology, (b) a

course of Chemical Physiology, (c) a course of Histology.

The subjects for the First Examination are Anatomy and Physiology, and it is held in the months of June and December. The fee is eight guineas.]

(B) THE SECOND EXAMINATION is open: (1) To a Member of the College at any time after having passed the First Examination, on producing satisfactory evidence of having been engaged not less than six years in the study (or study and practice) of the profession.

(2) To a candidate, who is not a Member of the College but who possesses a qualification recognised by the Council for the purposes (*see note on the next page*), after having passed the First Examination and on the production of evidence of having been engaged in the study (or study and practice) of the profession for not less than four years subsequent to the date of obtaining the recognised qualification, one year of which shall have been spent in attendance upon the surgical practice of a recognised Hospital or Infirmary.

The subjects of the Second Examination are Surgery, including Surgical Anatomy and Pathology, and it is held in the months of May and November. The fee is twelve guineas.

The fees to be paid for admission to the Fellowship is fifty guineas (except when the candidate is a Member of the College in which case the fee is thirty guineas) but of the examination fees twenty guineas will be reckoned as the fees or part of the fee payable upon admission to the Fellowship.

It should be noted that the diploma of Fellow is not conferred upon successful candidates until they have attained the age of twenty-five years.

Note.—It should be noted that in the case of the Fellowship, the possession of a registrable qualification is not sufficient, unless such qualification is the Degree in Medicine of a University recognised by the Royal College of Surgeons. These are the registrable Surgical and Medical Degrees of the Universities of Allahabad, Calcutta, Bombay, Lucknow, Madras and the Punjab.

Concessions in regard to the curriculum and examinations for the Diploma of F.R.C.S. are not granted. It should be added, however, that if a Graduate in Medicine of a recognised Indian University obtains the Diplomas of L.R.C.P. and M.R.C.S. he becomes eligible to present himself for the examinations for the Fellowship under the conditions referred to in paragraph (1) above, without waiting the interval required by paragraph (2).

Fuller information can be obtained either through the University Bureau or Local Advisory Committee in India and the Secretary to High Commissioner for India (Education Department), London or direct from the Director of Examinations, Examination Hall 8-11, Queen Square, London, W.C. 1

Membership of the Royal College of Physicians.

Any candidate who is a Licentiate of the College, or who has obtained at any University a degree of Bachelor of Medicine which is registrable by the General Medical Council of the United Kingdom, shall, if the Censors'

Board think fit, be admitted to the Pass Examination. The nature and extent of this Examination shall, in the case of each Candidate, be determined by the Censors' Board.

Each candidate must furnish proof that he has attained the age of twenty-three years, and must produce a testimonial from a Fellow or Member of the College certifying from personal knowledge of him that he is a fit and proper person for admission as a member as regards moral character, and he must also satisfy the Censors' Board as to the sufficiency of his general education and culture, and credit will be given for knowledge of Latin, and of either Greek, French, or German, by examination before the Censors' Board.

Any candidate admitted to examination who has attained the age of thirty years, and who can produce testimonials as to moral character and conduct and his general and professional attainments, shall be permitted to submit work by himself in any branch of medical science in general literature, that has been published, and if the Censors' Board decide that such work is of sufficient merit to excuse the candidate the whole or part of the usual examination the Censor's Board may modify the examination as they think fit.

- The examination is held in January, April, July and October, and consists of written and *viva voce* examination on Medical Anatomy and on the Principles of Medicine, the Practice of Medicine, including the Principles of Public Health, and Psychological Medicine; and the candidate's practical knowledge will be tested either at the College or in the Medical Wards of a Hospital. The fee for exami-

nation is ten guineas. The fee for admission as a member is 40 guineas, except when the candidate for membership is a Licentiate of the College, in which case the fee already paid for the licence shall be deducted from the forty guineas. The fee paid for the examination as a member, in the event of the candidate satisfying the Censors' Board of his competency.

Fuller information can be obtained either through the University Bureau or Local Advisory Committee in India and the Secretary to the High Commissioner for India (Education Department), London, or direct from the Registrar of the Royal College of Physicians of London, Pall Mall East, S. W. 1

Fellowship of the Royal College of Surgeons, Edinburgh.

Every candidate for the Fellowship by examination must produce satisfactory evidence that he is twenty-five years of age, and that he has for at least two years subsequent to the date of having obtained a qualification in Surgery recognised by the College been engaged in the study or practice of his profession. The registrable Surgical Qualifications at present recognised by the College are those of the Royal College of Surgeons of England, the Royal College of Surgeons of Ireland, the Royal Faculty of Physicians and Surgeons of Glasgow, the Surgical Degrees of the Universities of Great Britain and Ireland, and the Licence in Medicine, Surgery, and Midwifery of the Society of Apothecaries of London and the Apothecaries' Hall, Dublin, registered under the Medical Act, 1886; the Sur-

gical Degrees of the following Universities : Canada, Sydney, Melbourne, Adelaide, New Zealand, Calcutta, Bom-bay, Madras, the Punjab, (Provided these degrees (Indian) were not conferred after February 24th, 1930 and in the case of Calcutta between November 30th, 1924 and May 12th, 1928) and such qualification as may be from time to time approved of by the Council of the College.

Every candidate for the Fellowship by examination should lodge with the Clerk to the College (Mr. David Thomson, 49, George Square, Edinburgh) a Petition for examination, signed by two Fellows as proposer and seconder, of whom one at least shall be resident in Edinburgh. These Fellows must be sufficiently acquainted with the candidate to vouch that he is in every way a suitable candidate for the Fellowship. A candidate who is not personally acquainted with two Fellows as required, may make application, through the Secretary, to the President's Council for permission to appear for examination, giving full particulars, testimonials, and references as to his status and qualifications.

The examination will be held in September, January, March and July.

The subjects are.—

- (a) The Principles and Practice of Surgery, including Surgical Anatomy.
- (b) Clinical Surgery.
- (c) One Optional Subject from the following : (1) Surgical Pathology and Operative Surgery ; (2), Ophthalmology, (3) Laryngology, Otology, and Rhinology ; (4) Gynaecology, (5) Obstetric Surgery ; (6) Advanced Anatomy, (7) Dental

Surgery and Pathology.

It will be noted that there is no requirement in regard to curriculum, but candidates appearing for the Fellowship Examinations now usually spend six months taking private tuition as well as attending the different clinques at Hospital in Edinburgh.

Candidates for the Fellowship should pay the sum of £50 to the College Funds, but in case of those who hold the Diploma of Licentiate of the College £10 thereof shall be remitted in consideration of the fees they have already paid. The fees shall be payable immediately upon the presentation of the Petition, and in the case of candidates who fail to pass the examination the sum of £10 shall be retained as examination expenses. In the event of any candidate not being elected (after examination) his fee shall be returned to him in full.

A candidate who is unsuccessful cannot be re-admitted to examination before the next quarterly period of the examinations for the Fellowship, and must have the consent of the College authorities. No Candidate who has failed on three occasions shall be again admitted to examination.

M. R. C. P., Edinburgh.

Any Licentiate of a British or Irish College of Physicians, or alternatively any Graduate of a University approved by the Council, with whose knowledge of Medical and General Science the College may be satisfied, may be admitted a Member of the College, provided he shall have attained the age of twenty-four years.

Every Candidate for the Membership shall be examined—

- (1) On the Principles and Practice of Medicine, including Therapeutics
- (2) Also on one or more departments of Medicine specially professed, and approved by the Council, in which a high standard of proficiency will be expected.

The necessary form of Petition can be obtained either through the Secretary to the High Commissioner for India (Education Department) London or direct from the Secretary to the Royal College of Physicians, Edinburgh and should be returned in due course together with a statement of the names of the proposer and seconder or accompanied by testimonials of recent date from well known members of the profession, certifying as to professional standing. The Council may then authorise his examination by the Board of Examiners. Examinations take place quarterly in October, January, April and July and applications must be received by the Secretary not less than one month previous to the date of the examination at which the candidate proposes to appear. The fee payable is £36 15s.

Many authorities have expressed a willingness on certain conditions to arrange facilities for candidates to receive practical instruction in the Public Health Department as required under c (ii) and c (iv) above, and a list can be obtained from the Secretary to the Royal Sanitary Institute.

Examinations take place at London and elsewhere in England and Wales on various dates between October and July.

The Royal Sanitary Institute also awards a *Diploma in Sanitary Science* as applied to buildings and public works on the result of Examination conducted by the Institute. It should be noted that this Diploma does not cover the duties of a Sanitary Inspector.

The fee for the Diploma Examination is £55s.

Examination of Sanitary Inspectors for Overseas Candidates.

The Examination for the Certificate of the Royal Sanitary Institute and Sanitary Inspectors' Examination Joint Board is not considered appropriate for students from Overseas who do not seek appointments in England and

Wales, and the Royal Sanitary Institute which conducts examinations for Sanitary Inspectors in the principal centres of the Empire has now arranged to conduct this examination in London.

Candidates are required at the time of making their application to furnish satisfactory evidence that they have had opportunities of gaining a practical knowledge of Sanitary Inspectors' works and duties. Candidates desiring practical experience under a Medical Officer of Health in the United Kingdom should consult the Institute as to where the necessary facilities can be obtained.

Courses of lectures and practical demonstrations are held at the Royal Sanitary Institute, London, commencing any time and also at the Municipal College of Technology, Belfast. Examinations will be held in London about April, July and December, and in Belfast in the Spring. The fee for the examination is £4 4s. It should be noted that a certificate is not granted to any candidate under 21 years of age.

Fuller information can be obtained either through the University Bureau or Local Advisory Committee in India and the Secretary to the High Commissioner for India, Education Department, London, or direct from the Secretary, Royal Sanitary Institute, 90, Buckingham Palace Road, London, S. W. 1

Agra :—Agra Medical School.

The session commences on the 1st August and ends on the 30th April.

Candidates for admission should present themselves at the Agra Medical School on the 21st July for enlistment and medical examination with the certificates required.

The total number of new admission will be limited to 75 in each year.

Students of first year, at the close of the session will be granted three months vacation. Students of second and third years at the close of the session will be detailed for duty in hospital during the vacation.

The full course covers 4 years and prepares students for the L. S. M. F. Diploma examination of U. P.

The school is divided into the following divisions:—

A.—Civil students

B—Military—For students training for the appointments of military sub-assistant surgeons.

CIVIL SECTION ADMISSION.

- (a) Candidates must not be less than 16 or more than 21 years of age. The Principal may at his discretion admit a candidate beyond the age of 21 years.
- (b) They must have passed the School-leaving certificate examination of the United Provinces or the matriculation examination of a university of these provinces or any examination which is instituted in future by the United Provinces Government or by a university of the United Provinces which is equivalent to or higher than

the above mentioned examinations. The Principal may accept, in the case of candidates who are residents of the United Provinces, examinations in force in other provinces equivalent to or higher than the school leaving certificate and matriculation examination of these provinces.

- (c) They must provide certificate—
 - (i) by their school master, and
 - (ii) by a respectable person not related to them, that they are of good moral character and good behaviour
- (d) They must have resided for three years in these provinces
- (e) Students of this class will pay their own living, cost of books and a very few necessary medical appliances for personal use in addition to a tuition fee of Rs 30 per annum each and examination fees
- (f) All civil students will be admitted to the school without being required to sign any bond.
- (g) Recruits for the Provincial Subordinate Medical Service will be selected according to requirements by a competitive examination open to students who have passed the final examination of the school. Those admitted to the service will be required to execute a bond
- (h) Applications for admissions into the Agra Medical School must be made to the Principal.
- (i) They will be trained in strecher and squad drill.

MILITARY DIVISION.

- (a) Candidates must not be under 16 or over 20 years of age.

The number admitted will be in accordance with the number of vacancies declared annually by the Director-General, Indian Medical Service. The selected candidates shall be enrolled under the Indian Army Act and shall have to sign a form.
- (c) Military medical pupils will be required to sign the declaration on passing the Final examination and will be admitted into Government service as 3rd class sub-assistant surgeons.
- (d) An Indian military pupil who expresses his wish to abandon his studies or who fails to pass the periodical school examinations or who misconducts himself will be removed and all certificates to which he would otherwise have been entitled will be withheld. A student who after finishing his course declines to be attested will be similarly treated.
- (e) The diploma will not be given to an Indian

military pupil on passing the Final examination, but will be withheld until the close of his service, and will then be given to him only if he has served for at least seven years. Should he be permitted to resign before the completion of that period, it will be issued to him on his resignation provided he has paid the penalty of Rs 1,000 fixed in the Indian Army Order No 181 dated March 30, 1914. The Director-General, Indian Medical Service, may, however, issue the diplomas in special cases when he considers that the circumstances warrant a deviation from the above rule.

- (f) A candidate seeking admission as an Indian military pupil will be required to furnish a bond executed by a parent, guardian or friend who must be a resident in British India, and must be capable of fulfilling the conditions in the bond.
- (g) Each Indian military pupil will be medically examined at the commencement of each session and each 4th year pupil will be medically examined three months before the final qualifying examination as to his physical fitness for service in the Indian Medical department. A pupil declared to be physically unfit will be discharged.
- (h) An Indian military pupil will not be allowed to appear for the final qualifying examination unless he is certified by the Principal to be in every respect suitable for admission to the Indian Medical department.

- (i) Indian military pupils will be trained in stretcher and squad drill
- (ii) Instruction will be given gratuitously and all the necessary text-books will be provided at the cost of Government.
- (iii) Candidates desirous of admission into Agra Medical School as military students should apply to the Principal

Amritsar :—Amritsar Medical School.

Candidates for admission must be residents of the Punjab and between the ages of sixteen and twenty-one

The total number of admissions in each session is limited to a maximum of 85. Of these (ordinarily) 15—20 are reserved for the Military Division and 10—15 are reserved for candidates recommended by the Administrations of the North West Frontier Province, Jammu and Kashmir, and other Native States. The remaining numbers are open to Punjab Civil Students. Candidates must apply for admission either to the Civil or to the Military Division. Names will not be registered for admission in both Divisions.

Civil Division.

Applications for admission must be submitted to the Principal, together with the following certificates, in original, within a fortnight of the announcement of the result of the Matriculation and School Leaving Certificate Examination of the Punjab University. Applications received after this date will not be considered.—

- (a) Certificate of having passed the Matriculation and School-leaving Certificate Examination of the Punjab University.

- (b) Certificate of respectability signed by a Government Officer not below the rank of Tahsildar, serving in the district in which the candidate ordinarily resides, or by some authority satisfactory to the Principal
- (c) Certificate of character signed by the Head-Master of the School in which the candidate last studied.

On the 4th Monday after the announcement of the result of the Matriculation and School Leaving Certificate Examination of the Punjab University, all candidates whose names have been registered must present themselves personally at the School when the Principal will see them and make a selection, if necessary. No candidate will be selected who is not physically fit. Physical fitness will be determined by an examination and eyesight test, which will be conducted by the Principal assisted by members of the School Staff at the time of the selection. Candidates securing less than 400 marks in the Matriculation Examination need not apply.

No candidate's name will be registered for admission whose papers are incomplete or whose marks in the Matriculation Examination are, in the opinion of the Principal, so low as to make his selection unlikely.

It shall be understood that an application for admission, supported by the required certificates, does not in itself confer a right to be admitted to the School. Candidates and their relatives or friends are not permitted to ask for personal interviews with the Principal or members of the Staff prior to the date on which the selections are made.

The qualifying examinations are the Professional examinations for the Licentiate of the State Medical Faculty.

GOVERNMENT SCHOLARSHIPS

The following scholarships will be granted to Punjab students —

Year	Number.	Rate per mensem
		Rs.
Second year	2	20
Third year	2	20
Fourth year	2	20

The Principal will award these scholarships on the results of the 1st, 2nd and 3rd Professional Examinations and each scholarship granted will be tenable for one year.

The grant of these scholarships will be dependent on the student's general conduct and assiduity. Absence from or failure in a Professional or Class examination, breach of discipline, neglect of duties or reprehensible conduct may entail the forfeiture of a scholarship.

All students of the Civil Division as well as stipendiary students of Native States and North-West Frontier Province are required to pay in advance the following Fees :—First year Rs. 59/- Second year Rs. 59/- Third year Rs. 57/- and Fourth year Rs. 49/-

The course is of 5 years duration. The terms commence in October each year.

Admission of Dispensers into the Civil Licentiate Class.
Two dispensers are yearly admitted to the Civil

Licentiate Class Candidates for these vacancies are selected by the Inspector-General of Civil Hospitals, Punjab, the qualifications required for admission being—

- (a) that the candidate has passed the Matriculation and School-Leaving Certificate Examination of the Punjab University,
- (b) that he has served as a compounder for at least 5 years,
- (c) that he is under 30 years of age.

The selected candidates will receive a subsistence allowance of Rs 15 per mensem whilst attending the school and 3rd class railway fare to Amritsar on first joining. They are not allowed to compete for Civil Government stipends.

They will study in the School for four years.

No tuition, dissection or entrance fee is charged to these students, but they are required to contribute Rs. 12 per head per annum towards the support of the Athletic Club to the School, and Rs 2 to the Students' Room.

LOCAL STIPENDS

Local stipends, of varying value, tenable in the School, are paid through the Principal from the funds of the District Boards or Municipalities which grant them.

After passing the Final Examination, holders of local stipends (who have signed an agreement) are required to report themselves to the Deputy Commissioner of the district from which they came and to wait, in the district for employment for three months. If their services are required, they will receive a salary of not less than Rs 45 a month; but if they do not obtain any employment in

their own district within three months, they are free to seek it elsewhere.

Holders of local stipends are allowed to compete for Government stipends at the prescribed examination with the permission of their respective local bodies, provided they be physically fit for Government service.

INDIAN STATES STIPENDS

Stipends of varying value, for four years, are given by the following Indian Chiefs to residents of respective States :—

His Highness the Maharaja of Jummu and Kashmir	15
Ditto	Patiala
Ditto	Jind
	... 3
	I

The Raja of Poonch

The conditions under which these stipends are granted are fixed from time to time by the States which grant them.

Students in receipt of these stipends are required to pay in advance the fees required.

In addition to these fees the actual cost of education per student per annum is recoverable from all outside administrations and Indian States on account of the services rendered to them by the School in respect of the students deputed by them for training. This capitation fee amounts to Rs. 300 per head per annum approximately, but is subject to variations.

The Kashmir Durbar and North-West Frontier Province pay certain fixed percentages of the total cost of the school instead of capitation fee.

NORTH-WEST FRONTIER PROVINCE STIPENDS.

Six stipends are granted annually at the Amritsar Medical School to candidates who are residents of the North-West Frontier Province and are studying for the Diploma of L S M F, Punjab

The rate of the scholarship is—

	Rs.
1st year	10 per mensem
2nd "	12 " "
3rd "	14 " "
4th "	16 " "

The value, award and tenure of these stipends are subject to the same conditions and restrictions as those which apply to the Punjab Civil Stipend holders. But the Chief Medical Officer, North-West Frontier Province, has the powers to relax the rules relating to the award of these stipends in special cases

Military Division.

The courses of study are the same as those laid down for the Civil Division

Candidates for admission must be between the ages of sixteen and twenty and physically fit for Military service.

Ordinarily 15—20 candidates are admitted each year to the Military Division as Military Medical Pupils. The number is, however, subject to variation without notice. Candidates must apply for admission either to the Military or to the Civil Division. Names will not be registered for admission in both Divisions.

Applications for admission must be submitted to the Principal, together with the following certificates, in original, within a fortnight of the announcement of the result of the Matriculation and School-Leaving Certificate Examination of the Punjab University. Applications received after that date would not be considered.

- (a) Certificate of having passed the Matriculation and School-Leaving Certificate Examination, of the Punjab University
- (b) Certificate of respectability, signed by the Government Officer not below the rank of Tahsildar, serving in the district in which the candidate ordinarily resides or by some other authority satisfactory to the Principal
- (c) Certificate of the character, signed by the Head Master of the School in which he last studied
- (d) Descriptive-roll signed by some person of well-known respectability, resident in the district in which the candidate ordinarily resides

On the 4th Monday after the announcement of the result of the Matriculation and School-Leaving Certificate Examination of the Punjab University, all candidates whose names have been registered must present themselves personally at the School when the principal will see them and make a selection, if necessary. No candidate will be selected who is not physically fit. Physical fitness will be determined by an examination and eye-sight test, which will be conducted by the Principal assisted by members of the School Staff at the time of the selection.

No candidate's name will be registered for admission whose papers are incomplete, or whose marks in the Matriculation Examination are, in the opinion of the Principal, so low as to make his selection unlikely.

It shall be understood that an application for admission supported by the required certificates does not itself confer a right to be admitted to the School. Candidates and their relatives or friends are not permitted to ask personal interviews with the Principal prior to the date on which the selections are made.

In addition at the time of admission to the School each candidate will be required to complete I A. Form No IV A.

The entrance stipends will be awarded by the Principal at his discretion, preference being given to those who are residents of the Punjab.

The position of each candidate at the beginning of the second, third and fourth years will be determined by the marks gained by him in the Professional Examination of the first, second and third years, respectively.

An Indian Military pupil who abandons his studies without permission, or who refuses to sign the required declaration on the completion of the course or who fails to pass the periodical school examinations, or who is idle or otherwise misconducts himself shall be removed, and all certificates to which he may have become entitled shall be withheld.

A candidate seeking admission as an Indian Military pupil will be required to furnish a bond executed by a parent, guardian or friend, who must be a resident in

British India and must be capable of fulfilling the conditions in the bond—undertaking to refund to the State the cost of the pupil's education, if the latter refuses, on completion of the course, to accept service in the Indian Medical Department and to sign the required declaration, or if he, before completion of the course, leaves the School without permission or is dismissed therefrom for misconduct.

No student will be permitted to begin his studies who has not deposited the bond duly registered with the Principal by the commencement of the session, and his admission to the School may be cancelled in the event of non-compliance.

Each Indian Military pupil will be examined three months before the Final Qualifying Examination as to his physical fitness for service in the Indian Medical Department. A pupil declared to be physically unfit will be discharged.

An Indian Military pupil will not be allowed to appear for the Final Examination unless he is certified by the Principal to be in every respect suitable for admission to the Indian Medical Department.

Military pupils on passing the Final Qualifying Examination, if declared physically fit for Military Service, will have to sign a declaration in presence of the Principal of the School and will be admitted to the Government service as sub-Assistant Surgeons, 3rd grade.

Military pupils on passing the Final Qualifying Examination are granted a month's leave. They should sign the bond before proceeding on leave or at the latest

on the expiry of this period. If they decline to do so, they will be allowed no further time and their sureties will be called upon to refund the amounts spent by Government on their education.

While in the School, Military pupils will be paid at the following rates —

	<i>Pay</i>	<i>Allowance for English Qualification.</i>	<i>Total.</i>
	Rs.	Rs.	Rs.
First year	10	2	12 a month
Second year	10	2	12 "
Third year	10	2	12 "
Fourth year	10	2	12 "

During their stay in School, Military pupils will be allowed free quarters or hutting money in lieu. They will also receive summer and winter clothing as prescribed by the Government of India (Army Department) and the books necessary for study.

No Tuition, Dissection or Entrance fee will be charged to the Military students, but they will be required to pay in advance each year Rs. 12 as subscription to the Athletic Club and Rs. 2 as subscription to the Students' Room.

Bombay :—Grant Medical College.

All candidates for admission must submit an application to the Dean in writing, upon the specific form a copy

of which can be had from Dean's Office. This form must be submitted by *Registered Post*, together with a stamped and addressed envelope for reply to reach the College Office on or before the 15th May in each year. Students of other than the Bombay University must also submit with their application for admission a certificate of eligibility signed by the Registrar, University of Bombay.

Admissions are granted once a year only to the number of one hundred and twenty only.

Candidates for admission must have passed the Intermediate Science Examination in Group B. of the Bombay University or an examination of some other University recognised by the Bombay University as equivalent to it.

N.B.—Precedence is given to candidates born in the Bombay Presidency or of families derived therefrom who have received their preliminary education at a College affiliated to the University of Bombay. As long as the number of such applications for admission suffices to fill up all the vacancies, candidates from other Universities will not be accepted.

Candidates must submit with their applications a certificate that they are not suffering from Trachoma, i.e., Granular Conjunctivitis. This may be obtained from the Ophthalmic Surgeon at the Cowasji Jehangir Hospital or, for mofussil candidates, from any qualified practitioner.

Vacancies will be filled on the merits of the candidates, applying as evidenced by their marks as obtained at the qualifying examination reduced to a percentage of the total marks obtainable. Government has, however, directed that 10 per cent. of the vacancies shall be allotted each to Mahomedans and Hindus of the Backward Classes

and 10 per cent. to Female Candidates irrespective of their position in the pass-lists of the qualifying examination. Hindu Candidates who desire to take advantage of this privilege must state their caste carefully under heading No. 3 of the application form and submit with their applications satisfactory evidence of belonging in fact to that caste.

On or about 25th May notices will be sent out under cover of the stamped envelope supplied, informing to all successful applicants the result of their applications and notifying the date upon which the fees must be paid. At the same time a list of the successful candidates will be posted on the College Notice Board. Candidates who have not paid their fees either personally or by money-order received in the College by the date selected will lose their seats which will be allotted to the next most deserving applicants. When the full number has paid their fees unsuccessful applicants will be informed accordingly.

Fees to be paid during the course.—

- (i) An entrance fee of Rs. 25.
- (ii) A fee of Rs. 67 per term for each of the three terms in the year, to be paid in advance at the beginning of each term.
- (iii) For students entering upon the second year of their course of study a fee of Rs. 10 for Practical Physiology, to be charged at the beginning of the term with the regular College fees.
- (iv) During the 3rd, 4th and 5th years of study a fee of Rs. 16 per term for Hospital Practice at the Jamsetjee Jeejeebhoy and allied hospitals, to be

paid with the regular College fees, at the commencement of each term

- (v) For students entering upon their third year a fee of Rs 40 for courses of instruction in Infectious Diseases and Vaccination.

Calcutta :—School of Tropical Medicine and Hygiene.

The following are the rules for admission to the courses of instruction :—

i. The School of Tropical Medicine provides two courses of instruction annually, one of six months' and the other of three months' duration. Applications from officers of the Indian Medical Service and Indian Medical Department in military employ to attend either course should be made through the Military authorities to the Director-General, Indian Medical Service. Applications from medical men in civil employ shall be made to the Administrative Head of the Medical Department in which the officer is serving. In the cases of non-Government

medical practitioners applications for admission shall be made to the Director of the School. All applications should be made in August for the long, and in April for the short, course.

2 The longer is a post-graduate clinical and laboratory course, beginning on the 15th October and ending on the 14th April. All students who complete this course are eligible as candidates for the Diploma in Tropical Medicine which will be granted by the Faculty of Tropical Medicine of Bengal

3 The shorter course is held from the 15th July to the 14th October in each year for such Government medical officers as may be deputed by the Civil or Military authorities under whom they are employed. Selected registered private medical practitioners may be admitted if there are vacancies. All students who complete this course are eligible as candidates for a License in Tropical Medicine which will be granted by the Faculty of Tropical Medicine in Bengal

4 The longer course is intended for Government Officers and private practitioners who are in possession of qualifications recognised by the General Medical Council of the United Kingdom. Government Medical Officers and private practitioners not possessing such qualifications but who are registered medical practitioners in India can only be admitted under exceptional circumstances under the following rules:—

The applicant must produce evidence to show that—

(i) his standard of medical knowledge and practice is equal to that demanded from candidates fro

the medical degrees of the Indian Universities,

- (ii) he has been engaged in the practice of medicine for a period of at least five years. In the case of a candidate who has been engaged in work in a teaching hospital or a laboratory, this period may be reduced to three years if the candidate is considered to be suitable for admission in all other respects,
- (iii) his pursuance of a course of study at the School is likely to enhance his value as a Government servant, teacher, or public health or research worker

N.B.— Special consideration will be given to the claims of those who have been engaged in medical research.

5. Government servants while attending a course of instruction will be treated as on duty

6. The course of study given at the School of Tropical Medicine, Calcutta, will be taken into consideration for purposes of granting accelerated promotion to the rank of Major in the case of Indian Medical Service officers. Civil and Military Assistant Surgeons and Sub-Assistant Surgeons who obtain the Diploma will be exempted from their next departmental examination, or from their attendance at the next postgraduate course, as the case may be.

7. Indian Medical Service officers in civil employ will be allowed, while attending the institution, the substantive pay which they were actually drawing before

they attended the institution. They will be entitled also to such allowance as is admissible to them under the Calcutta House Allowance Scheme.

N.B.—It must be understood that this and other rules relating to pay and allowances and the concession of payment of fees apply only to officers serving under the Government of Bengal. It is for the Military Department and other Local Governments or Administrations to make such rules in respect of officers deputed by them for training in the institution as they may think proper in this behalf.

8. Uncovenanted medical officers will be allowed the substantive pay which they were actually drawing before they attended the institution.

9. Civil Assistant Surgeons and Military Assistant Surgeons in civil employ attending either course will be allowed their "time-scale pay," substantive pay," as the case may be, and in spite of such allowances being drawn by their *locum tenens*, may be permitted also to draw duty allowances, including staff, jail, medico-legal, hostel, X-Ray and teaching allowances which are "special pay" within the meaning of Article 9 (25) (a) and (b) of the Fundamental Rules, which they were drawing before their deputation to the School, and would have continued to draw if they had not been so deputed, together with lodging allowances, at the rate of Rs. 50 per mensem: Provided that (a) Civil Assistant Surgeons who relinquish an appointment in Calcutta, to attend either course, and continue to draw the pay of such appointment, shall not be entitled to draw lodging allowance, unless their appointments entitle them

to free quarters, (b) Military Assistant Surgeons, who relinquish a civil appointment in Calcutta, which carries a house allowance in lieu of quarters, shall not be entitled to lodging allowance in addition to, or excess of, the house allowance previously drawn ; and (c) provided also that Civil and Military Assistant Surgeons will be entitled to the full privileges specified in this Rule only at their first attempt to obtain the *diploma* or certificate and that if they fail to obtain the diploma or certificate, they will at any second or third attempt to qualify, be entitled merely to their pay and ordinary travelling allowance, while for subsequent attempts the privileges allowed under Rule 13 and 14 will no longer be admissible

10. Civil and Military Sub-Assistant Surgeons in civil employ will be granted the same terms as Civil and Military Assistant Surgeons, respectively, except that they will draw lodging house allowance, at the rate of Rs 30, instead of Rs. 50 per mensem

11. The salaries of officers attending the course should be paid from the source from which they would have been paid had they not attended

12. All classes of Government medical officers attending a course of instruction at the School will be entitled to travelling allowance to and from Calcutta under the rules published by Government under Notification No. 1945 F., dated the 23rd December, 1921

13. All students attending the six months' course will be charged a fee of Rs. 300 and an additional fee of Rs 15 for the use of a microscope. All candidates appearing at the final examination for the Diploma in Tropical Medicine will be required to pay an examination fee of Rs. 100.

Officers of the Indian Medical Service and Uncovenanted Medical officers must pay these fees themselves. Government will pay the fees of Civil or Military Assistant Surgeons or Sub-Assistant Surgeons serving under and deputed by them.

13 A The exemption from fees allowed under Rule 13 is granted on the understanding that all fees may at the discretion of Government be levied in full from any student, who is granted exemption, if he fails to secure his diploma or certificate and such failure is in the opinion of the Director due to inattention or neglect.

14 All students attending the three months' course will be charged a fee of Rs 150 and an additional fee of Rs 15 for the use of a microscope. All candidates appearing at the examination for the License in Tropical Medicine will be required to pay an examination fee of Rs 50. Government will pay the fees of Civil or Military Assistant Surgeons or Sub-Assistant Surgeons serving under and deputed by them.

15 Caution money, which will be refunded at the termination of the course after recouping charges for damage to appliances, must at the time of admission be deposited by students attending the course here as under :—

D. T. M or D. P. H course	Rs. 100
L. T. M Course	Rs. 50

Two courses of instruction are to be held during the year :—

The Long Term Class lasts for six months during the cold weather from the 15th October (or from the

termination of the Puja holidays if later) to the 15th April. This term includes the examination for the Diploma in Tropical Medicine.

The Short Term Class for the three months from 15th July to the 14th October with an examination for the License in Tropical Medicine at its conclusion.

The vacation will be from April 16th to July 14th.

A calendar and time table will be issued at the beginning of each session showing the hours of lectures, instructions and demonstrations.

As it is not possible to obtain meals in the vicinity of the School, lectures, demonstrations and laboratory instruction will be given between the hours of 10 A.M. and 2 P.M. The laboratories will, however, remain open till 4 P.M. to enable graduates to work out their cases in the wards and laboratories.

Institute of Hygiene

The following are the rules for admission to the course of instruction -

1. The Hygiene Institute provides for one course of instruction annually of over nine months duration. Applications to attend a course should be made in August as laid down in Rule 1 for the course in Tropical Medicine.
2. The course is a post graduate one commencing on the 15th October.
3. The course is intended for medical men who are otherwise eligible under the regulations of the Calcutta University for admission to the examination for the Diploma in Public Health of that University, and it is

recommended that the University be applied to for their Regulations

4 Rules 5, 6, 7, 8, 9, 10, 11 and 12 of the Tropical Medicine section apply to medical officers attending this course

5 All students attending the course will be charged a fee of Rs 300 for classes held in the school and Rs. 15 for the use of a microscope. The local Government will pay fees for such Assistant Surgeons as may in the public interest, be specially deputed by them, to take the course. The formal orders of Government will be required in each case. Each student must himself pay the following additional fees—

Rs.

(1) To the Campbell Hospital for attending the infectious wards there	25
(2) To the Medical Officer of Health of the Calcutta Corporation for practical Instruction in Public Health Admission	... 75
(3) To the Calcutta University as Examination fee	... 200
(4) Students who are not graduates of Calcutta University must produce an emigration certificate and pay a non-collegiate fee of .	15

5A. The session begins on the first Monday in July of each year and ends on the first Monday in April of the following year

The Diploma of the College is conferred on those students, who have completed the full three years' course given in the College, are above twenty-one years of age and have passed all the required examinations

Admission Fee	Rs 10 0 0
First Year Tuition Fee	Rs 300 0 0

Second Year Tuition Fee	Rs 300	0	0
Third Year Tuition Fee	Rs 400	0	0
Diploma Fee	Rs 25	0	0

Fees are payable strictly in advance in two instalments, payable on the first Monday in July and on the first Monday in December. Fees once paid cannot be refunded.

Qualified medical practitioners must *put in one whole year* in the College in order to qualify for the Diploma of the College. The fees in their case would be Rs 500 payable in two instalments as above. The session for medical practitioners extends from June of next year.

Instruments and appliances required for the First Year cost approximately about Rs 75.

Instruments and appliances required for the Second Year cost approximately about Rs. 200.

Instruments and appliances required for the Third Year cost approximately about Rs 50.

These instruments and appliances are a sort of investment for the student, as they would be useful to him when he starts his own practice after finishing his college course.

All students are earnestly requested to be present at the opening of the session on the first Monday in July. Last date of admission to the regular course is July 31.

Indian students may live in Calcutta for about Rs 50 per month.

This College is at present a public institution but is not affiliated to any University.

As a considerable number of extracted teeth are needed for use in the practical work of the Operative Technique, intending students are requested to bring with them extracted teeth in such quantities as they can procure from practitioners in their locality.

The College is co educational and welcomes both men and women students.

The College has no facilities for offering any courses by correspondence.

No student should join with the idea that dentistry is an easy subject. The regular four years' course has been condensed into three years, and students are expected to work really hard during the session from 8 A.M. to 5 P.M. Students who are not serious and hard working should keep away from the profession of dentistry.

Training in Mechanical Dentistry

Realising that there is a great demand for Dental Mechanics, which should be met, a new department has recently been added for training students in Mechanical Dentistry only.

The course will comprise practical training in vulcanite plate making, swaging, and gold crown and bridge work. The teaching will be by practical demonstrations and technique work only. No lecture will be given and no work on patients allowed. The aim, primarily, is to train up dental mechanics who will be useful in a private dentist's office.

Any person, male or female, having an elementary school education, is eligible for admission.

The course is of six months. Students may join any time during the college session, *i.e.*, between July and March. The fee for this course is Rs. 20 per month, payable in advance, or Rs. 100 in a lump sum. The hours of attendance are from 8 A.M. to 5 P.M. every day, except Sundays and the usual college holidays.

All Dental Mechanic students must possess their own instruments (Sections 1 and 2 only of the official list of instruments). The price of these would be about Rs. 70. These would be the property of the student and he will be able to use them when he goes out of the school.

A certificate will be awarded to the student who satisfactorily completes the course in Mechanical Dentistry.

Delhi:—Lady Hardinge Medical College.

The College was opened by Lord Hardinge, on the 17th February, 1916.

The College and Hospital are supported by a grant of Rs. 3,14,500 from the Government of India, supplemented by grants from Provincial Governments and Indian States. Students are prepared for the Intermediate Science Examination, and the M.B., B.S. degree, of the Punjab University, with which the College is affiliated.

No student will be admitted to College under the age of 16.

Applications for admission must reach the Principal's office not later than 1st July each year. The College year consists of one session extending from mid September to the end of the following May.

Each applicant must produce a certificate of good character from the head of the College or School in which she last studied, and recommendations from two well-known inhabitants of the city or district in which she lives. The form of application must be attested by a person of unimpeachable character. It must be accompanied by a certificate of physical fitness for the course, on the prescribed form, and signed by a medical practitioner not below the rank of an Assistant Surgeon, preferably by a woman. Copies of these forms may be had on application to the Principal.

Each student must, before entering the College, produce also a certificate of having passed the Matriculation Examination of one of the Indian Universities, or an equivalent, such as the Senior Cambridge, or School Final

Examination In all cases the subjects taken must include English, Algebra and Geometry (Practical and Theoretical).

The College is affiliated to the University of the Punjab and provides a seven-years' course of instruction for the Intermediate Science Examination, and the M.B., B.S., degree, of that University. The medical curriculum is in accordance with the requirements of the General Medical Council of Great Britain.

Intermediate Science course.

This occupies two years. The subjects studied are English, Biology, Chemistry (inorganic and organic), Physics including Mathematics. At the end of the second year, students appear for the Intermediate Science Examination (Medical Students' Group).

Note.—(a) Students who have passed the Intermediate Science Examination of any other recognised University may, with the consent of the University of the Punjab, be exempted from the whole or part of this Examination.

(b) Students who are exempted from all subjects of the Intermediate Science Examination, except Organic Chemistry, may study this subject in the first year of the Medical Course.

(c) Students who have passed the Intermediate Arts Examination, of any other recognised University, are exempted, in some cases, from appearing in English and Mathematics, but it will be necessary for them to take two

years for the Science Course, unless they have already passed in Biology, Chemistry and Physics.

Curriculum for the M.B., B.S. Degree

This occupies five years.

At the end of the fifth year students take the final professional examination for the degree of Bachelor of Medicine and Bachelor of Surgery.

All students, during their course of training, must live in the Hostel provided for them in the College grounds, where they are under the immediate care of the Warden.

There are five hostels for the various communities, and five dining-halls with cook-houses attached, two of which are entirely vegetarian. All students, however, use the Common Recreation Room. All are expected to take breakfast, lunch and dinner, in their respective dining-halls. No student may cook food in her own room.

All students are required to pay a fee of Rs 200 in advance each year. This includes fees for lectures, practical classes and clinical work, but for the use of a microscope, an extra charge of Rs 10 per annum is made. Half of this will be refunded if careful use has been made of the microscope. A sum of Rs 10 per annum must be deposited for the use of Laboratory apparatus. The balance will be returned at the end of the Session, after deduction for breakages. All students pay an annual subscription of Rs. 4 to the Games Fund.

No student will be admitted unless these sums, due

from her, have been paid in advance.

The hostel charges for board, which are payable monthly in advance, are :—

European Diet	...	Minimum Rs. 30.
Vegetarian Diet	...	" " 22
Non-Vegetarian Indian Diet	" "	25

Students must bear the cost of repairing, or replacing, all articles of furniture, or apparatus, broken by them in the College, Hospital or Hostel.

Compounders' Prospectus.

Admission for the training of pupil-compounders will be made twice a year.

Candidates must be at least eighteen years of age.

They must have passed the Anglo-Vernacular Middle School Examination, or an equivalent. The Principal shall be authorised to admit others who have not passed the above examination provided they are otherwise suitable and have a sufficient knowledge of English.

The Course includes classes in Chemistry, Materia Medica, Pharmacy, Practical Dispensing and the administration of anaesthetics.

It extends over two years, at the end of which time a qualifying examination in Pharmacy will be held, and those passing will receive a certificate of qualification.

The fees for the course are Rs. 20 and Rs. 30 per mensem according to the class of diet taken, whether Indian or European.

This includes tuition and board, but not washing, for which a charge of Rs. 3 per mensem is made.

Pupil-compounders must pay Rs. 15 for uniform, which will be provided by the school, and must be worn while on duty. They must provide their own bedding, towels and mosquito nets.

Pupil-compounders will receive six weeks' holiday in the summer and ten days' privilege leave during the year.

Some scholarships will probably be available, and information regarding these together with further particulars of the course, can be obtained from the Lady Hardinge Medical College, Delhi.

A Medical Certificate will be required in all cases and also certificates of character from the candidate's School Superintendent and from some person of known respectability.

Scholarships.

Three scholarships of Rs. 30 per mensem, tenable for seven years, may be awarded annually by the Governing Body of the College on the recommendation of the Principal, with certain conditions attached.

Three scholarships of Rs. 30 per mensem, tenable for seven years, may be awarded annually by the Council of the Countess of Dufferin Fund, on the recommendation of the Principal, on condition that the recipients sign an agreement to give two years' service under the Council, on completing their medical course.

One scholarship of Rs. 25 per mensem, tenable for seven years, is offered annually to a student who is resident in the North-West Frontier Province, on condition

that she signs an agreement to give five years' service in the Province, on the completion of her medical course.

Four scholarships of Rs. 25 per mensem, tenable for seven years, the gift of Rai Bahadur Sardar Narain Singh, are awarded, on the recommendation of the Principal, by Chief Khalsa Dewan of Amritsar, to whom application should be made.

A scholarship of Rs. 20 per mensem, tenable for one year, the gift of Bai Dhunibai B. Malabari in memory of the late Mr. B. M. Malabari, is awarded annually to the Parsi, Hindu or Moslem student who does the best work in Physiology.

A scholarship of Rs. 15 per mensem, tenable for one year, is awarded annually by the wife of the Honourable Ranjit Sinha of Nashapur, in memory of Lady Hardinge, to the most deserving student of the College who does not hold any other scholarship.

A scholarship of Rs. 15 per mensem, tenable for five years, the gift of Kunwari Shri Rupali Bai, the eldest daughter of the Thakur Sahib of Limbdi, is awarded to a student who joins the College from the Province of Gujarat or Kathiawar.

Four bursaries of Rs. 10 per mensem are available, from Lord Harding's donation of Rs. 10,000. These are intended for deserving students whose means are inadequate. Students receiving them are expected to give, in return, some help to the Librarian, or other member of the College staff.

As several scholarships, awarded by provincial governments, are tenable at the Lady Hardinge Medical College,

students desirous of joining it, and requiring financial aid, should apply in the first place, to the Surgeon-General or Director of Public Instruction of their province. The number of College and Dufferin Scholarships is limited, and applicants are numerous. Candidates should note that the receipt of application forms does not mean that the recipient has been successful in obtaining a scholarship. Applications for financial aid in the ensuing session should reach the Principal's office not later than the 1st July each year.

It should be clearly understood that scholarships cannot be expected to cover the whole expenses of the College Course. These amount to a minimum of Rs 60 a month.

Attached to the Hospital there are (1) a Training School for Nurses, and (2) a Training School for Dispensers. All particulars as to admission and training may be obtained in the case of (1) from the Nursing-Superintendent, Lady Hardinge Medical College Hospital, Delhi, and in the case of (2) from the Lecturer on Pharmacy, at the same address.

Indore :—King Edward Hospital and Medical School

It depends financially upon annual grants made by most of the Central India States and tuition fees from the Raiputana State and private students

Since 1905, the Government of India has recognised the School Diploma as qualifying those holding it to appointments under Government as Sub-Assistant Surgeons.

The Indian Medical Degrees Act (1916) appointed certain examining bodies to grant diplomas to successful stu-

dents from the various medical schools in British India and although this act does not apply to the Indore School, it was decided voluntarily to come within its operation, and to send students to obtain their diplomas to one of the examining bodies constituted by Government. Students are now trained for the junior and final examinations of the Bombay College of Physicians and Surgeons, and after passing obtain the license of this college or they pass the examinations of the junior Course at Indore to take final I. M. P. at Nagpur or the final I. M. F. at Calcutta.

Madras —The Government School of Indian Medicine

The Government School of Indian Medicine, Madras was established in pursuance of G. O. No. 1581., P. H., dated 3rd November 1924, and regular work was begun on the 5th January 1925.

The school works in three sections, *viz.*, Ayurveda, Siddha and Unani.

The school is included to provide such training to its student as will enable them to become competent practitioners of Indian systems of medicine with a good working knowledge of the western systems also. It is with this end in view that provision has been made in this school not only for the proper training of students in Ayurveda, Siddha and Unani but also for giving them course of instruction in such subjects like Modern Anatomy, Pathology and Surgery in all its branches including Midwifery and Ophthalmology. Provision has also been made for clinical teaching (both out-patient and in-patient) as well as for Herbarium, Library, Museum, etc. Vernaculars (Tamil, Telugu and Urdu) are the general media of instruction, but subjects of western medicine are at present taught in English. It is hoped.

however, that Vernaculars will soon be used as the media of instruction for these subjects also.

The number of admissions is, for the present, fixed at a maximum of 120 per annum including those who fail to secure a pass at their annual examination in the first year of whom 60 will ordinarily be allocated to the Ayurvedic section and 30 to each of the two sections Siddha and Unani. The vacancies in any one section may, however, be filled in by admission to any other section, provided that the total number in all sections does not exceed 120.

Selection will be made by a Selection Committee appointed by the Government.

The standard of preliminary general qualification required is a working knowledge of English in addition to proficiency in (a) Sanskrit or Telugu, (b) Tamil, (c) Urdu for admission to the Ayurveda, Siddha and Unani sections respectively. Other things being equal, preference will be given to candidates who possess the Secondary School-Leaving Certificate (especially to those who took up science subjects as optionals) or any other equivalent or higher qualification.

The academical year of the school extends over a period of ten months consisting of two terms—a long term of six months from the beginning of July to the end of December and a short term of four months from the beginning of January to the end of April. The months of May and June constitute the school recess.

Candidates seeking admission to the school should not be below 16 years of age at the time of their admission.

sion to the school.

Applications for admission should be made before the 15th June in the prescribed form which may be had on application to the Principal. A Registration fee of Rs 5 should be paid into a Government Treasury or to the Imperial Bank of India to the credit of 'Government School of Indian Medicine, Madras—Fees' and the Treasury or Bank receipt should accompany the application. No application will be registered without the production of such a receipt. The Registration fee will be counted towards the school fees in the case of candidates selected for admission who will then be required to pay only the balance due to complete the payment. The Registration fee will be returned to the candidates not selected for admission, but forfeited in the case of those who are selected but do not join on or before the prescribed date.

Intimation of selection will be duly sent to all selected candidates who should then pay their fees and join the school on or before the prescribed date.

Every application for admission should be accompanied by the following certificates, without which it will not be considered —

(1) Certificate of physical fitness from a registered medical practitioner.

(2) Certificate of character.

(3) Certificate of the standard of general education attained.

The fees payable per annum by students will be

as follows —

	Rs.	
Candidates who are native of the Madras Presidency	60	Payable in advance in two equal half-yearly instalments.
Other candidates	100	

Fees for casual courses

Rupees 5 per term for each subject.

Rupees 15 per term for all subjects.

A fee of rupee one for a term or rupees two for a whole year towards the Athletic Union of the School shall be paid in advance by each student

The fees should in all cases be paid into a Government Treasury or the Imperial Bank of India to the credit of 'Government School of Indian Medicine, Madras—Fees' and the receipt granted by the Treasury' or Bank filed at the School office on or before the prescribed date.

If a student leaves the school during a session, he shall have no right to claim a remission of any portion of the fee paid, but the controlling authority may return or remit such portions as may be considered equitable.

The Government have provided 20 free studentships to be awarded annually to deserving students who belong to that Presidency, preference being given to women and to students of backward communities

The Government have also instituted five scholarships of the monthly value of Rs. 20 each to be awarded annually to women students who are not in receipt of stipends from other sources. The stipendiaries will be supplied with books and instruments at the cost of Government. On the completion of the course, successful can-

dicates who were in receipt of stipends from the Government will be liable to serve the Government, if required, for a period not exceeding five years; but no guarantee of such employment will be given to any candidate.

Local bodies are permitted to depute their own stipendiaries for study in the school subject to certain conditions. A few scholarships provided by private donors are also available.

Applications for all freeships and scholarships should be made in the prescribed form which may be had on application to the Principal. Applications should reach the Principal not later than the 1st July of each year. Every such application should be accompanied by the certificates and other documents mentioned in the prescribed form. No application will be considered without the production of such certificates or documents.

Every student who completes the prescribed course of study in the school successfully and passes the prescribed examinations will be entitled to style himself a Licentiate in Indian Medicine and to affix the title L. I. M. to his name.

5. (a) The papers in the competitive examination will be set and corrected by the Civil Service Commissioners in England.

Indian candidates residing in Great Britain will not, however, be required to proceed to India for examination but will be examined in England under arrangements to be made by the India Office. Candidates in Great Britain should apply to the Secretary, Military Department, India Office, for the necessary form of application.

(b) Candidates will be required to furnish a declaration, which must be signed by their parent or guardian, to the effect that it is their intention to make the regular Indian Army or Indian Air Force their permanent profession.

(c) As shown in para. 11, Interview and Record form an integral portion of the Army and Air Force Entrance Examination. The interviewing Board will assemble at Delhi. The Interview and Record test in England will be similar to that in India.

(d) The medical examination for Army candidates will be held at Delhi immediately before the written examination. Candidates for the Cadet College, Cranwell, will be required to pass a special medical examination at Ambala.

(e) Candidates travelling to Delhi for the examination must do so at their own expense and make their own arrangements for accommodation in Delhi.

Parents and guardians must ensure that candidates are provided with sufficient funds to meet the cost of their expenses while attending the examination.

(f) A fee of Rs 50 will be levied from each candidate for the examination.

CONDITIONS OF ADMISSION.

6. (a) The examinations will ordinarily begin on the fourth Tuesday in June and the third Tuesday in November. The written examination will be conducted under arrangements made by the Secretary to the Government of India in the Army Department, and the Interview and Record test by a Board of Officers convened under the orders of His Excellency The Commander-in-Chief, two of whom at least will be of or above the rank of Colonel and should have commanded Indian Regiments. The Board will also include one Civil, Political or Educational officer and a non-official Indian gentleman selected by H E. the Viceroy. In the cases of candidates for Cranwell, the Board will include an officer of the Royal Air Force.

(b) Every candidate must obtain the necessary printed form of application for admission to the examination, which will be furnished on application by letter, addressed to the

Secretary to the Government of India, Army Department
The form must be filled up in the candidate's own hand-writing and is required to be submitted in duplicate, one copy being sent through the Local Civil Authority and the other copy forwarded direct to the Secretary to the Government of India, Army Department

The form of application must be accompanied by a certificate that the candidate has been vaccinated successfully (or twice unsuccessfully) within the last five years

The closing dates for applications will be 1st September for the November examination and 1st April for the June examination. No applications can be considered after these dates.

No question as to the delay or loss in the post, of any such application form can be entertained. Candidates who delay their applications until the last few days do so at their own risk.

Any candidate who has filled up and returned the printed application form, but has not received an acknowledgment of it within fourteen complete days, should at once write to the Secretary to the Government of India, Army Department. Failure to comply with this provision may deprive the candidate of any claim to consideration.

7. Candidates for the Royal Military Academy, the Royal Military College and the Royal Air Force Cadet College will all attend the same examination and a candidate must state before the examination on a form supplied by the Secretary to the Government of India, Army Department, whether he intends to compete:—

(a) For the Royal Military Academy only.

- (b) For the Royal Military College only.
- (c) For both (a) and (b), the Royal Military Academy preferred
- (d) For both (a) and (b), the Royal Military College preferred
- (e) For the Royal Air Force Cadet College only.
- (f) For all three Cadet Colleges, or two (one being Cranwell) in order of preference.

8 (a) For the Royal Military Academy, the Royal Military College and Royal Air Force Cadet College different numbers of subjects are required (see paragraph 10) and candidates who submit preferences under 7 (c) and 7 (d) above must take up the subjects for the Royal Military Academy as set forth in paragraph 10. They will count for the Royal Military College the marks obtained in their best two subjects in Part II of the written examination.

(b) No candidate may, after the last day for application, add to his choice of cadetships, or change his statement of preference among the cadetships.

AGE, RECORD AND CHARACTER.

9 *Certificates required by the Examining Authorities—*

(a) A candidate will be required to satisfy the Examining Authorities that he is within the prescribed limits of age and eligible in respect of character.

Every candidate will therefore furnish the Secretary to the Government of India, Army Department, at the time of submitting his application form, with:—

- (i) A certificate giving the exact date of his birth.

(ii) His Diploma, School Leaving Certificate, Matriculation Certificate or other proof of the educational standard attained by him as laid down in para 4. This will be returned to him after verification.

(b) On receipt of a candidate's application to attend the examination the Examining Authorities will issue a form for completion by the headmaster of the applicant's school (or other educational institution) and will make such other enquiries regarding the candidate as they may think fit.

QUALIFYING MARKS

11 A candidate must obtain 35 per cent marks in Interview and Record.

12 In the case of candidates for the Royal Military College and Royal Air Force Cadet College, there is no qualifying minimum in any one subject other than in Interview and Record.

Candidates for the Royal Military Academy will be required to obtain 40 per cent marks in Lower Mathematics and 40 per cent in either Physics or Chemistry.

Candidates will be required to obtain such a standard in the whole examination as will satisfy the Civil Service Commissioners. This standard is at present approximately 35 per cent of the aggregate marks.

Medical Examination

ROYAL MILITARY ACADEMY AND ROYAL MILITARY COLLEGE.

13 Each candidate will be examined by a medical board, and will not be accepted unless he is pronounced physically fit for His Majesty's Service. Inoculation against enteric will be carried out after cadets leave the Cadet College and have been gazetted to their units.

The Medical examinations will take place in Delhi in June and November but to prevent disappointment, candidates should undergo a preliminary medical examination at their homes.

The general conditions as to height, chest girth, eyesight, &c., are given in Appendix L of the prospectus.

ROYAL AIR FORCE CADET COLLEGE.

Each candidate will be examined by a medical board and will not be accepted unless he is pronounced physically fit for full flying and ground duties in India and abroad.

The medical examination will take place at Ambala in June and November.

Arrangements for successful candidates

14. The date of publication of the results of the examination will not admit of successful candidates being admitted to Cadet Colleges in England in the term immediately following the examination. Those passing at the June examination will be admitted for the February term (January in the case of Cranwell) of the following year, and those passing at the November examination will be admitted for the following September term. During the intervening period arrangements will be made for the training of the successful candidates under the orders of His Excellency the Commander-in-Chief. This course of training will be voluntary, but candidates are strongly recommended in their own interests to take advantages of the facilities offered, without which their chances of success at the Cadet Colleges will be reduced.

To compensate cadets for this delay they will ultimately be granted, on their appointment to the Indian Army, an ante date of seniority to place their date of first commission on a level with British officers who passed into the Cadet Colleges at the same examination as that at which they were successful.

15. Selected candidates will be sent to England in

charge of a British officer, who will be appointed by Army Headquarters and who will meet the candidates at Bombay. Each candidate will hand over to this officer at Bombay the sum of £ 10 in English currency notes to cover the cost of expenses incurred during the voyage to England.

16. Subject to the restrictions specified below, free passage will be admissible to Indian candidates on the following occasions —

- (i) When nominated to join a Cadet College in England, from their residence to Great Britain.
- (ii) When commissioned from a Cadet College, from Great Britain to the station of the unit in India to which they are appointed.

Indian candidates who pass out of a Cadet College in England in July annually will, if they so desire, be granted return passages to India at Government expense by private steamer. Any cadet, however, who to suit his own convenience does not take advantage of this concession by the 1st September of the year in which he passes out will be detained in Great Britain for passage by transport to India.

- (iii) to Cadets at a Cadet College in England, who fail to obtain a commission therefrom, other than those who are removed from the College on account of misconduct ; from the United Kingdom to their residence in India.

The amount admissible on account of railway, river and sea journeys within Indian limits will be restricted to one first class fare for each candidate, except that in the

case of the rail journey from the port of disembarkation in India to residence, under (*ir*) above a single first class passage on warrant will be provided by the Embarkation Authorities at the port to whom applications should be made. The amount admissible for road journeys will be restricted to the mileage rates of first class civil officers when travelling on duty. Passages by sea from India to the United Kingdom and *vice versa* will be arranged by the Embarkation Authorities in India or in the United Kingdom, under orders from Army Headquarters or the India Office, as the case may be.

17. King's India Cadets, and Honorary King's India Cadets will be required before admission to the Cadet Colleges, to have fulfilled all the conditions of examination required from other candidates. Such cadetships will be included in the number of vacancies laid down in para 1.

KING'S INDIA CADETS.

18 Ten King's India Cadets are nominated by the Secretary of State for India in Council under the provisions of the Government of India Act each half year from among the sons of persons who have served in the Military (*i. e.*, British or Indian Army) or Civil Service of His Majesty in India.

19 The claims of all candidates, British and Indian, who are eligible for nomination are brought forward half-yearly (in the spring and in the autumn) for consideration by the Secretary of State for India in Council, and the nominations are then conferred on the candidates whose claims are found to be highest, under certain prescribed and established conditions.

A candidate is not eligible for nomination as a King's India Cadet unless he is within the limits of age laid down by the Government of India for admission to the Army Entrance Examination, and his claim will in no circumstances be considered until he (a) has qualified at the Army Entrance Examination; or (b) is a candidate for the next examination.

The fees payable to the India Office in respect of King's India Cadets whilst at the Royal Military College may be remitted or reduced by the Secretary of State for India in cases in which, after due enquiry, their pecuniary circumstances are ascertained to be such as to justify a remission or reduction.

HONORARY KING'S INDIA CADETS.

20 Three Honorary King's India Cadets are nominated annually to the Royal Military College by the Secretary of State for India in Council. Such cadets are appointed from:—

- (a) The sons of officers of the Indian Army or Indian Medical Service who were killed in action, or who have died of wounds received in action within six months of such wounds having been received or from illness brought on by fatigue, privation or exposure incident to active operations in the field before an enemy, within six months after their having been first certified to be ill.
- (b) The sons of officers of the Indian Army or Indian Medical Service who have attained the brevet or substantive rank of Major, and have performed long or distinguished service.

21. The age limits, times of nomination, and conditions of eligibility as regards Examinations are the same as for King's India Cadetships.

An honorary King's India Cadetship carries with it no pecuniary advantage.

22. An application for a King's India Cadetship or for an honorary King's India Cadetship on behalf of an Indian candidate should be addressed to the Secretary to the Government of India, Army Department. Applications must be received not later than 31st May or 31st October from candidates who wish to enter the Royal Military College in the following September or February respectively.

There are no King's India Cadetships at the Royal Military Academy, Woolwich or Royal Air Force Cadet College, Cranwell.

Scholarships.

(a) CADET SCHOLARSHIPS.

23. Eleven cadet scholarships for the Royal Military Academy and twenty-three for the Royal Military College, in value £30 each, will be open for competition half-yearly to cadets who have completed their first year of instruction at the Cadet Colleges and who are sons of officers who gained their commissions through an Officer Cadet Unit during the Great War.

They will be awarded in order of merit according to the marks allotted.

(b) SIR PRATAP SINGH MEMORIAL SCHOLARSHIPS.

24. These scholarships have been founded as a

memorial to the late Lieutenant-General His Highness Sir Pratap Singh, G. S. B., G. C. S. I., G. C. V. O., A. D. C., of Jodhpur. A capital sum has been invested in England, the interest of which will provide three annual scholarships of £100 sterling each. These scholarships will be tenable by Indian cadets educated at the Prince of Wales' Royal Indian Military College, Dehra Dun, and passing into the Royal Military College, Sandhurst. The Secretary of State for India administers the Fund.

(c) SILVER WEDDING FUND SCHOLARSHIPS.

25. The Administrators of Silver Wedding Fund provide a sum of Rs. 3,000 per annum, to be awarded as a scholarship to an Indian cadet admitted to the Royal Military College, Sandhurst. To be eligible for consideration for such scholarship, a cadet must be the son or dependent of a combatant or non-combatant of the Indian Army who rendered *military service* during the Great War or later

(d) SPECIAL SCHOLARSHIPS INSTITUTED BY THE GOVERNMENT OF BOMBAY

26. Two special scholarships of the value of Rs. 3,000, per annum, each, ordinarily tenable for eighteen months at the Royal Military College, Sandhurst, have been instituted, one primarily for Muhammadans and the other primarily for Marathas domiciled in the Bombay Presidency including Sind. When no suitable candidates from either or both of the communities for whom the scholarships are primarily intended to be reserved are forthcoming, both scholarships, or scholarship, so available may be awarded to a suitable candidate of the other community mentioned above or of any other communities domiciled in the Bombay Presidency including Sind. These scholarships are

intended only for boys whose parents or guardians are too poor to afford to pay the expenses of the college education. The amount of the scholarship, *e.g.*, Rs 3,000, per annum, is the maximum and the amount is liable to be reduced if the circumstances of the candidate do not justify its payment in full.

Terms of Payment

CONTRIBUTIONS.

27. The terms of payment are regulated by articles of the Pay Warrant, as amended from time to time. The following paragraphs are given merely as a guide and cannot be cited as an authority.

28. The amount (exclusive of contingent expenses and sundries, etc.) to be contributed on behalf of a cadet whilst at the Royal Military Academy, Woolwich; the Royal Military College, Sandhurst; and the Royal Air Force Cadet College, Cranwell, will be at the full normal rates without reduction, except in the case of:—

(a) King's India Cadets. (The rate at which fees will be paid will be decided by the Secretary of State for India in Council)

(b) The sons of Indians who have (a) held commissions in the Indian Army, Royal Indian Marine or Indian Air Force or (b) have served in the ranks in any of these services.

(c) Cases of pecuniary need which in the opinion of the Army Council merit a reduced rate.

29. The amount referred to in paragraph 28 is payable each term in advance at the following rates. In case of

non-payment a cadet will not be permitted to return to the Royal Military Academy, Woolwich; the Royal Military College, Sandhurst, or to the Royal Air Force Cadet College, Cranwell.

(a) For the son of:—

at the discretion
of the Army
Council, £75 for
Cranwell in each
case.

30. For the convenience of parents and guardians, the following tables show the estimated sum required for the training of an Indian cadet at the Royal Military Academy, the Royal Military College and the Royal Air Force Cadet College.

(a) *Son of an officer, soldier, etc., as specified in para. 29:*—

	£ s. d.
Fee @ normal rate of £60 a term	180 0 0
Contingent account ...	70 0 0
Pocket money —18 months, @ £3 per mensem	54 0 0
18 weeks' vacation expenses @ £5·5·0 per week	94 10 0
Extra pocket money during vacation (18 weeks) @ £3·3·0 per week	56 14 0
Sundries during the three terms and outfit on being commissioned	200 0 0
	655 4 0

(b) *Son of a private gentleman, soldier, etc., not
specially provided for:*—

	£ s. d.
Fees normal rate of £100 a term	300 0 0
Contingent account ...	70 0 0

	£ s. d.
Pocket money—18 months @ £3 per mensem	54 0 0
18 weeks' vacation expenses @ £5·5·0 per week	94 10 0
Extra pocket money during vacation (18 weeks) @ £3·3·0 per week	56 14 0
Sundries during three terms' and outfit on being commissioned	<u>200 0 0</u>
	775 4 0

Successful candidates will be eligible according to their means, for grants-in-aid, based upon the difference between the estimated cost of education in an Indian Military College and the actual cost at Sandhurst, Woolwich or Cranwell.

31. The sum for sundries includes additional expenses during the vacations, such as travelling and entertainments. The expenses of cadets will as far as possible be kept within the above limits, but the parents or guardians of cadets must be prepared to pay an excess over these amounts.

32. The above estimate does not provide for European kit on arrival in England other than the amount required for College uniform; for the purchase of European kit an additional sum of from £100 to £200 should be provided.

33. Local Governments or Administrations concerned will recover from parents or guardians two-thirds of the estimated expenditure [*i.e.*, either (a) £436·16·0 or (b) £516·16·0], before the beginning of the first term of the Sandhurst course and the remainder one-third [*i.e.*, either

(a) £218-8-0, or (b) £258-8-0] before the commencement of the third term, and pay it into the Local Treasury with full details in each case. The Civil Accountant-General will take action to credit the amount to Secretary of State for India through the outward London Account Current, and will notify the Indian Office of the date of the schedule and the Head of the Account in which credit was afforded.

34 An allowance of 4s a day (7s a day at Cranwell) in aid of the expenses of uniform, washing and other contingencies will be credited to each cadet from public funds as long as he is borne on the basis of the Cadet Colleges. All other necessary expenses of the nature mentioned above which cannot be covered by this allowance are chargeable to the parent or guardian of a cadet in addition to the regulated contribution.

35 *Outfit allowance (Cranwell only).*—A fight cadet who has not previously held a commission in H M forces will receive an outfit allowance of £50 when he joins a unit for duty as commissioned officer. In addition camp kit will be provided in kind.

Courses of Instruction.

THE ROYAL MILITARY ACADEMY AND THE ROYAL MILITARY COLLEGE.

36 The normal length of the course of instruction will be about eighteen months, divided into three terms.

There are two terms in each year as follows:—

Spring term—From about beginning of February to about middle of July.

Autumn term—From about beginning of September to about middle of December.

The intermediate periods will constitute the vacations

THE ROYAL AIR FORCE CADET COLLEGE.

37. *Course of instruction*—The normal length of the course of instruction will be two years, each year being divided into two terms. The length of the course may, however, be altered according to the requirements of the service. The terms will be:—

(i) *Spring Term*—From about the middle of January to about the end of July.

(ii) *Autumn Term*—From about the beginning of September to about the Middle of December.

The appointments to Commission

38. An Indian Cadet at Woolwich will be eligible for appointment to a Sapper and Miner Company, to an Indian Mountain Battery, or to an Indian Signal unit, as the case may be, according as his place on the passing out list would have qualified him for the Royal Engineers, the Royal Artillery, or the Royal Corps of Signals, if he had been a British Cadet.

39. The Army Council have sanctioned the grant of scholarships, of the annual value of £50, tenable for 5 years, to officers appointed to commissions in the Regular Army from the Royal Military Academy, Woolwich and the Royal Military College, Sandhurst.

Scholarships for officers appointed to commissions.

40. Nine scholarships will be awarded half-yearly as

follows :—

To candidates from Royal Military Academy	3
To candidates from the Royal Military College	6

Dehra Dun :—Prince of Wale's Royal Indian Military College

The College provides a public school Education on English lines for Indian and Anglo Indian youths who desire subsequently to enter the Cadet College in England with a view to obtaining Commissions in the Indian Army. It is intended for those who wish to make the Army their profession in life, and parents or guardians of candidates will be required to furnish a declaration to this effect. The course of study at the college, will, however be such that, should a boy fail in the Army and Air Force Entrance Examination, he will be in as favourable a position for entry to a university as if he had been educated at an ordinary school. In this respect it is important to note that the college has its own special School Leaving Certificate. This is the "R.I.M.C Diploma", which is recognised as qualification for admission to universities, in the same way as recognition is given to the Diploma issued to students who are successful in the final examination held at the Chiefs' Colleges.

The age of candidates for these vacancies should be between 11 and 12 years on the 1st of June of the year they apply for admission.

Candidates must be certified by a fully qualified medical practitioner to be physically fit in all respects.

The fees for students admitted will be Rs 1,500 for each school year. This is privileged rate and is liable to enhancement here after, if circumstances required. And enhancement of fees that may hereafter be decided upon will, however, be applied to new entrants only. These fees will include tuition, messing, school servants, washing and mending and medical attendance of the ordinary kind and, as initial provision one suit of the uniform to be worn by students when at the college. The fees to be paid by the candidates who are sons of Indian Officers of approved service and who are recommended by the Local Government and nominated by His Excellency the Commander-in-Chief, will be determined in each particular case by His Excellency the Commander-in-Chief. Unless a parent or guardian gives to the college authorities a full term's notice of the withdrawal of a cadet, one full term's fees will be charged.

A standing Advisory Board will interview cadets who have attained 16 years of age and will enquire into their records, scholastic attainments, etc., with a view to pronouncing an opinion as to their fitness for a career in the Army, Air force, or Royal Indian Marine. In the case of any cadet who may be found unsuitable for such a career, the Principal of the College will inform the parent or guardian of the decision of the Advisory Board, and of the reasons which led to that decision. Such a cadet will normally leave the college, at the end of the current term, but the parent or guardian will be given the option of retaining him at the college until he can take advantage of one chance to obtain the "R. I. M. C Diploma". The Principal of the college will be the deciding authority as to when the cadet shall be required to take the Diploma.

Examination In the event of the parent desiring the cadet to remain at the college after appearing for the Diploma Examination, he will be allowed to do so provided that he agrees to pay an increased fee of Rs 1,800 per annum which will be levied from the date the cadet rejoins the college after the examination.

This increased scale of fees will be applied in all cases irrespective of whether the cadet is the son of an Indian Officer or not.

All applications should be submitted through the Deputy Commissioner of the district in which the candidate ordinarily resides from whom the correct form of application and any further information can be obtained.

Applications through Deputy Commissioners and Commissioners for the vacancies must be received in the office of the Private Secretary to His Excellency the Governor by the 25th of April (after which date no application can be considered).

Applications must be accompanied by —

- (a) a declaration which must be signed by the parent or guardian to the effect that it is his intention to make the Army the permanent profession of applicant in life;
- (b) proof of age;
- (c) a certificate as to medical fitness;
- (d) a declaration signed by the parent or guardian regarding his ability and willingness to pay prescribed fees and meet incidental expences;
- (e) a declaration signed by the father or guardian to the effect that his son or ward is unmarried and that he

will remain a bachelor whilst at the college, and until he has completed, subsequently, a course at one of the Cadet College in England

All applicants will be interviewed at Government House, Lahore, by His Excellency the Governor and a Selection Committee on about the 7th of May. They should report themselves at 10 a.m. on that date.

Jhelum and Jullundhur :— King George's Royal Indian Military Schools.

King George's Royal Indian Military Schools are founded for the education of the sons of —

- (a) Indian officers of the Regular Indian Army who hold or have held the Viceroy's Commission including those who have subsequently been granted a King's Commission or Honorary King's Commission.
- (b) Non-commissioned officers and men who are serving or have served in the Regular Indian Army.

The object of the education is to enable the boys to find a career in their fathers' regiments or corps. In order to preserve this regimental connection, the boys will be considered as belonging to the unit by which they have been nominated and the name of the unit will be appended after the boy's name in official documents.

Direct commissions will not be granted to boys educated at these schools.

Vacancies at each school are allotted to units and corps on an approximate basis of one per class squadron,

company or equivalent unit. The allotment is subject to such variation as may be necessary from time to time in accordance with the establishment of the Army and the class composition of units and corps, but in no case will any individual boy be removed from a school on account of such variation.

The final authorities for the nomination of boys to fill the vacancies are given in the prospectus. Nomination has been delegated to officers commanding units in order to foster regimental tradition to ensure a career in their fathers' regiments to boys who are held to have qualified for this privilege, and to establish a direct interest and connexion between regiments and the schools.

To be eligible for nomination a boy must fulfil the following conditions —

- (i) He must be a legitimate son (adopted sons, grandsons and other relations are ineligible)
- (ii) He must pass the medical examination required for a recruit for the Army (except as regards weight and chest measurement). The medical examination will be carried out by a medical officer in military employ
- (iii) He will be required to show that his antecedents are in general satisfactory and to produce certificates of previous education, if any
- (iv) He must be not less than 12 nor more than 13 years of age on the date he joins the school
- (v) He must not only belong to a class enlisted in the unit by which he has been nominated but his

family must also possess such social standing as would qualify him for the position of an Indian officer.

- (c) His father must have served for not less than ten years in the Regular Indian Army including service in the Reserve, or have been killed in action, or have been invalided on account of wounds received or sickness contracted, while on active service
- (vii) Where two or more boys are considered equally suitable, preference will ordinarily be given to the sons of those killed in action, died of wounds received, or of disease contracted, on active service

Nominating authorities in making their selections will bear in mind the following general consideration —

- (i) It is the intention that not more than one third of each class at the schools at any one time should be the sons of Indian officers on the active list.
- (ii) Due weight is to be given to the claims of pensioners
- (iii) Subject to these considerations, nominating authorities will select those boys whom they consider the most likely to develop into the best leaders irrespective of the position and services of their fathers. By nominating a boy a Commanding Officer agrees to enlist him in his own unit, subject always to the condition that the boy in due course attains the necessary standard of

efficiency and good character, and except as mentioned in (ii) and (iii) below.

Officers specified will keep a register of applicants for vacancies at the school by classes and ages. A boy's name will not be put on the register until he has reached his ninth birthday and will be struck off the register on his eleventh birthday, if not selected for nomination.

The parents or guardians of those boys who are between ten and eleven years and who are selected from the register to appear before the nominating authority will be instructed by him to bring or send the candidate on a specified date, approximately two months before the boys finally nominated are required to join the school. Candidates will be medically examined and tested and their eligibility under the rules verified.

Those selected will be given instructions for joining the schools. Nominal rolls of successful candidates and their enrolment forms will be sent to the Commandant of the school concerned.

In the case of Indian infantry and pioneers, the final nominating authority will be the Officer Commanding the Training Battalion. This is in order to reduce correspondence between the schools and units and also to avoid difficulty which may be experienced by units serving beyond the frontier, overseas or at a distance from their recruiting areas. He will keep separate registers for each Active Battalion and allot vacancies by classes equally between them in rotation. The Officer Commanding an Active Battalion will inform the Officer Commanding, Training Battalion, of the names of all boys whom he wishes placed

on the register, and, before calling candidates up for nomination, the Officer Commanding Training Battalion will ask the Officer Commanding Active Battalion to state the order of preference in which he wishes selections made subject to a candidate being in every respect fit for nomination. The Officer Commanding Training Battalion, will be assisted by an officer of the Active Battalion concerned when interviewing the candidates for that battalion.

Boys who are the sons of Indian officers and other ranks who served with units which have been disbanded or converted into Training Battalions will be eligible for nomination, provided they are qualified as above mentioned, as under—

- (i) If the father was serving before the 5th August 1914, in a unit which still exists, his son will be eligible as a candidate for that unit, and his claim will be considered equally with those whose fathers remained with the unit.
- (ii) If the father was not serving in the Army before the 5th August 1914, or if the pre-war unit to which he belonged was disbanded or converted into a training battalion subsequent to the date on which he left the Army, his son will be eligible as a candidate for any of the units of the regiment or corps responsible for the administration of the records of the unit.
- (iii) In the case of boys of classes no longer enlisted in the regiment in which their fathers served, the officer commanding the father's unit will arrange with the officer commanding a regiment or corps recruiting his class to place him on the register.

of his unit. The final nominating authority in such cases will be the officer commanding the regiment or corps on whose register the boy's name is placed.

Nominative authorities will apply to the Chief of the General Staff for an extra vacancy for a boy falling under categories (ii) or (iii) above, such applications will not exceed 1 per disbanded regiment or battalion or equivalent unit per year.

Parents and guardians of boys whose fathers have become non-effective, may apply for a boy's name to be placed on the register of a unit through (i) the nominating authority, (ii) the District Recruiting Officer. Before recommending that a boy's name be placed on the register the officer to whom application is made will satisfy himself that the candidate is eligible under these rules.

Nominations will not be accepted unless recorded on the prescribed form.

Every boy will be medically examined at the beginning and end of each school term and if found medically unfit, will be liable to be struck off the strength of the school.

Clothing and Messing

Fatherless boys and boys whose fathers are in receipt of a fifty per cent. or higher, disability pension, provided that their total pension is less than Rs. 30 a month

TEACHING.

Agra :—Government Training College.

There is a Certified Teachers' Diploma course open to Undergraduates (1 year course) and Matrics (2 years course). Session commences in July, but applications must reach the Principal by 1st of May every year. Residents of U.P. get preference. Stipends of Rs 20 p.m. are paid nearly to every student

3 years previous residence in U.P. is essential.

Aligarh :—Aligarh Muslim University.

It prepares its students for three examinations —

- (a) M.A. and B.T., 2 years course
- (b) B.T., 1 year course,
- (c) C.T. Diploma, 1 year course

Graduates are admitted to (a) and (b) classes and Intermediates to (c) class

Session commences by 16th May. Monthly expenses come to Rs 30 to Rs. 40. No fees are charged. B.T. class is open to graduates from Aligarh University. Duty Society grants loans to poor deserving students of the University and A.I.M.E. Conference grants refundable scholarships for C.T. and B.T. class students.

Allahabad :—Government Training College.

Graduates of Allahabad University with 3 years previous residence in U.P., are admitted to L.T. Degree

Course, which is of ten months and of which session commences in July. Applications for admission must reach the Principal by 20th May.

Stipends of Rs. 30 p.m. are paid to all students under training.

3 years' previous residence in U.P. is essential.

Amritsar :—Khalsa College.

The college is affiliated to the Punjab University and accepts candidates for the J.A.V. Examination Training. Admission takes place after a week of the publication of Matriculation examination results. Matrics are admitted but Intermediates get preference. Age of the candidates must be above 16 years. Session begins in May. A competitive examination is held for admission. Monthly expenses come to about Rs. 20 p.m.

Benares (*Kamachha*) —Teachers' Training College, Benares Hindu University.

The College is maintained by the Benares Hindu University, to which it is affiliated, and it prepares students for the B.T. Degree of the University. The session commences on 9th July every year and lasts for ten months.

The College admits Graduates of the Benares Hindu University and with the special permission of the Syndicate Graduates of other Universities recognised by the Benares Hindu University. When making admissions preference will be given to candidates who got a good pass, had some teaching experience, have a working knowledge of Hindi

or Hindustani and who have a marked aptitude for outdoor games and exercises or are otherwise physically fit. A certain proportion of vacancies will be reserved for teachers deputed by those Indian States which have largely helped the University with funds.

Those over thirty will as a rule not be admitted. The Principal may at his discretion relax the rule in exceptional cases only. This he will do only when after a personal interview he is satisfied that the candidate is exceptionally fit and promising.

States and Managers of Schools, intending to send their teachers for training, should apply to the Principal before the end of March (and earlier the better) and state definitely how much allowance per month is likely to be paid by them to the teachers concerned while under training. Graduates who want to be admitted should apply to the Principal before the end of March. If possible, all candidates, except those proposed to be deputed by States, should interview the Principal sometime during the month, the date and time being settled by previous correspondence. Applications from teachers in States and British India and from old graduates will be considered as soon as possible in April and those selected will be informed accordingly. A few vacancies will be reserved for fresh graduates who may apply before the 15th June at the latest. Admission in the cases of those who had no previous interview will be made provisionally and will be confirmed only, when after interview the Principal is satisfied that the candidate is likely to benefit by the course of training.

Session begins by the 2nd week of July.

All applications should be submitted in the prescribed form and duly countersigned as required, otherwise they would not be considered at all. All selected candidates are examined on arrival by the Medical Officer in charge of the College, and any one rejected by him will have to go back

Fresh graduates in Science should bring, if selected, their notebooks on the Practical work in the subjects they took up for the Degree Examination

It is useless to enquire beforehand about one's possibility of admission, as no answer can be given till all applications have been duly received and considered. Rejected applications will not be answered. Telegrms. unless reply prepaid, cannot for financial reason be answered

It is useless to try to interview the Principal during the vacation, as he is likely to be away from Benares and may move from place to place. Applications should not be addressed to him by name.

No student will be allowed to prepare for any other University Examination, so long as he is under training

Candidates should not try to secure recommendations from private persons, but should send up only the recommendations of responsible officers under whom they have worked or of University teachers under whom they have studied. Any attempt to use private influence will result in the application being rejected

Women candidates are admitted to the college courses and will attend lectures with men students, but they will have to live in the Women's Hostel at Nagwa about four

miles away and make their own arrangements to come in time in a University Lorry. Those who can live under proper guardianship in the city may be permitted to do so

The College takes every year four or five young Hindoos or Sikh candidates for training from the Punjab or Frontier Provinces

A fee of Rs. 10/- p. m will be charged from students in the B. T. class. The fee is due for ten months and will be payable on or before the 15th of each month and in March for the month of April also. The charges at time of admission for all students are about Rs. 35.

The B. F. Examination Fee (realized in February) is Rs. 36 plus Rs. 5/- in case a special subject is taken.

Hostel seat rent (from Boarders only) Rs. 3 p. m

Monthly expenses come to Rs. 30.

Twenty stipends of the value of Rs. 30 - p. m. are awarded every year to students in the B. T. class. These are open to bona fide residents of the U.P.; and even among them preference is given, according to the ruling given by the Syndicate, to graduates from the Benares Hindu University. The stipends will be tenable for ten months. The selections will be made sometime after admissions are complete and no previous promise can be given. If a stipendiary student leaves the College without completing the course, he shall have to refund the amount paid to him. The Principal may at his discretion excuse him from refunding the money in case he is satisfied that the failure to complete the course is due to reasons beyond the student's control. The stipends are paid subject to the rules framed for the purpose.

Bombay:—Secondary Training College.

In 1920 the College was affiliated to the University of Bombay for the purposes of the degree of Bachelor of Teaching. The curriculum of the College is now based on the requirements of the University for that degree. The diploma S.T.C.D. is no longer given by the College.

The College is open to graduates of the University of Bombay or of a University recognised by the University of Bombay, in any Faculty. The College accommodates a maximum of 60 teachers a year. A few places are reserved for Government teachers; of the remaining places about 50 are open to graduate teachers from non Government schools desirous of qualifying for the B.T. degree examination. Preference is given to teachers deputed from recognised schools in the Presidency. The College is open to students of either sex.

No fees are charged for tuition. Scholarship of Rs. 40 per mensem, not exceeding 25 in number are awarded annually by the Director of Public Instruction, on the recommendation of the Principal, to selected teachers from non Government schools and a few to fresh graduate students not attached to any particular school. Teachers deputed to the College by the Director of Public Instruction from Government educational institutions receive their ordinary pay *plus* any allowances sanctioned for them.

The College Hostel situated close to the College, accommodates 22 students. All full time students are eligible for rooms but preference is given to Government teachers. The hostel fees are Rs 20 for a term of six months. The hostel is well provided with dining rooms and kitchens. Students make their own arrangements for meals. The

letting of the rooms in the hostel is at the discretion of the Principal. One of the senior members of the College staff is resident superintendent of the hostel.

The College uses the Elphinstone High School as its Practising School and arrangements have been made with other schools in Bombay for work in special subjects and in vernaculars other than Marathi and Gujarati.

The course of training extends over one University year.

Students under training are accepted to devote the whole of their time to work in the College. They are required to sign an undertaking that they will not attend lectures in the Law College or in the College of Commerce.

The Principal may admit to special lectures, lessons or demonstrations teachers who are not in regular attendance at the College.

The College year begins on 20th June and ends on 31st March each year.

Teachers desirous of joining the College at their own expense must send in their applications in their own handwriting to the Principal of the College by 1st April.

Candidates who have appeared for the Degree Examination at the time of sending their applications should inform the Principal within seven days after the declaration of the results of the Examination whether they have passed and what class.

Managers of recognised schools and the Educational Departments of Indian States shall send to the Principal by 1st April, particulars as above of any graduate teachers they desire to depute to the College.

Lahore :—Central Training College

The Central Training College is the only institution in the Punjab which prepares Anglo-Vernacular teachers for

work in the higher classes of secondary schools. It is affiliated to the Punjab University, and prepares candidates for the Bachelor of Teaching Degree of that University.

The Senior Anglo-vernacular class prepares for the Department Senior Anglo-Vernacular Certificate. For the Junior Anglo-Vernacular Certificate, classes exist in other institutions in the province, *viz.*, in two Government Arts Colleges and three Arts Colleges under private management.

As the College is maintained from provincial funds, students are admitted from outside the Punjab or from Indian States within its boundaries only on condition that the expenses of their training is borne by the administration concerned. The cost of training is not accepted from candidates themselves.

Admissions are ordinarily made in September.

Candidates are not admitted to the Certificate Examination below the age of 19. The applications of candidates desiring to join the College must reach the Principal in the case of the B. T. and the Senior Anglo-Vernacular Classes not later than 2nd September on the forms which can be obtained previously from the College office. The dates for the admission examination, at which all candidates not otherwise notified should be present, will be posted in the College office, communicated to Inspectors and College Principals and advertised in the local papers and in the Punjab Educational Journal before the end of July.

Candidates for admission will be required to produce a certificate of *good character* signed by the principal of the institution in which they last studied, and in the case

of teachers, from the head of the institution in which they last worked or are working.

Applications will not be considered unless attested copies of all university and character certificates are sent with the application. The original certificates must be submitted at the time of selection.

No applicant is finally admitted until he has obtained from the Assistant Surgeon, attached as Medical Officer to the College, a certificate of health. Teachers already in permanent Government service and those who were under training in the college during the last session are exempted.

No one who has formerly attended the College and failed in the examination for a certificate can be admitted to a second session unless the principal considers him likely to profit by a further course of training.

Candidates selected for admission who are awarded scholarships or stipends will be required to execute a bond to remain at the College for full course of training, failing which they must refund the amount of money received by them as scholarships or stipends. All bonds with the exception of those executed by Officers of Government must be stamped in accordance with the provisions of the Stamp Act. Bonds should invariably be stamped before execution in accordance with section 17 of the Stamp Act, but where omission to do this has been caused by accident, mistake or urgent necessity, action should be taken under sections 31 and 42 of the Act.

In considering applications for admission, special atten-

tion will be paid to high academic honours, to qualifications in the usual subjects of a school curriculum, and to special recommendations from inspectors in regard to an applicant's teaching capacity. Applications from candidates of backward areas who wish to return to those areas as teachers receive special consideration.

Intending private candidates for the Certificate Examination are not admitted as casual students, certificated teachers already trained in the College may occasionally be so admitted to enable them to keep in touch with progress in educational theory.

B.T. and Senior Anglo-Vernacular Classes.

The purpose of the course for the B.T. and Senior-Anglo-Vernacular Classes is to prepare students (1) to teach special subjects or groups of subjects in the upper classes of secondary schools, 2) to be able as headmaster to supervise intelligently the instruction in subjects which they are not specially equipped to teach, and (3) to ap-

proach, and handle intelligently problems of internal school management and organization.

In the S. A. V. Class more attention is paid to revising and supplementing the student's knowledge of the several subjects of school instruction, to the general principles underlying all class instruction and conduct and to the internal organization and management of a secondary school; in the B. T. Class to a study of methods of teaching languages and one other selected subject in particular, and to a study of the law of mental operations in relation to school work and management and of the general system of education in the province.

As a satisfactory knowledge of a subject of instruction, and a satisfactory training for teaching it, as well as an intelligent and informed attitude in the management of a particular school and towards educational questions in general, cannot be expected as the result of one year's course of training, special consideration, in admitting to the B. T. Class, is given to students who have had a previous year's training.

Selected students from both classes will be allowed to study Phonetics. An examination in oral English will be held at the end of the session and successful candidates will receive a certificate.

Classes of Oriental Title-holders (Arabic, Persian, Sanskrit).

The object of this course is to familiarize students, already acquainted with a classical language, with the principles of class management, the general technique of teaching and the principles of teaching the language concerned in secondary classes.

The curriculum is for a six months' course.

Madras (Saidapat) :—Teachers' College.

The College affords instruction and practical training to persons who are teachers or who intend to follow the profession of teaching. It prepares candidates for the L. T. Degree Examination, for the Examination for Teachers' Certificates, and for the Examinations in Manual and Vocational Training.

The College consists of four departments—

(i) The Collegiate Department, (ii) the Secondary department, (iii) the Manual Training department, and (iv) the Vocational Training department.

The College has attached to it a Model School containing complete secondary and primary departments.

The responsibility for the management and discipline of the College is vested in the Principal, under the control of the Director of Public Instruction.

Collegiate department.—The period of training extends over three terms. In special circumstances, however, and with the approval of the Director of Public Instruction, the period may be shortened to two terms. It may also, with the Director's sanction, be lengthened in order to enable a student to undergo any special or an extended course of training.

Secondary department.—The period of training extends over two years, except in the case of those who have passed the Intermediate Examination or the late F. A. Examination of the Madras University or who have attended a college for the F. A. or Intermediate course but have failed in the University Examination.

Manual Training department.—The course extends for nine months, from 1st July to 31st March.

Vocational Training Department—

(a) For engraving—the course extends for nine months, from 1st July to 31st March

(b) For wood carving and elementary wood-work—the course extends for nine months, from 1st July to 31st March.

All applications for admission shall be submitted in the prescribed form and should reach the Principal not later than the 1st March.

Admissions take place at the beginning of the academical year. No student shall be admitted later than two weeks after the beginning of the first term. Withdrawal in the middle of the year are allowed under no circumstances except in the case of continued sickness.

The following certificates shall be submitted by candidates seeking admission —

(i) a certificate of general educational qualifications. The minimum requirements are —

(a) for the Collegiate Training department—a graduate's diploma of a University of the British Empire;

(b) for the Secondary Training department—a complete Secondary School-leaving Certificate or a certificate under the special S.S.L.C. Examination for Teachers accepted by the Principal, or a certificate of having passed the Matriculation Examination, or the European High School Examination or the Late Upper Secondary Examination, or a corresponding examination in a University in the British Empire.

(d) For the Vocational Training department—For training in arts and crafts, candidates are required to be drawing masters and to possess a group certificate in drawing.

A candidate not possessing one of the educational certificates prescribed above, may be admitted on the strength of a certificate accepted by the Director as equivalent.

(ii) a certificate of conduct, signed by an Inspecting officer or the President of a Local Board, or the Chairman of a Municipal Council, or the Manager or Principal or Headmaster of a recognized college or high school;

(iii) a certificate of health and revaccination from a Civil Surgeon or other medical authority accepted by the Principal, stating that the candidate is physically fit to perform efficiently the duties of a teacher;

(iv) a certificate of age. A candidate's age must not be less than 14 nor more than 25 years. In the case of a candidate who has been employed continuously as a teacher in a recognized school for not less than three years, his age must not exceed 35 years. It is, however, in the power of the Principal in special circumstances to admit a candidate whose age does not fall within the above limits.

The selection of candidates for admission into the Teachers' College shall be made by the Committee appointed by the Government.

Applications for admission should be sent to the Principal through the Inspecting Officers, the Presidents of Local Boards, the Chairmen of Municipal Councils or the Managers of schools, as the case may be.

In the selection of candidates, preference shall be given to those of the following classes in the order in which they are named :—

- (a) teachers employed in public schools,
- (b) persons to whom Local Boards or Municipal Councils have given provisional appointments in schools under their management,
- (c) persons specially selected by Managers; or Head-masters, or Headmistresses, under an agreement to return as teachers; and
- (d) persons desirous of adopting the teacher's profession.

In awarding stipends to candidates for training, preference is given to the candidate standing highest in the order of merit in the corresponding general education test, subject to the condition that all the great classes of the population are, as far as practicable, fairly represented in the allotment. Stipends will not ordinarily be granted to students admitted into training colleges, who have had no previous teaching experience. Should there be room, the following classes of teachers are admitted as non-stipendiaries :—

The Punjab Veterinary College was founded in 1882 as the Lahore Veterinary School, and was removed to the existing premises in 1915.

Instruction is provided in veterinary science and a diploma (L.V.P. Punjab) is awarded to those students who pass the prescribed course of four years. The medium of instruction is English

There is a Hostel for students attached to the college

The College Session commences on the 16th of September and closes on the 15th of June, short holidays being given at Christmas and Easter at the discretion of the Principal. During the summer vacation and holidays students will be detailed for hospital duty as required by the Principal

Applicants for admission must have passed the Intermediate examination in the Arts or Science Faculty of an Indian University, or an equivalent test.

Applications must be submitted on a form obtainable from the Principal's Office, before September 1st. Candidates for admission will be interviewed personally by the Principal on September 17th. They must bring with them the following —

- 1 Examination certificate showing marks obtained

- 2 Certificate of character from the Principal of their college
- 3 Medical certificate of freedom from disease and of good eyesight
- 4 Evidence, if any, of services and standing of family connections

Before the name of an accepted candidate is registered a private student is required to pay his tuition fee for first year.

Nominated students must have the above-mentioned qualifications. The Principal reserves to himself the right of rejecting those whom he does not consider suitable.

The number of students that can be accommodated in the first year is limited to fifty.

Military Admissions.

Two seats will be reserved for candidates wishing to follow a military career.

The concessions and allowances granted by the Military authorities are as follows:—

- (i) Scholarship ... Rs. 20 per mensem.
- (ii) The selected candidates will live in the college hostel, and the boarding fees, etc., will be paid by the Military authorities.

Two special or Prize scholarships of Rs. 10 per mensem will be given annually in the 2nd, 3rd and 4th year, but will only be open to those Punjab Civil Students who do not hold any kind of scholarship or who only hold a scholarship less in value than Rs. 25 per mensem.

These scholarships will be tenable to residents of the Punjab only, exclusive of Punjab States.

If a suitable diplomate is available, he will be appointed as a research scholar for a period of two years. During this time he will receive pay on the scale sanctioned for the Civil Veterinary Department, Punjab, and will be put on the cadre of the Department.

Stipendiaries are ordinarily eligible for scholarships in addition, but Local Bodies may reduce the stipends granted to scholarship holders at their discretion.

Madras — Madras Veterinary College.

The College affords theoretical and practical instruction in subjects appertaining to the veterinary profession

with the object of training men for service under Government, municipalities, local boards and private employers.

Candidates are eligible for admission without distinction of caste or nationality. They must not be under eighteen years of age at the commencement of the term for which admission to the College is desired. In ordinary circumstances, no person over twenty-two years of age will be admitted as a free student. Students are admitted to the College by selection which will be made by a committee consisting of four members appointed by Government, and the Principal. Applications for admission should be made in writing in the prescribed form and they should be submitted so as to reach the Principal not later than the 24th June of each year and should be accompanied by certificates—

(a) of age

(b) of physical fitness and moral character, and

(c) that the applicant has passed the Matriculation Examination of an Indian University under the old regulations or that he has obtained 45 per cent of marks in English and 35 per cent in other subjects in the School Final Examination. In the case of Europeans, Anglo-Indians and Muhammadans a lower standard may be accepted at the discretion of the Selection Committee.

For the first year class, forty students will ordinarily be admitted every year. In order to induce young men with higher educational qualifications, six seats will be reserved for Science graduates and fourteen for Intermediates in Science, out of the forty seats available.

In the event of a candidate being selected, he will be served with a special notice informing him of the particu-

lar day and hour when and the place at which he should present himself for personal selection. Candidates when admitted will be considered to be on probation for the first two months of the course and may be removed if found to be not satisfactory.

The course of study for the diploma ordinarily extends over three years. The students of each year's course form a separate class. Promotion from one class to another is made with reference to the results of the annual examinations. Any student who fails in the annual examination for the first or second year class for two consecutive years and for the third year class for three years shall be dismissed.

Students who hold the diploma in Agriculture are not required to attend the first year's course of study, but are examined in the subjects of both the first and second year courses at the end of their year of attendance at the Veterinary College.

Students who have passed in Chemistry or Botany in B. A. Degree Examination need not attend the course or the examination in Chemistry or Botany, as the case may be, at the Veterinary College.

All students are required to undergo course of equitation. A student absenting himself without leave from a lecture or from a practical riding class is liable to be fined.

The tuition fee shall be free to all students who except an agreement binding themselves to serve Government for five years, if required after completing their course in the college satisfactorily. All others will be required to pay tuition fees in advance of each term at the rate of Rs. 400 per annum. A fee of Rs. 3 for the first term and Rs. 2

for the second term is also payable by each student, whether free or paying, to meet the cost of sports.

Scholarships at the rate of Rs. 15 per mensem will be granted to twenty students per annum.

Each year comprises two sessions one from July to December and the other from January to March.

A diploma as graduate in Veterinary Science is awarded to students who have gone through the full course of three years' study at the College and have passed the final examination.

The hostel attached to the college provides accommodation for 63 students. The rental per room varies from Rs. 1-1-0 to Rs. 1-13-0 a month.

Graduates of the college are eligible for appointment to the following posts in the Madras Provincial & Subordinate Veterinary Services. But Government in no way guarantee to find employment to the graduates whether stipend holders or other—

District Veterinary Officers or

Lecturers of the college on Rs. 250—25—550 (efficiency bar)—25—750 with 10 per cent of the cadre in the selection grade on Rs. 800—25—1,000

Assistant Lecturers of the college or

Veterinary Assistant Surgeons on Rs. 125—5—175 (selection grade) and Rs. 60—4—120.

All the above posts are pensionable. Veterinary graduates have in addition, fair prospects of employment as Municipal Cattle Inspectors and as Assistants in charge of veterinary dispensaries established by private proprietors and native States.

MISCELLANEOUS.

CAMBRIDGE EXAMINATION.

School Certificate Regulations together with the Regulations for the Junior Local Examination

The Examination begins on about, July 13, and December 7.

A list of Centres is given on page 512. A new list with that of Local Secretaries can be obtained from the General Secretary ; this list is revised every few months. Application for a new Centre should be made before 20 April for July and before 20 September for December.

FORMS OF ENTRY Applications for Forms of Entry should be made on or after March 20 or September 10 to the Local Secretary of the centre at which candidates desire to be examined. Each application must state whether forms are required for the Junior Local Examination [under 16 years of age (C) or over 16 (D)], or for the School Certificate Examination [under 18 years of age (E) or over 18 (F)], and also the number of each kind required. They should be referred to by letter (e. g. C) as above.

The forms must be returned to the Local Secretary (not to Syndicate Buildings) by May 12 (for July) or October 8 (for December), together with the University fee (£1. 15s od. for each School Certificate candidate and £1. 5s. for each Junior candidate), and also the local fee charged at the Centre. Late entries with an additional fee of 5s. each will be accepted, May 13-19 inclusive for July and

October 9-15 inclusive for December

The dates given above do not apply to Centres overseas, from which the forms of entry must reach Cambridge through the Local Secretary not later than March 31 or August 31. The Local Secretary will inform candidates by what date the forms must reach him in order to satisfy this condition. Late entries with an additional fee of 5s. each will be accepted, if they reach Cambridge not later than April 7 or September 7.

Entries should be completed as early as possible.

Fees cannot be returned. If notice of withdrawal is received by the Local Secretary more than 16 days before the Examination, a voucher will be sent, provided that the reason for withdrawal is accepted as sufficient by both the Local Secretary and the Syndicate. This voucher will entitle the student or (at an Approved School) another pupil of the School, to count towards a subsequent examination the University fee already paid.

Certificates

All certificates will be issued through the Local Secretaries; they will show marks of distinction and also the subjects in which the 'credit' mark ('pass' mark in the Junior Examination) has been reached.

Honours. The award of Honours depends partly on the aggregate total of a candidate's 'credit' marks ('pass' marks in the Junior Examination) and partly on the standard reached in individual subjects.

School Certificates. The certificates will be of two kinds. Certificate 'A' will be granted only to those who have

been in attendance for at least three years continuously at one or more Approved Schools and are still attending such a school at the time of taking the examination. Candidates for Certificate A will not be allowed to enter for the examination before the end of their first year at such a school, the certificate will be issued through the Principal of the School when the candidate has completed three school years from the time of entering an Approved School. The certificate will set forth the result of the examination, and will also contain a statement that the candidate has pursued for three years at an Approved School or Schools a course of study in specified groups of subjects.

Other successful candidates will receive Certificate B. This certificate will set forth the result of the examination, but will contain no information as to the course of study pursued at school.

The Board of Education will attest certificates gained at Centres in the United Kingdom.

Junior Examination. The certificate will shew only those subjects or parts of subjects in which the candidate has satisfied the Examiners.

School Certificate Examination

The School Certificate Examination is recognized by the Board of Education as an approved First Examination.

There is no age limit for candidates, but in July those born before 15 July 1913 and in December those born before 15 December 1913 will not be eligible for Honours or for marks of distinction.

To qualify for the Certificate candidates must at one and the same Examination.—

(a) pass in Groups I, II, III,

(b) reach a certain standard in each of five subjects, under (a) above

Two subjects from Group IV may be counted towards the Certificate.

No Certificate will be awarded to a candidate who, although satisfying the above individual requirements shews general weakness in the examination.

The Pass with Credit, which is higher than the minimum standard required for the Group, is the lowest standard recognized in a subject for exemption from University Matriculation examinations and for inclusion on the Certificate. The mark of distinction is awarded in each subject for work of a high standard.

No candidate may enter for papers in more than 8 subjects. Except in subjects 1 and 2, no candidate may without special permission take two papers set at the same time in the time-table.

Candidates may take (a) English Composition alone in Subject 1 (b) a single paper alone in Subject 12 or in Subject 13, (c) Book-keeping or Shorthand in Subject 21. Apart from these, no single paper may be taken in a subject comprising two or more papers, and no combination of papers within a subject may be taken which does not satisfy the stated requirements for that subject. It should be especially noted that English Composition and Arithmetic are not full subjects, do not count as 'credits,' and will not be mentioned on the Certificate.

School Record. Principals of Schools are invited to submit a statement in respect of candidates for Certificate A,

giving an estimate of their relative merits in each subject in which they are entered for examination. The statement is to be made on a form which will be sent to all approved School Centres in the United Kingdom, without application, at least a fortnight before the Examination; it must be returned by the first day of the Examination. Use will be made of this record in doubtful cases.

Junior Local Examination.

There is no age limit for candidates, but in July those born before 15 July 1915 and in December those born before 15 December 1915 will not be eligible for Honours or for marks of distinction.

Requirements for the Certificate.

To qualify for the Certificate candidates must, at one and the same examination, satisfy the requirements in groups I, II, III, passing either (a) in four of the twenty-two

numbered subjects or (b) in three of those subjects together with one half-subjects.

Candidates who satisfy Group II by means of English will be required under alternative (b) to pass in three subjects together with two half-subjects. No candidate may enter for papers in more than eight subjects, apart from Dictation and Arithmetic.

Papers accepted as half subjects

- (i) Certain papers in Group I (see heading to the Group).
- (ii) Papers satisfying (with Arithmetic) the requirement in Group III.
- (iii) Single papers of Subject 20 in Group IV.

Group I

To satisfy the requirement in Group I, candidates must reach a minimum standard in the English Composition paper and pass in one of the Subjects 1-4, they must also pass in the compulsory subject Writing from Dictation. N. B. Compensation for a failure in Dictation may be allowed when the candidate passes in any two papers of Subject 1 (English). In every such instance the mark actually gained in Dictation will be taken into account.

A single paper in English Literature or in Religious Knowledge, or a full pass in the two papers English Composition and English Grammer, will not satisfy the Group requirement but may count as a half subject if the candidate does not pass in the full subject.

Writing from Dictation (compulsory)

Group III

To satisfy the requirement in Group III, candidates must pass in the compulsory subject Arithmetic and in one of the Subjects 11-17. In lieu of a full subject, Theoretical Chemistry or a single paper in Mathematics or Physics will count towards this requirement. Practical Chemistry alone will satisfy no requirement. N.B. Compensation for a failure in Arithmetic may be allowed when the candidate passes in Subject 11 (Mathematics). In every such instance the mark actually gained in Arithmetic will be taken into account.

Arithmetic (compulsory).

11. Mathematics.	15. Botany.
12. Experimental Science	16. Natural History of Animals.
13. Chemistry.	17. Hygiene with Elementary Physiology.
14. Physics.	

Group IV.

Subjects of Group IV count as full subjects towards the Certificate, without restriction, provided that the requirements of the first three Groups are satisfied. In subject 20 only, a single paper may count as a half-subject.

- | | |
|-------------------------|---|
| 18. Drawing | 21 Handicraft (<i>not for Overseas</i>) |
| 19 Music. | |
| 20 Two of the following | 22 Needlework. |

Junior School Certificates

Candidates for the Junior Local Examination may also enter for Junior School Certificates, provided that they have attended for at least two years continuously up to the time of examination one or more Approved Schools. If they satisfy the respective requirements they will receive both a Junior School and a Junior Local Certificate. A payment of £1. 10s. covers the University fee for both Certificates.

Candidates are required to pass in Dictation and Arithmetic; English (including Composition), a second Language, and three subjects or parts of subjects selected from specified lists. Schools may submit to the Syndicate an alternative syllabus in any subject in place of that prescribed in the Regulations.

The full Regulations may be obtained on application to the General Secretary

(The Syndicate propose to discontinue, after 1931, the issue of these special Certificates, consequent on the

adoption of a Group system in the Junior Local Examination)

Students not candidates for full Certificates.

(a) Students who already hold a School or Junior Certificate and desire to pass in one more additional subjects may enter at a subsequent School Certificate or Junior Local Examination for less than the minimum number of subjects necessary for a Certificate. The names of such students will not appear in the Class Lists, but if they pass in any portion of the Junior Local Examination, or, in the School Certificate Examination, they obtain a Pass with Credit in any subject (or, having previously passed with credit in subject 12, in a portion of subject 13), they will receive Supplementary Certificates. The entrance fee in either case will be £1, provided that not more than six papers in all are taken. No candidate can be regarded as entering alternatively for an ordinary School Certificate or (in the event of failure) for a supplementary Certificate, and Supplementary Certificates will be awarded only to persons who have stated in their forms of entry that they are candidates for Supplementary Certificates only.

(b) Students who do not already hold a Certificate may enter for less than the minimum number of subjects necessary for School or Junior Certificate with the object of satisfying the requirements of a recognised Public Body. If they are successful, their names will not appear in the Class Lists and they will not receive formal certificates, but information will be furnished for the use of the Public Body concerned. Students entering under this paragraph must state full particulars in their forms of entry, and the ordinary fee for entrance must be paid.

The following changes will take effect in 1932:—

(a) *School Certificate Examination*

- (i) Religious Knowledge. One Prayer Book paper only will be set. It will consist of the following four sections, two of which are to be taken: (1) The Order for Morning and Evening Prayer, (2) The Litany, (3) The Office for Holy Communion, (4) The Offices for Baptism and Confirmation
- (ii) The scheme of papers in English Literature will be altered
- (iii) French. (a) One of the passages in paper I will be set as a comprehension test, candidates will be required to write in French answers to short questions in French on the sense of the passage, instead of translating it.
 (b) For the Distinction and 'good' standards a pass in the oral examination will be essential.
- (iv) The paper in Hygiene (for Overseas Centres only) will include questions of Elementary Physiology. Schedules can be obtained on application.

(b) *Junior Local Examination*.

- (i) The paper on Catechism and some selected portion of the Prayer Book will be discontinued.
- (ii) A paper on Mensuration and Surveying will normally be set for December only, but a paper will be set on application for July at a special fee.

Special Regulations for Indian Centres.

- (i) Candidates cannot be admitted at any centre without the permission of the Local Secretary.
- (ii) Candidates resident in a Province or Presidency in which there is a centre cannot be admitted at any centre elsewhere in India without the consent of the Local Secretary for their Province or Presidency.
- (iii) Candidates resident in a Province or Presidency in which there is not a centre may apply for admission to the Local Secretary of another Province or Presidency.

Applications for forms of entry must be made to the Local Secretary for the Centre of Examination selected; permission to enter for the Examination can in no case be obtained in Cambridge.

Each application must state whether Forms are required for candidates for the Preliminary Examination for Overseas Centres (A) which will be held in December only, or for the Junior Local [candidates under 16 (C) or over 16 (D)] or for the School Certificate Examination [candidates under 18 (E) or over 18 (F)], and also the number of each kind required. For the Higher School Certificate Examination (held in July only) form, G is required. The fee is £3

The Forms, duly filled up and signed, must be returned to the same Local Secretary. With them must be remitted the University fee (namely, Junior £1. 5s., Supplementary Certificate £1; School Certificate £1. 15s. od., Supplementary Certificate £1; Preliminary 15s.) and also the local fee charged by the Centre

All forms of entry for Centres in India must be in the hands of the Local Secretary in time for him to transmit them to Cambridge so that they may reach the General Secretary not later than March 31 or August 31. Information can be obtained from the Local Secretaries at the various Centres as to the date by which they must receive the forms, in order that this condition may be satisfied. Late entries accompanied by an additional fee of 5s for each entry will be accepted, provided they reach the General Secretary, through the Local Secretary, not later than April 7 or September 7. After these dates no further entries can be accepted.

Many Indian students go to England without having qualified in India for admission to Universities or institutions in the United Kingdom, and have to spend much useless time and money in preparing for the Entrance Examination of a University there before they can actually join for a University course.

It is therefore notified for general information that intending students should either graduate at an Indian University with necessary subjects or pass the *Cambridge School Certificate Examination* before proceeding to England. The latter examination was formerly known as the Cambridge Senior Local Examination, and can be taken at Lahore, in December each year, privately by students of the Punjab, Delhi, and Kashmir State. A pass in this examination with the necessary subjects exempts a candidate from the Entrance or admission examination of all the Universities in the United Kingdom.

The standard of this examination is about the Intermediate Examination of the Punjab University except in

England in which some higher knowledge is required. A reasonable choice of subjects is granted. A candidate wishing to secure a pass have to offer five subjects out of 27 subjects according to the agreements of groups i.e. one subjects from each of the first three groups, and two additional subjects from either these three groups or from the 4th group. In place of a European Language, Urdu, Hindi, Persian, Punjabi or Sanskrit can be taken. Provision for Practical Examinations in Chemistry, Physics, and Drawing also exists. An approval of the subjects taken should be obtained from the Secretary of Foreign Information Bureau, Lahore. Entry forms can be obtained on specifying whether age is above 18 years or under 18 years. Fees must reach this Bureau on or before the 1st of July. The Entrance fee is Rs. 26-4-0 plus a fee of Rs. 26. Extra fees must be paid for Physics and Chemistry. Rs 4 for Physics, and Rs. 6 for Chemistry. An additional fee of 5s. i.e., Rs 3-12-0 is charged for late entries, received within seven days of the due date. A special fee of Rs 4 is payable on account of Urdu or Hindi.

ECONOMICS AND SOCIOLOGY.

Bombay (Bombay University) :—School of Economics and Sociology.

The object of the School is to promote the study of the Indian Social and Economic Conditions and Institutions with reference to their effects on the social and economic life of the people by conducting research in Economics and Sociology.

The Sociology Department of the School was started in 1918 with the appointment of Professor Patrick Geddes as Professor of Sociology. The Economics Department was opened in 1921. At present the School prepares students for the M.A. degree Examination of the Bombay University both in papers and thesis, besides, other research workers are given facilities.

In order to encourage research workers, the University has instituted eight scholarships, each of the value of Rs. 50 per month, which are awarded on certain conditions to deserving candidates.

The Academic year begins in June and consists of two terms.

MEMBERSHIP OF THE SCHOOL.

(a) *For Graduates of Bombay University*

Those who have obtained the B.A. degree of the Bombay University are eligible for admission to the School on payment of the fees mentioned below.

(b) For Graduates of other Universities.

A graduate of another University seeking admission to this School shall apply to the Registrar, Bombay University, with a fee of Rs. 20 for a certificate of eligibility. On production of the said certificate he will be admitted as a student of the School. He will thereafter be required to pay the same fees as a graduate of this University.

(c) Post-graduate registration fee.

All candidates for post-graduate degree are required to register themselves as such at the office of the University Registrar on payment of a fee of Rs. 5.

(d) Term fees.

A fee of Rs. 40 per term is charged to students attending the School.

N. B. Casual Students—Those who are not qualified to be members of the School according to the conditions mentioned above may be admitted to the School as special cases. Applications from such candidates will be considered on their own merits.

**RULES FOR M.A. EXAMINATION BY PAPERS
AND THESIS.**

(a) Certificate of guidance.

All candidates for post-graduate degrees must work under a University Professor, a whole-time University Teacher, or a University Teacher. A certificate of guidance from a recognised teacher must accompany the candidate's application to appear at the M.A. Examination.

(b) *Examination fees.*

Candidates for the M.A. Examination must forward an application to the Registrar at least two months before the Examination along with a fee of Rs. 75.

(c) *Re-appearance at the Examination.*

Failure to pass the Examination will not disqualify the candidate from presenting himself at any subsequent M.A. Examination on a new application being forwarded and a fresh fee paid. On the same conditions a candidate who has already passed in one branch of the Examination may appear on a subsequent occasion in a different branch.

(d) *Special Conditions for examination by thesis*

Every research candidate shall submit, on or before the first Monday in February, along with his form of admission and examination fee of Rs. 75 a statement giving the title of the thesis and a synopsis of the same, sufficient to give a general idea of the contents of the thesis. The statement shall be accompanied by a declaration that the thesis will be the candidate's own *bona fide* production, and an account of the reading and research work he has done and is doing in connection with its preparation. The thesis itself should be submitted in triplicate on or before the first Monday in April. The declaration and statement shall be endorsed by the Professor of Sociology, History, Philosophy, or Economics in the University School of Economics and Sociology or in a first grade College affiliated to the University, under whose guidance the candidate has carried through his studies and researches. The Professor shall also state

whether he is of opinion that the thesis may be accepted and submitted to the examination. A thesis which is submitted under the joint names of the candidate and another worker will not be accepted.

If the said Professor certifies that he is of opinion that the thesis may be accepted, the Board of Studies shall submit the thesis to a referee or referees, who shall, after a *viva voce* test, if necessary, on the subject of his thesis to which the candidate shall be required to submit, report to the Registrar the number of marks he or they assign to the thesis out of a maximum of 300 marks. If the candidate gets less than 300 marks, he will be held to have failed in the Examination as a whole. If he gets 300 marks or more, he will be declared to have passed, or passed in the First or Second Class according as he gets 65 p.c. or 50 p.c. of the total marks obtainable.

RESEARCH WORK.

(a) *Guidance*

In accordance with the principal object of the School, the main work of the School is concerned with the encouragement and carrying out of research work in different problems relating to the economic and social conditions and institutions of India. In this connection research workers are given personal guidance by the Members of the Staff at all stages of their work. All methods of research work are encouraged.

A student may decide for himself the teacher under whom he proposes to carry on research. In point of fact as well as of principle, however, every teacher in

the School is equally accessible for consultation and advice to any student.

(b) Co-operation with other Institutions.

In order to get the best advantage of persons and institutions interested in similar problems, research students are put in touch with them as and when occasion arises ; the School has been quite successful in establishing such co-operation with expert individuals or special institutions. Research students of the School have easy access to the Library of the Bombay Branch of the Royal Asiatic Society located in the Town Hall. In addition to this, arrangements are made for student to consult books of reference in the Record Office and the Secretariat in Bombay, the Imperial Library at Calcutta, and other Institutions.

(c) Thesis and Publications

The theses approved for the M.A. degree in Economics and Sociology are preserved in the Library of the School, and are available for reference. The publication of all successful research work has not yet been possible ; some of the theses have been published, partly with financial assistance from the University. In view of the appointment of a University Publication Board it is expected that this defect will soon be remedied.

EXAMINATION BY PAPERS

(a) Subjects of Study

A candidate for the M.A. degree in "History" must choose any two of the following groups : (a) History, (b) History and Politics, (c) Economics and (d) Sociology.

ch group consists of four papers. Though provision for a full time institution to guide students in groups (a) and (b) has not yet been made, inter-collegiate lectures are arranged in Bombay by the University to help students in the preparation for examination in these groups

(b) Lectures and Instruction.

Lectures are delivered in the School to cover the M.A. courses in groups (c) and (d) mentioned above. Besides fulfilling all the requirements for the examination, the lectures cover a wide field so as to create interest among students for further work in the subjects.

OTHER FACILITIES.

(a) M.A. Courses Philosophy and " Indian Culture."

Candidates preparing for the M.A. degree in Philosophy and Indian Culture will get facilities from the lectures and instruction given in this School.

Candidates for the M.A. degree in Philosophy who take Sociology as their optional group will get complete instruction in this group from the lectures and instruction provided in the Sociology Department of the School.

The Sociology course covers a considerable portion of the syllabus in Indian Culture, and would be useful to the candidates for the M.A. degree in this subject.

(b) Lectures on Statistics.

A short course of lectures on Statistics and their use in economic and social studies is given every alternate year. This course is designed to create interest in

research work of a statistical nature. At the same time it illustrates problems, and is thus useful also to students appearing for the examination by papers.

(c) *Public Lectures.*

The School arranges from time to time series of public lectures on different subjects, either by eminent people from outside, or by Members of the Staff. Such lectures are open to the public.

(d) *Tours.*

With a view to create interest in first hand investigation, special tours are occasionally organised, such as visit to the cotton mills and the chawls of working classes. In 1927 one of the Members of the Staff visited the flood-sticken areas of Gujarat with a band of students, with a view to study the social and economic changes brought about by such a disaster.

INSTITUTION OF NEW RESEARCH DEGREES.

Research work in Arts is of recent growth in this University ; and when this School was started, there was no provision in the regulations for the recognition of research work by a separate degree or degrees. The highest degree was that of the Master of Arts awarded on the results of examinations in eight papers in different subjects. At an earlier stage, these were accepted in lieu of four papers for the M.A. Examination and this is still the rule in some subjects. In History, Economics and Sociology, these are allowed in lieu of all the eight papers since 1927. In view of this, marks have to be assigned to theses and an unnatural compa

rison between thesis candidates and paper candidates takes place.

The time has now arrived when research work should be put on a different footing, and be properly recognised. In this connection, proposals have been made by the School, and are under consideration by the University authorities for the institution of one or more research degrees. It is expected than an early decision will be arrived at on these proposals.

LIBRARY SCIENCE.

Training in Library Science is given at the following places in India —

(a) Lahore:—Punjab University Library.

A course of seven months beginning from the 1st of October on alternate years is held in the Punjab University Library. Lectures in Library Science both theoretical and practical are given by the Librarian of the Punjab University Library.

Applications are invited in the beginning of the June of the year the class is to be held. About 20 students are admitted. Some seats are reserved for those who are untrained and are already working in Libraries. Only graduates are admitted to this class.

The students have to take up either French or German language compulsorily. Lectures in the language are delivered by the University professors.

The admission fee for the Library Training class is Rs. 5 and the tuition fee for the Course is Rs. 5 p. m. The fee for the Language class is Rs. 4 p. m.

Students are granted Diplomas on the successful completion of the course.

(b) Madras.—**Madras Library Association Summer School.**

The Librarian of Madras University Library is giving Library Training and is having Library lectures in his Library

The Course is of three months beginning with April and ending with June.

Preference is given to graduates in admission. The fee for the whole Course is Rs. 20.

OXFORD LOCAL EXAMINATION.

(Recognised by the Board of Education as an approved First Examination)

The Examination is held in March, July, and December

Candidates are admitted without limit of age, but no Candidate is eligible for Honours or Distinction whose eighteenth birthday falls before the first day of the month in which he (or she) is examined

The Subjects are arranged in four Groups, viz.—

Group I (English Subjects) consisting of Subject, I-III.

Group II (Languages) consisting of Subjects IV-X.

Group III (Science and Mathematics) consisting of Subjects XI-XXL

Group IV (Other Subjects) consisting of Subject, XXII XXX

Maximum number of subjects.—No one may enter for more than eight of the Subjects I-XXX. A Subject in which a single Paper is offered counts as one of the eight permitted.

Conditions for a School Certificate.

Every Candidate for a School Certificate must offer Subject I (English) and at least four other Subjects.

To gain a School Certificate a Candidate must, at one and the same Examination, reach

- (i) a certain minimum standard in each of the Groups I, II, III, and also
- (ii) a sufficient standard in the Examination as a whole

To satisfy these conditions, a Candidate's work must reach a certain minimum standard in each of five Subjects and must be definitely above the minimum standard in the five Subjects taken together

If only three of the five Subjects are within Groups I, II, and III, the Candidate must also reach the required standard

either in two of the Subjects, Music, Handicraft, Economics, Housecraft, Needlework, Drawing
or in one of these together with Bookkeeping and Shorthand

Slight deficiency in one of the Groups I, II, III may be compensated by substantial work in another of these Groups or in Group IV.

Handwriting, spelling, punctuation, and composition will be taken into account throughout the Examination.

Only those Subjects in which a successful Candidate passes with credit will be endorsed on the Certificate.

School Certificates

School Certificates are of two kinds, A and B. Certificate A will testify that the holder has passed the Examination and has attended for three years continuously at one or more approved Secondary Schools, the three years to include the Term in which the Examination is taken, and will also record his course of study at School.

Certificate B will contain no reference to the place of education or course of study and will be awarded to successful Candidates who have not attended an approved School or who leave without completing three years' attendance.

No Certificate A will be issued until the Candidate has reached the age of sixteen, and has been in attendance at approved Schools for the required period. (If a Certificate is withheld at the normal time of distribution, application should be made through the Head of the Candidate's School as soon as he is qualified to receive it.) No Candidate can qualify for certificate A on the result of an Examination taken before the completion of one year's attendance at an approved School.

Applications for Certificate A must be made to the Delegates by the Head of the School on form prescribed before March 1, or July 1, or December 1, as the case may be.

Special Candidates

Candidates may enter without complying with requirements (*above*) for a School Certificate. Their names will not appear in any Division List, but to those who already hold a School Certificate, Supplementary Certificates will be issued showing the Subjects in which they have passed with credit and the Subjects in which they have obtained Distinction. In behalf of a Candidate who does not hold a School Certificate a special form of Certificate will be sent to any Public Body willing to accept it, but no Certificate of any kind will be issued to the Candidate.

Special Candidates who wish to enter for not more than five Papers should enter on a Special Entry Form

(for which early application to a Local Secretary is very necessary) at a reduced fee (£1). All other Special Candidates must use the ordinary Entry Form and pay the full fee.

Group I (English Subjects)

No Candidate will pass in the Group whose answers do not reach a satisfactory standard in spelling, punctuation and composition.

APPENDIX.

Grant of Certificate for Auditors of Companies.

In exercise of the powers conferred by section 144 (2) of the Indian Companies Act, VII of 1913, and in supersession of Punjab Government notification No. 17914 (C & I), dated 1st August 1919, the Governor in Council is pleased to prescribe the following rules for the grant of certificate entitling the holders thereof to act as auditors of companies :—

RULES.

1. These rules do not apply to members of institutions or associations who have been declared by the Governor-General in Council by notification in the *Gazette of India* published under the proviso to section 144 of the Indian Companies Act, VII of 1913, as entitled to be appointed and act as auditors of companies throughout British India. Members of such institutions or associations are not required to obtain a certificate in order to have a place of business in the Punjab.

2. The local Government will grant unrestricted certificates entitling the holders thereof to be auditors of companies to those persons only who have obtained the Government Diploma in Accountancy awarded by the Government of Bombay.

3. The holders of such certificates will be entitled to act as auditors of companies throughout British India and to have a place of business in the Province of the Punjab. If, however, they desire, at any time to have a place of business in some other province they shall obtain a certificate from the Government of that Province as well.

4. The local Government may at its discretion grant to present holders, both of temporary restricted and temporary unrestricted certificates, new restricted certificates for such periods and subject to such restrictions as it may determine in any case. Holders of such certificates shall be entitled to conduct audits in this Province only.

5. In exceptional cases the local Government may give a person, who under the rules is ineligible for auditing the accounts of Joint Stock Companies, permission to audit the accounts of any specified company for any specified financial year, but such cases shall be reported to the Government of India.

6. Holders of unrestricted certificates, either already granted or to be granted by virtue of the diploma specified in Rule 2, will be eligible for auditing the accounts of any company, subject in the case of those already granted by the local Government to such restrictions as may be stated in their certificates.

The local Government may at any time cancel any certificate for reasons which it deems sufficient.

7. Applications for the grant of certificates should be forwarded to the local Government through the Registrar, joint Stock Companies, with a copy of the Diploma awarded by the Government of Bombay. Applicants may also be called upon to supply any further information required by Government prior to the grant of a certificate. Applicants should also state in their applications whether they have applied to any other Government for a certificate, and if so, with what result.

8. No fee will be charged for certificates issued under these rules.

Lahore:—Hailey College of Commerce.
